Abstract

Using print and electronic sources, this paper explored the pervasiveness of issues of implicit bias and social justice with supporting examples from health care, and education (K-12 to higher education). The scope of social justice was broadened by exploring other salient issues from the African continent to complement examples from the United States. The following themes: health care, education, religion, colorism and xenophobia, emerged from analyses of print and electronic documents, and were further explored to understand the pervasiveness of implicit bias and social justice issues. The paper also analyzed perceived defensiveness to social justice issues using the concept of defense mechanisms as postulated by Sigmund Freud and the privileged identity exploration model indicated by Watt (Coll Stud Aff J 26(2):114–126, 2007). Lastly, tentative solutions to identified problems were proposed.

Keywords Defensiveness · Defense mechanisms · Higher education · Social justice · Discrimination · Colorism · Genocide · Intertribal · Interethnic

Implicit bias originates from social psychology, and it was first coined in the 1990s by Mahzarin Banaji and Tony Greenwald. Since then, the popularity of this concept has grown tremendously culminating in a series of implicit association tests known as Project Implicit (2023). Project Implicit is a non-profit organization and constitutes an international collaboration between scholars who are interested in researching as well as educating the general public on implicit social cognition, attitudes, stereotypes, and hidden biases that collectively influence perception, judgment and action (Project Implicit 2023).

Social Problems And Social Solutions A Cross Cultural Perspective

Shasha Hu

Social Problems And Social Solutions A Cross Cultural Perspective:

Social Problems and Social Solutions Robert Heiner, 1999 Compared to other peoples around the world Americans tend to be very individualistic in their thought Many of the social problems that we have in the United States stem at least in part from that American individualism We tend to think that it is human nature to be so individualistic a comparative approach will challenge readers to question that assumption Moreover it will introduce readers to solutions being tried in other countries around the world thereby providing them with new perspectives and illustrating solutions that may be relevant to social problems in the United States Containing thirty seven articles pertaining to domestic and global social problems and social solutions this book presents the underlying theme of inequality and conflict theory Most of the problems discussed are either caused by inequality or they affect different populations unequally Each reading selection is preceded by an introduction highlighting the important themes of the article

Social Problems Allyn & Bacon, Incorporated, 1999

Interdisciplinary Research on Healthcare and Social Service Sheying Chen, Leidong Wei, 2024-09-24 Research on healthcare and social service including professional social work is inherently an international subject Each nation has a story of coping with the recent pandemic in the context of its political economy and cultural historical settings A study of various especially non Western cases is essential to an adequate understanding of the undertaking China is undoubtedly an important case with one of the largest populations on earth It s unique in view of so called Chinese characteristics style model sometimes fundamentally different from Western societies Any lessons learned from the Chinese experiences would help with a better understanding of healthcare and social welfare provisions on a global scale The book is written by a scholarly team who are experts in healthcare social work and related fields Its primary audiences are scholars and students in Health Mental Health Social Work Welfare Services Public Social Policy Philanthropy and Nonprofit Organizations International Cross Cultural Studies and Chinese China research

International Encyclopedia of Social Policy

Tony Fitzpatrick, Huck-ju Kwon, Nick Manning, James Midgley, Gillian Pascall, 2013-07-04 Available in paperback for the first time this milestone work offers an in depth treatment of all aspects of the discipline and practice of social policy globally Supported by a distinguished international advisory board the editors have compiled almost 900 000 words across 734 entries written by 284 leading specialists to provide authoritative coverage of concepts policy actors welfare institutions and services along a series of national regional and transnational dimensions Also included are biographical entries on major policy makers and shapers The editors have particularly striven to provide strong coverage of differing geographical and cultural traditions so that the variety of social policy as both an academic discipline and a domain of governance is reflected Contributors draw in and make the necessary connections with social policy s associated disciplines to provide a rich picture of this vast and highly diverse field Comprehensive and authoritative the Encyclopedia has sought to open up rather than to foreclose the numerous areas in which there is on going research debate and sometimes serious disagreement and

divergence in theory and practice To this end entries attempt to introduce a core or common ground of understanding before moving on to a wider discussion of debates regarding different conceptual and geographical approaches The whole is integrated by cross referencing and each entry includes a bibliography for further reading There is a full index The International Encyclopedia of Social Policy provides the most substantial mapping of the international study and practice of social policy to date and will stand as a vital storehouse of knowledge for many years to come **Perspectives on**

