Slavery In The Twentieth Century The Evolution Of A Global Problem:

Slavery in the Twentieth Century Suzanne Miers, 2003-05-28 Well known Africanist Suzanne Miers places modern slavery in its historical context tracing the phenomenal development of the international anti slavery movement over the last hundred years She demonstrates how the problems of eradication seem greater and more intractable today than they had ever been with the expansion of slaving to include forced labor prostitution and the exploitation of children Her book will be a valuable resource for readers interested in world history slavery human rights race and ethnic studies labor and the world economy and international relations *Slavery in the Twentieth Century* Suzanne Miers, 2003 Miers has written extensively about the slave trade of days past Here she looks at the period from 1919 to 2000 during which she says the definition of slavery was stretched to cover so many practices that the term became almost meaningless many of those practices were generally condemned internationally and contemporary forms of slavery became more widespread and pernicious She highlights both the campaign against the abuses by non government organizations and the efforts by governments to avoid action and evade criticism Slavery in the Twentieth Century Suzanne Miers, 2003 Modern slavery is placed in its historical context tracing the development of the international anti slavery movement over the last hundred years with demonstrations on how the problems of eradication seem greater and more intractable today than they had ever been

Colonialism, 1945-1962 José Pedro Monteiro, 2022-11-22 This volume addresses the ways the native labour question in the Portuguese late colonial empire in Africa became a recurrent topic of international and transnational debate and regulation after the Second World War. As other European colonial empires were tentatively transforming their labour and social policies in the aftermath of the war, the Portuguese Empire in Africa resisted significant changes in this domain, preserving a strict dual labour regime. As a result, a growing number of individuals, networks and institutions abroad engaged with labour and social realities in Portuguese African colonies, giving origin to a series of instances of denunciation of labour related abuses. Portuguese authorities responded to these initiatives by selectively engaging with international norms, languages and mechanisms. However, as global decolonisation gained momentum, international and transnational events and processes would significantly constrain Portuguese imperial and colonial decision making procedures, with the aim of retaining the empire. Therefore, the native labour question became in its own right a crucial political and diplomatic element of the broader struggles over the meaning of Portuguese imperial legitimacy. As this volume argues, these historical processes are critical to properly understanding the history of Portuguese late colonialism and its protracted trajectory of decolonisation. **The Law and Slavery** Jean Allain, 2015-05-19 The Law and Slavery sets out the articles, book reviews and case notes by Professor Jean Allain, which led to pioneering exploration of forced labour, servitudes, slavery, the slave trade and trafficking in his 2013 *Slavery in International Law: Of Human Exploitation and Trafficking* (MNP). This collection brings together Professor Allain's considerations of the evolution of legal abolition internationally, his critique of the then status quo in the area of slavery and the law, and goes on to develop the foundations of a legal understanding of various servitudes and slavery based on his archival research and legal analysis. Professor Allain's research has transformed the landscape of how we understand contemporary slavery and those other servitudes which constitute human exploitation. *Slavery and Manumission* Jerzy Zdanowski, 2013 I am a free born woman and not a slave of anyone. Manuy bint Khalfan. Speaking to a British Agency in Sharjah on 24th October 1938. Manuy bint Khalfan was a female slave who was sold and mortgaged several times before she finally escaped from her master. *Reparations to Africa* Rhoda E. Howard-Hassmann, 2011-02-09 Given the long history of European and American mistreatment of Africa, what is the just measure of Western obligations to the peoples of this continent? The author analyzes the arguments for reparations from multiple disciplinary perspectives and suggests alternative means to restorative justice. *Modern Slavery* Christina G. Responses to International Law Kendall Stiles, 2014-09-19 Do countries keep their promises to the international community When they sign treaties or learn about new expectations do they take them seriously and implement them Since we already know intuitively that not all countries do the next question and the topic of this book is who complies By considering a wide range of different rules each precise enough to allow one to measure state compliance and a variety of methods we hope to answer this question once and for all Including a systematic analysis of 8 different countries selected for the variety of regime type international engagement and economic development they represent the work caps a five year research program and represents the culmination of twenty years worth of work in the disciplines of international relations and international law on legalization and compliance Stiles highlights the importance of systematic study of compliance in order to move further towards solving truly global issues such as terrorism human trafficking air pollution and collective goods provision With international laws generally designed to improve the human condition and current levels of compliance inconsistent at best it is vital to gain a better understanding of who complies and why This detailed study will be of interest to students of Politics International Law and International Relations
