Choreography Invisible Anna Pakes, 2020 Dance is often considered an ephemeral art one that disappears nearly as soon as it materializes leaving no physical object behind While most cultural

works are tangible like books in print and framed artworks on display the practice of dance remains more elusive Dance involves people trying to embody some abstract unwritten thing that exists before and survives beyond their particular acts of dancing But what exactly is that thing For that matter what is a dance And do dances continue to exist when not performed Anna Pakes seeks to answer these questions and more in this exciting new volume which investigates what sort of thing dance really is Focusing on Western theater dance Choreography Invisible The Disappearing Work of Dance explores the metaphysics of dance and choreographic works The volume traces the different ways dances have been conceptualized across time through such lenses as the cultural theory of Derrida the philosophy of Rancière and Baudouin and contemporary dance theory It examines how dances have survived through time and what it means for a dance work to be forgotten and lost In her exploration of the amorphous and fleeting nature of dance as a cultural object Pakes ultimately transforms the way we understand the very nature of art
