

SOCIAL MOVEMENTS

A social movement is any movement that uses the collective effort of a group of people to achieve a common political/social goal.

OVERVIEW

Scott (2014), in *A Dictionary of Sociology*, defines a social movement as "An organized effort by a significant number of people to change (or resist change in) some major aspect or aspects of society." The term was originally applied to political forces opposing the status quo, but now the term is mostly used for organizations outside the mainstream political system.

EXAMPLE

The civil rights movement (1945-1968) aimed to abolish racial discrimination in the United States. After the American Civil War, the Reconstruction Amendments granted constitutional rights to all African Americans. However, they still faced discrimination (due to Jim Crow laws) and violence. Over the next century, African Americans fought for legal and civil rights.

Social Movements Social Change The Politics And Practice Of Organizing:

Social Movements/social Change Frank Cunningham, Society for Socialist Studies, 1988 *Praxis and Politics* Janet M. Conway, 2013-10-14 Praxis and Politics explores the knowledge arising from activist praxis and its significance for reimagining radical and democratic politics It is based on five years of direct involvement in the Toronto based Metro Network for Social Justice and their work in coalition building campaign organizing and economic and political literacy work in the aftermath of the signing of the Canada US Free Trade Agreement The book breaks new theoretical and methodological ground in social movement studies in drawing on a wide range of traditions including cultural studies urban studies political economy and feminism **Race, Racialization and Antiracism in Canada and Beyond** Genevieve Fuji Johnson, Randy Enomoto, 2007-06-23 This multidisciplinary volume brings together scholars and activists to examine expressions of racism in contemporary policy areas including education labour immigration media and urban planning While anti racist struggles during the twentieth century were largely pitched against overt forms of racism e g pogroms genocide segregation apartheid and ethnic cleansing it has become increasingly apparent that there are other less visible forms of racism These subtler incarnations are of special interest to the contributors The intent of Race Racialization and Antiracism in Canada and Beyond is to probe systemic forms of racism as well as to suggest strategies for addressing them The collection is organized by themes pertinent to political and social expressions of racism in Canada and the wider world such as the state and its mediation of race education and the perpetuation of racist marginalization and the role of the media The contributors argue that in order to effectively combat racism various methodological approaches are required approaches that are reflective of the diversity of the world we seek to understand Activism and Social Change Eric Shragge, 2013-01-01 Drawing on over thirty years of experience in community development practice Eric Shragge offers a unique historical perspective on activism linking various forms of local organizing to the broader goal of fundamental social change This new edition places contemporary community organizing in a post 9 11 context and includes a discussion of national and international organizing efforts in the Middle East in the Occupy movement in European resistance to austerity measures and in recent student protests in Quebec A new chapter length case study covering Shragge s long term involvement with the Immigrant Workers Centre in Montreal offers one of the few English language discussions of community organizing in Quebec Activism and Social Change is an excellent core or supplementary text in courses on social movements community organizing or community development **Rebel Girls** Jessica K. Taft, 2011 Visit the Unspun website which includes Table of Contents and the Introduction The World Wide Web has cut a wide path through our daily lives As claims of the Web changes everything suffuse print media television movies and even presidential campaign speeches just how thoroughly do the users immersed in this new technology understand it What exactly is the Web changing And how might we participate in or even direct Web related change Intended for readers new to studying the Internet each chapter in Unspun addresses a different aspect of the

web revolution hypertext multimedia authorship community governance identity gender race cyberspace political economy and ideology as it shapes and is shaped by economic political social and cultural forces The contributors particularly focus on the language of the Web exploring concepts that are still emerging and therefore unstable and in flux Unspun demonstrates how the tacit assumptions behind this rhetoric must be examined if we want to really know what we are saying when we talk about the Web Unspun will help readers more fully understand and become critically aware of the issues involved in living as we do in a wired society Contributors include Jay Bolter Sean Cubitt Jodi Dean Dawn Dietrich Cynthia Fuchs Matthew Kirschenbaum Timothy Luke Vincent Mosco Lisa Nakamura Russell Potter Rob Shields John Sloop and Joseph Tabbi

Social Movements in 1980s Sweden Helena Hill, Andrés Brink Pinto, 2023-06-04 This open access book discusses the emergence and development and in some cases also the disappearance of social movements and activism in Sweden during the 1980s Its aim is to nuance and problematize the image of the 1980s as unilaterally dominated by right wing politics and neoliberalism as well as the idea of a conflict free Scandinavian model The 1980s have often been described as a period when the influence of radical left movements during the 1970s diminished Instead this book argues that the 1980s was a decade in which new radical social movements emerged in opposition to the prevalent political order including the nuclear disarmament movement the women s movement anti fascist movements and the punk and environmental movements The authors also demonstrate how issues such as squatting nuclear resistance rent strikes and the environment included a variety of contentious collective action Sweden therefore presents an interesting example of how resistance and conflict in a strong welfare state have been influenced by contentious social movements Placing Sweden within the wider context of Scandinavia and Europe this edited collection makes an important contribution to the history of social movements

Handbook of Social Movements Across Disciplines Conny Roggeband, Bert Klandermans, 2017-07-31 This book aims to revisit the interdisciplinary roots of social movement studies Each discipline raises its own questions and approaches the subject from a different angle or perspective The chapters of this handbook are written by internationally renowned scholars representing the various disciplines involved They each review the approach their sector has developed and discuss their disciplines contributions and insights to the knowledge of social movements Furthermore each chapter addresses the unanswered questions and discusses the overlaps with other fields as well as reviewing the interdisciplinary advances so far

