Slave Ghost Stories:

Slave Ghost Stories Nancy Rhyne, 2002 A compilation of stories borrowed from former slaves of North Carolina South Carolina and Georgia These tales were gathered by the WPA in the years 1935 1939 The slaves were asked questions about their family history and the widespread belief in spirits of various sorts According to these stories the five main creatures that walked the night were hags hants boo daddies plat eyes and ghosts All had separate characteristics Hags disguised themselves as regular people but at midnight they would shed their skin and torment their enemies draining them of their energy Hants lived in trees and would torture their victims day and night Boo daddies were reincarnations of witch doctors Plat eyes could take the form of an animal sometimes changing from one animal to another Ghosts were seen coming out of graveyards at night This book relates the stories of these spirits based upon eyewitness accounts of former slaves

Haunted Plantations Geordie Buxton, 2007 A shackled West African tribe drags themselves off a slave ship while singing drowning in a Georgia creek to avoid being sold Mysterious letters from a long ruined church near Mepkin Abbey solicit a man to join faith A French teacher disappears from a school after marking final exams in blood An Egyptian mummy triggers a heart attack in a city museum These stories and more are wrenched from the gravest parts of America's past real lives of people on plantations from Savannah and the coast of the Carolinas Most deal with the hub of the East Coast slave trade Charleston South Carolina All are richly illustrated with both historic and contemporary images Dwelling in the affairs of plantation life is to tread the fires of emotionally raw history Sifting through the folklore and legends the old hushed embers of the south ignite once again in this collection While these stories relate encounters with the supernatural readers will find that what actually happened here doesn't always need a ghost to be disquieting Tales from the Haunted South Tiya Miles, 2015-08-12 In this book Tiya Miles explores the popular yet troubling phenomenon of ghost tours frequently promoted and experienced at plantations urban manor homes and cemeteries throughout the South As a staple of the tours guides entertain paying customers by routinely relying on stories of enslaved black specters But who are these ghosts Examining popular sites and stories from these tours Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain Dark tourism often highlights the most sensationalist and macabre aspects of slavery from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices Because the realities of slavery are largely absent from these tours Miles reveals how they continue to feed problematic Old South narratives and erase the hard truths of the Civil War era In an incisive and engaging work Miles uses these troubling cases to shine light on how we feel about the Civil War and race and how the ghosts of the past are still with us **Ghost Stories from the American South** W. K. McNeil, 1985 Collects Southern legends and folk tales about haunted houses supernatural events and the appearances of ghosts The Unchained: Powerful Life Stories of Former Slaves Frederick Douglass, Harriet Jacobs, Solomon

 Ghost Story in America Sean Ferrier-Watson,2017-04-25 Ghost stories have played a prominent role in childhood Circulated
 around playgrounds and whispered in slumber parties their history in American literature is little known and seldom
 discussed by scholars This book explores the fascinating origins and development of these tales focusing on the social and
 historical factors that shaped them and gave birth to the genre Ghost stories have existed for centuries but have been
 published specifically for children for only about 200 years Early on supernatural ghost stories were rare authors and
 publishers fearing they might adversely affect young minds presented stories in which the ghost was always revealed as a
 fraud These tales dominated children s publishing in the 19th century but the 20th century saw a change in perspective and
 the supernatural ghost story flourished The Big Book of Illinois Ghost Stories Troy Taylor,2019-07-17 Hauntings lurk and

 America s Horror Stories U S History through Dark Tourism conducts a ghost tour ist methodology to explore how slavery
 and racism are represented in dark tourism via ghost tours The authors travel to key sites of racist U S history including

Salem Massachusetts where a witch panic was sparked by accusations of witchcraft by Tituba an enslaved woman practicing Voodoo New Orleans Louisiana which hosts the largest slave trade market the Myrtles Plantation in Francisville Louisiana and to Gettysburg Pennsylvania where the bloodiest battle of the Civil War took place marking a pivotal moment to end slavery in the nation but where Confederate ghosts are said to continue roaming the town and battlefield Acting as research ghost hunters tourists the authors go on walking and bus tours visit historical monuments stay at haunted hotels ponder objects in haunted museums and do some ghost hunting of their own They find that the ghosts conjured by tour guides ghosts of confederate soldiers American citizens and enslaved people tend to whitewash sensationalize and commercialize the horrors of U S history including slavery racism and colonialism They do not discount dark tourism entirely but recommend a ghost tourist pedagogy that critically considers social issues and structural forms of inequality that haunt us today America's Horror Stories will be of great interest to students and scholars researching and taking part in critical criminology and cultural criminology courses specifically on crime media and culture

Long Past Slavery Catherine A. Stewart,2016-02-05 From 1936 to 1939 the New Deal s Federal Writers Project collected life stories from more than 2 300 former African American slaves These narratives are now widely used as a source to understand the lived experience of those who made the transition from slavery to freedom But in this examination of the project and its legacy Catherine A Stewart shows it was the product of competing visions of the past as ex slaves memories of bondage emancipation and life as freedpeople were used to craft arguments for and against full inclusion of African Americans in society Stewart demonstrates how project administrators such as the folklorist John Lomax white and black interviewers including Zora Neale Hurston and the ex slaves themselves fought to shape understandings of black identity She reveals that some influential project employees were also members of the United Daughters of the Confederacy intent on memorializing the Old South Stewart places ex slaves at the center of debates over black citizenship to illuminate African Americans struggle to redefine their past as well as their future in the face of formidable opposition By shedding new light on a critically important episode in the history of race remembrance and the legacy of slavery in the United States Stewart compels readers to rethink a prominent archive used to construct that history
