Wolfgang Guggemos

Social Justice And Individual Ethics In An Open Society Equality Responsibility And Incentives:

Social Justice and Individual Ethics in an Open Society Frank Vandenbroucke, 2012-12-06 Can the need for incentives justify inequality Starting from this question Frank Vandenbroucke examines a conception of justice in which both equality and responsibility are involved In the first part of the inquiry which explores the implementation of that conception of justice the justification of incentives assumes that agents make personal choices based only upon their own interests The second part of the book challenges the idea that a normative conception of distributive justice can be based on that traditional assumption i e that personal choices are not the subject matter of justice Thus Vandenbroucke questions the Rawlsian idea that the primary subject of a theory of justice is the basic structure of society and not the individual conduct of its citizens For a society to be really just the ethos of individual conduct has to serve justice Non mathematical readers can skip the formal model proposed in Chapter 3 and understand the rest of the book

Social Justice and Individual Ethics in an Open Society Frank Vandenbroucke, 2001-03-13 *Fairness, Responsibility, and Welfare* Marc Fleurbaey, 2008-06-26 Develops a theory of fairness incorporating a concern for personal responsibility opportunities and freedom and makes accessible the recent developments in economics and philosophy that define social justice in terms of equal opportunities

The Handbook of Rational and Social Choice Paul Anand, Prasanta Pattanaik, Clemens Puppe, 2009-01-15 This volume provides an overview of issues arising in work on the foundations of decision theory and social choice The collection will be of particular value to researchers in economics with interests in utility or welfare but also to any social scientist or philosopher interested in theories of rationality or group decision making

Multidisciplinary Economics Peter de Gijssel, Hans Schenk, 2006-07-02 Multidisciplinary economics deliberately uses the insights and approaches of other disciplines and examines what consequences their contributions have for existing economic methods theories and solutions to economic problems Multidisciplinary economists should be at home in their own discipline and meet the high international standards of economic teaching and research that the discipline has developed At the same time they should be able to recognise the limits of economics and be willing to open up new horizons by following new discipline transcending paths on which new insights into the analysis and solutions of economic problems can be found in collaboration with representatives of other disciplines As a result of this search economic methods and theories may have to be adjusted in such a way that they take insights from other disciplines into account They may even have to be replaced by methods and theories that have been developed by other disciplines

Basic Income, Unemployment and Compensatory Justice Loek Groot, 2012-11-06 Basic income is a regularly debated topic in various scholarly disciplines political philosophy political theory welfare economics labour market economics and social policy and in circles of policy makers administrators and activists Since the late 1970s unemployment is the primary problem for social economic policy in all welfare states In Basic Income Unemployment and Compensatory Justice it is argued that implementing a substantial basic income is the best policy

response to deal with unemployment induced problems such as job insecurity social exclusion poverty and lack of compensatory justice on the labour market and to improve labour market flexibility boost low wage employment and part time work Basic Income Unemployment and Compensatory Justice with an introductory chapter by Philippe van Parijs discusses the attractiveness of a substantial basic income to deal with the problem of unemployment in combination with an ethical perspective of social justice Loek Groot is a senior lecturer at the Utrecht School of Economics

Basic Income on the Agenda Robert-Jan Veen, Loek Groot, 2025-10-01 Persisting unemployment poverty and social exclusion labour market flexibility job insecurity and higher wage inequality changing patterns of work and family life are among the factors that exert pressure on welfare states in Europe This book explores the potential of an unconditional basic income without means test or work requirement to meet the challenges posed by the new social question compared to policies of subsidized insertion in work It also assesses the political chances of basic income in various European countries These themes are highly relevant to policy makers in the field of labour markets and social security economists political philosophers and a social science audience in general

Business Ethics and the Electronic Economy Peter Koslowski, Christoph Hubig, Peter Fischer, 2013-06-29 The internet and the electronic economy are a technological revolution whose secular importance is apparent The internet eliminates the temporal and spatial constraints on the exchange of information It changes deeply the world of production and of labour It transforms the exchange relationships between producers and consumers as well as between the suppliers within the supply chain The electronic economy is able to generate more accurate consumer profiles and therefore a more powerful and effective marketing directed to the individual consumer There is no industry that is not undergoing thorough changes caused by the internet The volume at hand gives an analysis of the internet revolution It covers questions reaching from the highly controversial thesis of the end of property rights in the internet caused by the non rivalry of the consumption of information to questions regarding the repercussions of the internet on our understanding of the human person Technological changes like the introduction of the electronic economy pose the question of how to handle it and how to manage reasonably its ethical problems and dilemmas The ethical problems and the business ethics of the electronic economy in the fields of production and labour of consumption and in handling trust and the abuse of trust are analysed by the contributions from applied ethics and business ethics

