Columbia Guide to the Literatures of Eastern Europe Since 1945 Harold B. Segel, 2003 The Iron Curtain concealed
from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the
shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria
and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes
when examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context
a listing of some 700 authors by country and an A to Z section of articles on the most influential writers Only the Nails
Remain Christopher Merrill, 2001-10-23 Chronicles Merrill's ten war time journeys to the Balkans from the years 1992
through 1996 At once a travelogue a book of war reportage and a biography of the imagination under siege this personal
narrative takes the reader along on the author's journeys to all the provinces and republics of the former Yugoslavia Bosnia
Herzegovina Croatia Kosovo Macedonia Montenegro Serbia Slovenia and Vojvodina as well as to Albania Austria Bulgaria
Greece Hungary Italy and Turkey Merrill's journeys provide the narrative structure for an exploration of the roles and
responsibility of intellectuals caught up in a decisive historical moment many of whom either helped to incite the war or else
bore eloquent witness to its carnage He offers a literary meditation on war a portrait of the poetry politics and the people of
the Balkans that will provide insight into the past present and future of those war torn lands Adapted from publisher

Cultural History of Serbia David A. Norris, 2024-03-05 This volume focuses on Serbia's need to manage change while
preserving community identities a narrative that avoids the common depiction of Serbian culture as a hostile struggle
between modernizers supporting foreign models and traditionalists advocating forms of national cultural patrimony
Traditions only function if they are allowed to bend to the necessary modifications demanded by a community's changing
historical circumstances Tradition and change are two sides of the same coin which Serbia in its many different incarnations
has experienced over the centuries protecting its national heritage while borrowing and adapting intellectual and other
trends from Byzantine Ottoman and Western sources Outside influences have been imposed as a direct result of foreign rule
or through more friendly channels of communication leading to a complex relationship between autochthonous and alien
elements in Serbian society and culture This book argues that the division between the national and international
frameworks has often been a false dichotomy with outside features embedded in domestic symbolic capital and Serbian
culture simultaneously determined on local national regional and global levels David A Norris's approach offers a new
perspective to students academics and general readers interested in the history of Serbia's participation in the broad
networks of cultural exchange Bannockburns Robert Crawford, 2014-01-14 Poet and critic Robert Crawford explores in

eloquent detail the literary cultural background to Scottish nationalism in the lead up to the referendum on independence for Scotland from the United Kingdom in September 2014 He begins with the totemic Battle of Bannockburn in 1314 in which the Scots routed the English and preserved their independence until the two nations parliaments united in 1707 Paying particular attention to Robert Burns and continuing up to the present day he examines how writers have set out in poetry fiction plays and on film the ideal of Scottish independence Publication coincides with the 700 year anniversary of the Battle of Bannockburn Bibliography of Sources on the Region of Former Yugoslavia Volume III Rusko Matuli?,1998 **Serbian**

Poetry from the Beginnings to the Present Milne Holton,Vasa D. Mihailovich,1988 **World Authors, 1980-1985** Vineta Colby,1991 Biographical critical sketches of 320 contemporary writers who have come to prominence among readers of English in the early 1980s Although most of the authors profiled are imaginative writers sketches of biographers scientists historians philosophers and critics who have made significant contributions to literature are included as well Each sketch combines the important details of the subject s life and career with a fair representation of critical commentary Nearly one third of the authors profiled have included autobiographical passages to supplement their sketches Most biographies are accompanied by a portrait all include a bibliography of works by and about the subject Annotation copyrighted by Book News Inc Portland OR Forthcoming Books Rose Army,1989-05 *Prairie Schooner* Lowry Charles Wimberly,1987 *Irish Slavonic Studies* ,1986 *South Slavic Writers Since World War II* Vasa D. Mihailovich,1997 An eclectic view of the book and manuscript collecting and bibliographical activity during nineteenth century Britain is presented Subjects range from the wealthy bibliographically knowledgeable members of the aristocrats to others who impoverished themselves and their families in their obsession Discusses how these collections were instrumental in the advocacy of the public library movement

Der Krieg in den Gründungsmythen europäischer Nationen und der USA Nikolaus Buschmann,Dieter Langewiesche,2003 *Yugoslavia* John Joseph Horton,1990 *The Patriots' Revolution* Mark Frankland,1993-09 Beginning in apparently controlled fashion in Hungary in 1989 the retreat of communism picked up speed that summer when Poles won an overwhelming victory over their pro Soviet rulers in free elections East Germany and Czechoslovakia achieved freedom in the fall with less violence than anyone believed possible Only Romania at the end of the year witnessed a savage battle and the hurried execution of the worst of the eastern European dictators Nicolae Ceausescu In *The Patriots Revolution* Mark Frankland who reported on these dramatic events for the London Observer describes how the once powerful communist system crumbled with little or no resistance in the face of demonstrators armed only with candles and slogans of protest Drawing on more than thirty years experience in Eastern Europe Mr Frankland re creates what communism meant for Eastern Europeans and thus reveals the reasons for its breathtakingly rapid disappearance Evoking the mood and preoccupations of these countries in the year of revolution his colorful book allows the reader to relive one of the most extraordinary episodes in the history of the 20th century and provides the background for a better understanding of the new

Eastern Europe *The Battle of Kosovo* John Matthias, Vladeta Vuckovic, 1987 **The Battle of Kosovo**, 1987 Presents a translation of a cycle of heroic ballads considered the finest work of Serbian folk poetry Commemorating the Serbian Empire's defeat at the hands of the Turks in the late 14th century these poems and fragments have been known for centuries in Eastern Europe First published in 1987 this translation is now reprinted because of its intrinsic merits and because the recent crisis in Kosovo compels the world to understand the nature of the ancient conflicts and passions that fuel it This reprint includes a new afterword explaining the importance of this poetry in the context of NATO's first military action against a sovereign nation The translators are professors of English and mathematics at the University of Notre Dame