Asian Indigenous Psychologies in the Global Context Kuang-Hui Yeh, 2018-09-26 This volume introduces Asian indigenous psychologies with an emphasis on major theoretical and practical issues. The contributions demonstrate the potential for the indigenous psychologies of Asia to offer an alternative model of the internationalization of psychology, an internationalization not dominated by Western psychology. As a whole, this volume explores knowledge production outside of Western psychology, asks important questions about the discipline, profession, and practice of Asian indigenous psychology, makes critical appraisals of cultural and psychological assumptions, sheds light on the dialectics of the universal and the particular in indigenous psychology, and explores the possibilities for a more equitable global psychology. **Advances in Applied Social Psychology** R. F. Kidd, M. J. Saks, 2013-08-21 First Published in 1983 This volume is the second in a series of volumes on applied social psychology. The contents of the contributions represent the richly diverse approaches and settings in which social psychology is being used. In preparing their chapters, the contributors were asked to focus on how social psychologists as scientists and advocates could contribute to the resolution of the debates that often surround important social problems. Each author was asked to place his or her attempts to use social psychological knowledge in the context of his or her own specific problem. If one consistent theme emerges from this collection, it is the emphasis on employing social psychology to enlighten and understand decisions at the level of public policy. This book is a vital display of how existing literature and methods in the field can work to illuminate and inform issues of national and even international importance.

American Book Publishing Record , 2005 **Theoretical Perspectives for Direct Social Work Practice** Nick Coady, Peter Lehmann, 2016-05-15 This expanded third edition of a popular textbook provides a completely revised and updated overview of the theories, models, and therapies that inform direct social work practice. The text is grounded in generalist social work principles and values and promotes a problem-solving model of social work practice as a framework for the eclectic use of theory as well as for integrating the artistic, reflective elements of practice. It provides in-depth coverage of select psychodynamic, cognitive-behavioral, humanistic, critical, and postmodern theories. The third edition features a new section on Critical Theories where a new chapter on Empowerment Theory is included with a completely revised chapter on Feminist Theory. A new chapter on Strengths-based Social Work has been added to the section on meta-theories for social work practice. Other new chapters include Emotion-focused Therapy and Collaborative Therapy. These revisions are based on suggestions from an extensive survey of professors. New to the Third Edition: A new section on Critical Theories; New chapters on Strengths-based Social Work, Emotion-focused Therapy, Empowerment Theory, and Collaborative Therapy; Updated research on the debate about the importance of theory, technique versus common e.g. relationship factors; and on the critique of the empirically supported treatment movement. Key Features: Grounds direct practice firmly in the principles and values of generalist social work; Promotes a problem-solving model of social work as a flexible structure for integrating the eclectic use

of theory with the artistic reflective elements of practice Organizes direct practice theories into like groupings and provides an overview of the main characteristics of each grouping Provides in depth coverage of topics in a clear logical and consistent format Includes editors and contributors from the U S and Canada Applied Psychology: India Specific and Cross-cultural Perspectives , **Contemporary Perspectives in Leisure** Sam Elkington, Sean Gammon, 2013-12-04 We are entering a new era of leisure Quality rather than quantity is now the focus of researchers policymakers and managers Technological change an ageing population and a harsh economic climate are changing the values and practices of leisure as well as the relationship between leisure society and the individual Contemporary Perspectives in Leisure uses a variety of disciplinary approaches to introduce the most important trends in contemporary leisure in the Twenty First Century With contributions from some of the leading international figures in modern leisure studies the book examines key philosophical and theoretical debates around leisure with reference to concepts such as happiness enjoyment and quality of life as well as the most interesting contemporary themes in leisure studies from youth leisure and dark leisure to technology and adventure Understanding changes in leisure helps us to better understand changes in wider society Contemporary Perspectives in Leisure is a perfect companion to any course in leisure studies and useful reading for any student or scholar working in sociology cultural studies recreation tourism sport or social psychology **Consultation Across Cultural Contexts** Antoinette Miranda, 2015-11-06 Consultation Across Cultural Contexts addresses the challenges that school psychologists face when working in unfamiliar settings and diverse cultural contexts Establishing first the necessity of understanding and respecting these contexts this book provides both theoretical background knowledge and a wealth of technical and practical information animated by first hand accounts Divided into sections that touch upon topics such as difficult teachers and the role of poverty race and class the selections include examples from diverse school ecologies schools in various states of transition resource challenged schools and more
