mementos     **The Internet for Genealogists** Barbara Renick, Richard Scott Wilson, 1998 Understanding the internet getting online and internet resources for genealogists     **The Best of Reclaiming Kin: Helpful Tips On Researching Your Roots** Robyn Smith, 2015 This book is a compilation of blog posts from my popular genealogy blog Reclaiming Kin My blog is primarily a teaching blog and I aim to use my own research as a tool to discuss how to evaluate evidence and how to use the records I discuss family history research in a fun and engaging way with a special emphasis on African American families and the challenges of slave research     **The Family Tree Guide to DNA Testing and Genetic Genealogy** Blaine Bettinger, 2019-08-13 Unlock the family secrets in your DNA Discover the answers to your family history mysteries using the most cutting edge tool available This plain English guide newly updated and expanded to include the latest DNA developments will teach you what DNA tests are available the pros and cons of the major testing companies and how to choose the right test to answer your specific genealogy questions And once you've taken a DNA test this guide will help you use your often overwhelming results with tips for understanding ethnicity estimates navigating suggested cousin matches and using third party tools like GEDmatch to further analyze your data The book features Colorful diagrams and expert definitions that explain key DNA terms and concepts such as haplogroups and DNA inheritance patterns Detailed guides to each of the major kinds of DNA tests and tips for selecting the DNA test that can best help you solve your family mysteries with case studies showing how each can be useful Information about third party tools you can use to more thoroughly analyze your test results once you've received them Test comparison guides and research forms to help you select the most appropriate DNA test and organize your results Insights into how adoptees and others who know little about their ancestry can benefit from DNA testing Whether you've just heard of DNA testing or you've tested at all three major companies this guide will give you the tools you need to unpuzzle your DNA and discover what it can tell you about your family tree     **Lay Them to Rest** Laurah Norton, 2023-10-17 Take a fascinating deep dive into the dark world of forensic science as experts team up to solve the identity of an unknown woman by exploring the rapidly evolving techniques being used to break the most notorious cold cases Fans of true crime shows like CSI NCIS Criminal Minds and Law and Order know that when it comes to getting the bad guy behind bars your best chance of success boils down to the strength of your evidence and the forensic science used to obtain it Beyond the silver screen forensic science has been used for decades to help solve even the most tough to crack cases In 2018 the accused Golden State Killer Joseph DeAngelo was finally apprehended after a decades long investigation thanks to a very recent technique called forensic genealogy which has since led to the closure of hundreds of cold cases bringing long awaited justice to victims and families alike But when it comes to solving these incredibly difficult cases forensic genealogy is just the tip of the iceberg and many readers have no idea just how far down that iceberg goes For Laurah Norton forensic science was always more of a passion than anything else But after learning about a mishandled 1990s cold case involving missing twins she was spurred to action eventually creating a massively popular podcast and building a

platform that helped bring widespread attention and resources to the case LAY THEM TO REST builds on Laura's fascination with these investigations introducing readers to the history and evolution of forensic science from the death masks used in Ancient Rome to the 3 D facial reconstruction technology used today Incorporating the stories of real life John Jane Does from around the world Laura also examines how changing identification methods have helped solve the most iconic cold cases Along the way readers will also get to see Laura solve a case in real time with forensic anthropologist Dr Amy Michael as they try to determine the identity of Ina Jane Doe a woman whose head was found in a brush in an Illinois park in 1993 More than just a chronicle of the history of forensics LAY THEM TO REST is also a celebration of the growing field of experts forensic artists and anthropologists many of whom Laura talks to in the book who work tirelessly to bring closure to these unsolved cases And of course this book asks why some cases go unsolved highlighting the missing missing the sex workers undocumented the cases that so desperately need our attention but so rarely get it Engrossing informative heartbreaking and hopeful LAY THEM TO REST is a deep dive into the world of forensic science showing readers how far we've come in cracking cases and catching killers and illuminating just how far we have yet to go
