Slingblade A Screenplay:

Sling Blade Billy Bob Thornton, 1996-11-22 *Sling Blade* winner of the 1996 Academy Award for best screenplay is the powerful story of Karl who returns to his hometown after serving 25 years in a mental hospital for committing a gruesome crime. There he befriends a young boy and develops a close relationship with the boy and his widowed mother. These relationships evolve quickly and ultimately Karl's feelings for the mother and son lead him to a selfless act. Writer Billy Bob Thornton demonstrates a searing insight into the lives of ordinary people portraying with equal skill both the good and bad who inhabit the small Arkansas town. *Sling Blade* is both the tale of one man's struggle to reconcile his life and of love's ultimate redemptive power.

Sling Blade Billy Roche, Billy Bob Thornton, 1998 *Sling Blade* won the 1997 Academy Award for best original screenplay. Karl has just been released from an asylum some twenty five years after he committed a gruesome murder, returns to the town of his youth. His gentle manner and simple charm land him a job and lead him into an unlikely friendship with a young boy and his widowed mother. But when the mother's abusive boyfriend appears, this simple man is thrust into a combustible situation that could have powerful moving consequences for all. Billy Bob Thornton is one of Hollywood's most promising writer-directors and *Sling Blade* was shown at the 1998 London Film Festival to great acclaim.

Script Culture and the American Screenplay Kevin Alexander Boon, 2008-01-10 By considering the screenplay as a literary object worthy of critical inquiry, this volume breaks new ground in film studies. Though the history of the screenplay is as long and rich as the history of film itself, critics and scholars have neglected it as a topic of serious research. *Script Culture and the American Screenplay* treats the screenplay as a literary work in its own right, presenting analyses of screenplays from a variety of frameworks including feminism, Marxism, structuralism, philosophy, and psychology. In distancing the text of screenplays from the on-screen performance typically associated with them, Kevin Alexander Boon expands the scope of film studies into exciting new territory with this volume. *Script Culture and the American Screenplay* is divided into two parts. Part 1 provides a general background for screenplay studies, tracing the evolution of the screenplay from the early shot lists and continuities of George M. Li's and Thomas Harper Ince to the more detailed narratives of contemporary works. Part 2 offers specific, primarily thematic critical examinations of screenplays along with discussions of the original screenplay and the screenplay adaptation. In all, Boon explains that screenplay criticism distinguishes itself from traditional film studies in three major ways. The primary focus of screenplay criticism is on the screenplay rather than the film; the focus of screenplay studies is on the screenwriter rather than the director; and screenplay criticism like literary criticism is written to illuminate a reader's understanding of the text. Boon demonstrates that whether we are concerned with aesthetics and identifying rules for distinguishing the literary from the non-literary, or whether we align ourselves with more contemporary theories which recognize texts as distinguishable in their interrelationships and marked difference, screenplays constitute a rich cache of works worthy of critical examination. Film scholars as well as students of film, creative writing, and literary studies will