Ethical Dimensions of the Economy Wilfried Ver Eecke, 2008-03-19 Overview This book is a philosophical reflection using mainly Hegel in addition to 1 Adam Smith Kant Marx and Catholic Social Thought about the social dimension of economics In it I both agree and disagree with the slogan that the least government is the best government I agree with the slogan in particular as it applies to the economic domain Adam Smith taught us that rational and self interested individuals left by themselves create a more efficient and reliable economic system than one in which the government has a heavy role as was the case in his time with the mercantile system Smith 14 651 Ludwig von Mises demonstrated the same idea for the communist command economy Hayek 1935 87

130 I d agree with the above mentioned slogan if it is interpreted as suggesting that we can best forget about the role of the government for a good functioning economy Instead I will argue that the government has an important fu tion in creating the proper regulations and the wise institutional arran ments which will allow the economy to flourish in a more efficient fair and humane way This book is interdisciplinary in nature It is a philosophical and ethical reflection on economics Hence I make use of philosophical ideas often but not exclusively those of Hegel I reflect philosophically on economic concepts **The Invisible Hand and the Common Good** Bernard Hodgson,2013-03-09 This volume consists of papers derived from the Ninth International Conference on Studies in Economic Ethics and Philosophy SEEP held at Trent University in Peterborough Ontario Canada in June of 2002 Let me take this opportunity to express my appreciation to Professor Peter Koslowski for his original stimulus encouragement and continual assistance in making the Conference a success I would also like to thank my Trent colleague Professor David Holdsworth for his steadfast help in the management of the Conference and the papers resulting from it I am obliged to Mr Louis Taylor of North George Studios in Peterborough for his expert professional service in preparing the manuscript for printing Finally let me gratefully acknowledge the generous financial sponsorship of the Conference by the Social Sciences and Humanities Research Council of Canada and Trent University s Department of Philosophy and Graduate Centre for the Study of Theory Culture and Politics Bernard Hodgson Department of Philosophy Trent University Peterborough Ontario Canada May 2004 Contents Preface IX Introduction BERNARD HODGSON 1 Part One Setting the Problem Chapter 1 Public Interest and Self Interest in the Market and the Democratic Process PETER KOSLOWSKI 13 Chapter2 The Invisible Hand and Thinness of the Common Good RICHARD DE GEORGE 38 CONTENTS Part Two Constraining the Invisible Hand Chapter 3 Hiring Invisible Hands for Public Works EDWARDJ NELL 51 Chapter4 A Market Failures Approach to Business Ethics JOSEPH HEATH 69 Chapter 5 Abstractions and Conceptual Automata in Economics and Non Economics STEPHEN REGOCZEI **The Discovery of Historicity in German Idealism and Historism** Peter Koslowski,2006-03-30 German Idealism develops its philosophy of history as the theory of becoming absolute and as absolute knowledge Historism also originates from Hegel s and Schelling s discovery of absolute historicity as it turns against Idealism s philosophy of history by emphasizing the singular and unique in the process of history German Idealism and Historism can be considered as the central German contribution to the history of ideas Since Idealism became most influential for modern philosophy and Historism for modern historiography they are analyzed in this volume in a collaboration of philosophers and historians German Idealism is presented in Schelling and its critics Schlegel Baader and Nietzsche Historism in Ranke Droysen Burckhardt and Treitschke The volume further presents the impact of Idealism and Historism on present German approaches to the philosophy of history and outlines the debates on the possibility of a philosophy of history and on the methodology of the historical sciences *The Political Economy of Sustainable Development* Dirk Jacob Wolfson,2015-06-11 The author shows how sustainable development may be organized valued and

distributed by introducing situational contracting as an interactive and contextual mode of governance Situational contracting provides a road map for where we want to go serving the prevailing ideology in implementing the trade between efficiency and fairness

