The story of the Eagles is also the story of most artists of their time the drugs the music the excesses and the piles of cash But the Eagles took it to the limit And in Don Henley and Glenn Frey they had two songwriters who intuitively understood and accurately portrayed the changing America they lived in They perfected the California sound shifted power from record company to artist and pioneered album oriented rock Eagles songs of the period are as memorable as any ever written and their most popular album Hotel California became a timeless record of 70s decadence In The Eagles FAQ music critic Andrew Vaughan brings an insider s view into the various chapters of the group s fascinating history He shows how they blended the best folk rock and country sounds of the 60s into a worldwide soundtrack of the 70s while challenging the industry status quo with a new business model The story of their rise fall and rebirth is all here their mega selling smashes their tensions and breakups the band members solo work and their triumphant reunion and continued place at the top of the rock and roll tree

The Guitar & Rock Equipment Nick Freeth,2002 A comprehensive reference providing an introduction to the guitar its development and greatest exponents It contains descriptions and photographs of guitars amps and electronics used by rock players There is also a step by step guide to basic guitar technique

Beggars Banquet and the Rolling Stones' Rock and Roll Revolution Russell Reising,2019-12-06 The Rolling Stones Beggars Banquet is one of the seminal albums in rock history Arguably it not only marks the advent of the mature sound of the Rolling Stones but lays out a new blueprint for an approach to blues based rock music that would endure for several decades From its title to the dark themes that pervade some of its songs Beggars Banquet reflected and helped define a moment marked by violence decay and upheaval It marked a move away from the artistic sonic flourishes of psychedelic rock towards an embrace of foundational streams of American music blues country that had always underpinned the music of the Stones but assumed new primacy in their music after 1968 This move coincided with and anticipated the roots moves that many leading popular music artists made as the 1960s turned toward a new decade but unlike many of their peers whose music grew more soft and subdued as they embraced traditional styles the music and attitude of the Stones only grew harder and more menacing and their status as representatives of the dark underside of the 60s rock counterculture assumed new solidity For the Rolling Stones the 1960s ended and the 1970s began with the release of this album in 1968

Reading Without Maps? Den Tandt Christophe (ed.),2005 Among the intellectual debates of the last forty years the critique of cultural canons has attracted the highest share of public attention stirring academic educational and media controversies on both sides of the Atlantic Postmodernism feminism postcolonialism and multiculturalism have refashioned the attitudes of educators and audiences towards cultural memory opening up curricula to subjects and traditions previously excluded from the humanities Predictably these new critical practices have triggered heated responses from commentators fearing that culture and education might thereby be deprived of their capacity to provide audiences and learners with proper groundings and landmarks The present volume gathers contributions that throw light on multiple aspects of this reconfiguration of cultural memory It brings together essays

focusing on the dynamics of canon formation in several fields literature drama film and music Contributors examine how writers and communities find their bearings in a cultural landscape more complex than that previously envisaged by advocates of the Great Tradition Specifically the present essays throw light on the status of modernist writing drama in English or popular genres within the new canonical topography elaborated at the turn of the twenty first century
