Going Back to School with District Worker'S Compensation and Employee Safety Programs Diane K. Schweitzer PhD RN CSRM, 2013-09-07 When school administrators think of school safety they frequently think of student safety and security School district administrators need also to be concerned about the safety of all adult workers including certified and classified employees e g administrators teachers secretaries custodians foodservice workers nurses administrators bus drivers maintenance personnel and others Losses from injuries to employees result in disruption of the educational process lost days from work increased insurance premiums and consequent loss of funding for core educational initiatives Injuries can diminish in frequency and severity or be avoided almost entirely if administrators implement health and safety systems The cost of providing medical care to injured employees establishes baseline data on which worker compensation premiums are assessed Administrators could reinvest costs saved in workers compensation insurance premiums into educational programs for the direct benefit of students A comprehensive safety system that confirms administration commitment to a safe working environment assures management commitment as a legal and ethical responsibility promotes employee involvement pinpoints and eliminates potential hazards and encourages employees to prevent potential harm to other employees teaching staff and students This text focuses on developing a successful workers compensation program and safety system for school district employees The models and strategies may be adapted for use in school districts for reducing school injuries School district administrators are frequently forced to do more with less funding particularly considering the requirement to implement many unfunded mandates from state and federal governments Dollars saved from improved worker safety and reduction of insurance premiums may directly benefit educational initiatives in

school districts Primarily the funds for educating students may originate from saved workers compensation dollars 313 Ways to Slash Your Business Overheads Gary Long,2003 313 Ways to Slash Your Business Overheads is a comprehensive tool kit of cost cutting ideas and strategies for every working day of the year For many small businesses keeping costs down is a constant challenge When competition is high and sales are low the challenge becomes an urgent necessity 313 Ways to Slash Your Business Overheads provides small business decision makers with practical ideas for reducing operating expenses and consequently increasing profits Accessible and easy to follow the book features clearly written case studies and practical examples to allow for more problem free understanding and implementation Bulleted cost saving strategies and eye catching tip boxes increase the usability of the book which covers areas including managing expenses purchasing staffing inventory and stock control telecommunications technology and more **Personnel Literature** ,1993 Workers' Comp for Employers James Walsh,1994 Aimed at owners and managers of small businesses this book remains the best known title to help employers deal with the worker comp issue It shows how to prevent workers comp problems from happening in the first place detect fraud and abuse get injured workers back on the job and keep crooked lawyers and doctors at bay Monthly Labor Review United States.