Full Employment in Europe Günther Schmid, 2008-01-01 The book is without doubt a must read reflection on the notion of full employment and a source of inspiration for the establishing of the knowledge based economy that is such an aspiration for Europeans Thomas Bauwens Agence Europe Every book by Günther Schmid is an event This one illuminates the current European policy debate on flexicurity It gives fresh analyses of the comparative employment performances of the EU and the USA and proposes a path breaking framework for understanding and improving them Pragmatic and provocative Schmid's contribution should be a must for researchers but also for HR managers social partners representatives and policymakers interested in the present and future of work and employment Bernard Gazier University Paris 1 and a Member of the Institut Universitaire de France Transitional Labour Markets TLM defined as legitimate negotiated and politically supported sets of various employment options in critical events over the life course are an essential ingredient of modern full employment strategies After assessing the European Employment Strategy this book offers a detailed comparative analysis of employment performance for selected European member states and the United States It suggests that successful employment systems arise from a new paradigm of flexibility and security flexicurity the balance of which varies according to countries institutional paths Whilst there is no best practice TLM theory does provide normative and analytical principles that can be generalised for various institutional settings The book also provides good practice examples for managing critical transitions over the life course from education to employment from one job to another from unemployment to employment from private activities to gainful work and from employment to retirement and develops the contours for extending unemployment insurance to work life insurance With a fresh and new approach to the question of full employment in modern society this book will appeal to academic scholars interested in labour market and employment policies and policy decision makers at local regional national and European levels

The Historicity of Economics Heino H. Nau, Bertram Schefold, 2012-11-02 In this volume continuities and discontinuities between Historical School of Economics and Old Institutional Economics are examined with regard to common research objectives and methods Similarly those between these two economic movements and New Institutional Economics as well as new economic sociology are discussed The following questions functioned as a guideline for the contributing economists sociologists historians and philosophers Can we meaningfully speak of the Historical School of Economics HSE as an economic research program What are the commonalities between the HSE and American old economic institutionalism Does the HSE represent a part of the lost anteroom of New Institutional Economics and new economic sociology How and why should the HSE matter to how we do economic and social theory today

Method and Morals in Constitutional Economics James M. Buchanan, Geoffrey Brennan, Hartmut Kliemt, Robert D. Tollison, 2002 This book contains a range of essays on topics in the emerging field of

constitutional political economy This field of enquiry is strongly associated with the name of James M Buchanan whose research program has been the point of departure for this field The essays are a selection of those written by colleagues and researchers in the field to honor Buchanan on the occasion of his 80th birthday They cover a wide range of topics but fall primarily into two sets one set dealing with methodological aspects of the c p e approach the other dealing with specific applications in a variety of policy areas ranging from economic transformation to monetary policy regimes to health care One particular issue in the methodological area relates to the model of motivation used and more especially the role of morality in economic and political behavior The five essays on this topic make up one of the sections of the book and justify reference to the issue in the volume s title Models of Hysteresis Augusto Visintin,1993-06-05 Hysteresis effects appear in several physical phenomena such as ferromagnetism ferroelectricity and plasticity They also appear in many fields of engineering This state of the art volume provides a unique insight into this relatively new but rapidly developing topic of applied mathematics **Why We Need a New Welfare State** Gøsta Esping-Andersen,2002 The volume concentrates on four principal social policy domains the aged and transition to retirement the welfare issues related to profound changes in working life the risks and needs that arise in households and especially in child families and the challenges of creating gender equality The volume aims to promote a better understanding of the key welfare issues that will have to be faced in the coming decades It also warns against the all too frequent recourse to patent policy solutions that have all too often characterized debate It intends to move the policy debate from its often frustrating vague and generic level towards greater specificity and nuance **Towards a Democratic Division of Labour in Europe?** Van Dongen, Walter,2009 This book analyses male violence against women and children and the mechanisms society develops to push it out of sight Economic Bulletin Deutsches Institut für Wirtschaftsforschung,2003 The Cambridge Companion to Rawls Samuel Richard Freeman,2003 Each volume of this series of companions to major philosophers contains specially commissioned essays by an international team of scholars and will serve as a reference work for students and nonspecialists John Rawls is the most significant and influential philosopher and moral philosopher of the twentieth century His work has profoundly shaped contemporary discussions of social political and economic justice in philosophy law political science economics and other social disciplines In this exciting collection of essays many of the world s leading political and moral theorists discuss the full range of Rawls s contribution to the concepts of political and economic justice democracy liberalism constitutionalism and international justice There are also assessments of Rawls s controversial relationships with feminism utilitarianism and communitarianism New readers will find this to be an accessible guide to Rawls Advanced students and specialists will find a conspectus of developments in the interpretation of Rawls

Social Justice And Individual Ethics In An Open Society Equality Responsibility And Incentives Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Social Justice And Individual Ethics In An Open Society Equality Responsibility And Incentives PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the

information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Social Justice And Individual Ethics In An Open Society Equality Responsibility And Incentives PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Social Justice And Individual Ethics In An Open Society Equality Responsibility And Incentives free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
