Social Philosophy of Vivekananda and Indian Nationalism

Sebastian Velassery, 2021-05-01 Among the galaxy of scholars Swami Vivekananda stands out as a majestic tower of light who has given a new tempo to the building up of a new sense of nationalism in modern India The uniqueness of Vivekananda was his endeavour to translate every ounce of Vedanta into a social living and was never a cold theoretician or an abstract metaphysician He was aware that India's life is governed by her sovereign sense of the infinite and inclusiveness which nourished her national life and India has been a spiritual strength for her people implanting the seeds that have continuously sprouted and flowered in her art literature religion philosophy science and politics It is a civilization that should be seen not as a closed system or as a finished product but as a dynamic and unfolding process Whatever the differences India's spiritual heritage should be recognized as the focal point and to be appropriated in the conception of a new resurgent India

Regrettably what we had been glorifying as the central value of this culture and civilization is disorientated today due to the brutal exhibition of barbarous instincts which were exhibited through the rivalry between religious groups What is being experienced is the loss of inherited values and our inability in reinventing new values By virtue of its characteristic pluralism and its continuously evolving synthesis India represents a nation which is continuously unfolding its civilizational potentialities In making of such an Indian ethos the foundational ideal which has been the basis of Indian culture and civilization is the concept of Dharma and Vivekananda was able to comprehend and articulate the relation between morality dharma and human affairs which are the concerns of practical Vedanta Indian Society, Institutions and Change Rajendra
