The Election of Ideologies Marie Stacey, 2008-10

With Barack Obama chosen as the new President Elect, it is very important to become informed on the ideologies, mindsets, and beliefs that will guide Obama's Presidency and dominate his principles. My book explains information about the United States Government relevant to United States Citizens. I am an American and wish to uphold the ideals of freedom within the walls of the United States of America. Those values are very important to protect and uphold. True Conservatism is in revival mode in the United States right now, and I am one of many trying to resuscitate it. Conservatism is a unique and interesting branch of philosophy based on ideological preferences for the world, for government, and for society. While Conservatism is still a major contender in the political climate of any election in America, Conservatism needs a revival from the current constraints put on it by the Republican Party. I promote Conservatism of Capitalism, Freedom, Liberty, the Constitution, and the Declaration of Independence. This book is written from that perspective and encompasses a viewpoint not generally portrayed on Television or in the mainstream. Americans in the wake of an Obama Presidency should yearn for more knowledge on the man that will guide our country for the next four years. Only with knowledge can we pursue goals. Everyone knows this. I bring facts into this book that have been discussed in very few other media outlets. The coverup

going on only begins with Obama it also encompasses the Democratic Congress who has failed to impose any substantial helpful legislation