Viva Sarah A. Radcliffe, Dr Sallie Westwood, Sallie Westwood, 2014-01-09 Viva explores the growing role of women in Latin America focussing in particular on the construction of gender through political activism and the centrality of gender class and ethnicity to the ideological construct of the nation *The Oxford Handbook of Organizational Change and Innovation* Marshall Scott Poole, Andrew H. Van de Ven, 2021 Why and what organizations change is generally well known how organizations change is therefore the central focus of this Handbook Leading scholars focus on processes of change and the factors that influence these processes with the organization as the central unit of analysis **Social Work in the 21st**

Century Michael Reisch, Eileen Gambrill, 1997-02-05 I am enthusiastic about this publication it is an excellent manuscript well conceived well written and the contributors all appear to be very well qualified Philip Popple Western Michigan University This book will be helpful to you in teaching policy practice or introductory social work courses at the BSW or MSW level if you want to Generate stimulating discussion and debate among your students on how social work s roles are changing now and may change further in the future Expose your students to the thoughts and opinions of many of today s leaders in social work education in essays specially written for this volume

Human Services as Complex Organizations Yeheskel Hasenfeld, 2010 This new edition looks at the many recent changes in the arena of Human Services Organizations

Social Movements and Organization Theory Gerald F. Davis, Doug McAdam, W. Richard Scott, Mayer N. Zald, 2005-05-09 Although the fields of organization theory and social movement theory have long been viewed as belonging to different worlds recent events have intervened reminding us that organizations are becoming more movement like more volatile and politicized while movements are more likely to borrow strategies from organizations Organization theory and social movement theory are two of the most vibrant areas within the social sciences This collection of original essays and studies both calls for a closer connection between these fields and demonstrates the value of this interchange Three introductory programmatic essays by leading scholars in the two fields are followed by eight empirical studies that directly illustrate the benefits of this type of cross pollination The studies variously examine the processes by which movements become organized and the role of movement processes within and among organizations The topics covered range from globalization and transnational social movement organizations to community recycling programs

Community Projects as Social Activism Benjamin Shepard, 2014-07-17 Community Projects as Social Activism From Direct Action to Direct Services by Benjamin Shepard is an engaging and accessible work that will get today s students excited about the very real prospect of achieving lasting positive change within their communities It outlines a distinct approach to community practice born out of the intersection among social movements day to day organizing and the lessons of five decades of community change practices This invaluable resource is a must have for anyone involved in community organization community health and community activism practice research and policy

International Encyclopedia of Organization Studies Stewart Clegg, James R. Bailey, 2008 Describing the field spanning individual organisation societal and cultural perspectives in a cross disciplinary manner this is the premier reference tool for students lecturers academics and practitioners to gather knowledge about a range of important topics from the perspective of organisation studies

Community Organizing and Community Building for Health Meredith Minkler, 2005

Progressive Community Organizing Loretta Pyles, 2013-07-24 The second edition of Progressive Community Organizing offers a concise intellectual history of community organizing and social movements while also providing practical tools geared toward practitioner skill building Drawing from social constructionist feminist and critical traditions Progressive Community Organizing affirms the practice of issue framing and offers two innovative frameworks that

will change the way students of organizing think about their work Progressive Community Organizing is ideal for both undergraduate and graduate courses focused on community theory and practice community organizing community development and social change and service learning The second edition presents new case studies including those of a welfare rights organization and a youth led LGBTQ organization There are also new sections on the capabilities approach queer theory the Civil Rights movement and the practices of self inquiry and non violent communication Discussion of global justice has been expanded significantly and includes an account of a transnational action research project in post earthquake Haiti Each chapter contains discussion questions written and web resources and a list of key terms a full free access companion website is also available for the book *Canadian Review of Comparative Literature* ,1994 Labor and the Environmental Movement Brian K. Obach,2004-02-20 Relations between organized labor and environmental groups are typically characterized as adversarial most often because of the specter of job loss invoked by industries facing environmental regulation But as Brian Obach shows the two largest and most powerful social movements in the United States actually share a great deal of common ground Unions and environmentalists have worked together on a number of issues including workplace health and safety environmental restoration and globalization as in the surprising solidarity of Teamsters and Turtles in the anti WTO demonstrations in Seattle Labor and the Environmental Movement examines why when and how labor unions and environmental organizations either cooperate or come into conflict By exploring the interorganizational dynamics that are crucial to cooperative efforts and presenting detailed studies of labor environmental group coalition building from around the country examining in detail examples from Maine New Jersey New York Washington and Wisconsin it provides insight into how these movements can be brought together to promote a just and sustainable society Obach gives a brief history of relations between organized labor and environmental groups in the United States explores how organizational learning can increase organizations ability to work with others and examines the crucial role played by coalition brokers who maintain links to both movements He challenges research that attempts to explain inter movement conflict on the basis of cultural distinctions between blue collar workers and middle class environmentalists providing evidence of legal and structural constraints that better explain the organizational differences class culture and new social movement theorists identify The final chapter includes a model of the crucial determinants of cooperation and conflict that can serve as the basis for further study of inter movement relations Social Poetics Mark Nowak,2020-03-10 Social Poetics documents the imaginative militancy and emergent solidarities of a new insurgent working class poetry community rising up across the globe Part autobiography part literary criticism part Marxist theory Social Poetics presents a people s history of the poetry workshop from the founding director of the Worker Writers School Nowak illustrates not just what poetry means but what it does to and for people outside traditional literary spaces from taxi drivers to street vendors and other workers of the world **The Handbook of Community Practice** Marie Weil,Michael S. Reisch,Mary L. Ohmer,2013

Written by some of the most influential scholars in the field this Handbook covers community development organizing planning and social change as well as key issues fields of practice and global approaches
