*Studies in Formative Spirituality* ,1986      **Dimensions of the Healing Ministry** James E. Hug,1989      *Missiology* ,1994 An international review      *Cistercian Studies Quarterly* ,1992      *The Catholic Periodical and Literature Index* ,1995

**Religious and Theological Abstracts** ,2006      **Challenging Theocracy** David Tabachnick,Toivo Koivukoski,Herminio Meireles Teixeira,2018-06-12 Commonly perceived as a direct threat to the practice of liberal democracy the global reemergence of theocratic claims to political rule is a misunderstood development of twenty first century politics Analyzing the relationship between religion and politics throughout the Middle East Africa and the United States as well as classical and medieval political philosophical sources *Challenging Theocracy* critiques the contemporary formation of theocracy Providing an account of the origins and influence of theocracy the chapters in this volume explore ancient texts that articulate the theocratic political ideas that continue to bubble under the surface of political life today In an effort to consider how regimes extend beyond their immediate institutional and legal forms and find their foundation in timeless ideas the contributors examine ancient and modern political thought to better understand their persistent power and impact on global politics      *International Mission Bibliography* Norman E. Thomas,2003-10-16 This massive reference is the key to finding the most important works on missiology published from 1960 2000 Representing the research of more than 30 sub editors in mission related disciplines including history theology social aspects education evangelism spirituality and political life and includes sections on Africa the Americas Asia Europe and Oceania Complete publication details and ISBNs are given for each entry      *Challenges from Urban Cultures* Dario Costi,2024-12-14 This book offers a multidisciplinary perspective on the relationship between spirituality and the contemporary city starting from a thought of Pope Francis claiming the need for a renewed look at the periphery among the current challenges for urban cultures It gathers contributions describing different strategies for urban renewal and to develop the city of the future They take into account aspects from architectural design political science economy theology ethics anthropology and philosophy Based on the italian workshop Sfida delle Culture Urbane Svelare la Spiritualita dei Luoghi transl *Challenges from Urban Cultures* Discover the Spirituality of the Places held on November 5 6 2021 in Parma this book provides readers with a fresh perspective on the meaning of city city as a community and as a place and on strategies to develop suburbs besides city centres and to foster integration and participation      **Veils of Prophecy** Shawn Armstrong,2025-08-25 Dive into the enigmatic world of the Book of Revelation a text shrouded in mystery and prophetic vision as it unveils the profound tapestry of divine judgment hope and human resilience This illuminating exploration examines the rich historical contexts that birthed this apocalyptic narrative revealing the intentions of John the Apostle and addressing the struggles faced by early Christians Through an intricate analysis of its key themes divine sovereignty moral decay and the battle between good and evil this book uncovers how contemporary events reflect the prophecies outlined in Revelation From natural disasters to political turmoil each chapter deciphers

symbols that resonate with our current reality and urges readers to consider their own spiritual preparedness With a balanced approach that invites theological discourse and personal reflection this work serves as both a guide and a call to action for those seeking understanding in these tumultuous times Are you ready to unveil the mysteries that lie ahead Embark on this journey into prophecy today your insight awaits Humanities Index ,1987 *Social Ethics in the Making* Gary Dorrien,2011-04-06 In the early 1880s proponents of what came to be called the social gospel founded what is now known as social ethics This ambitious and magisterial book describes the tradition of social ethics one that began with the distinctly modern idea that Christianity has a social ethical mission to transform the structures of society in the direction of social justice Charts the story of social ethics the idea that Christianity has a social ethical mission to transform society from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy church and general public Looks at the wide variety of individuals who have been prominent exponents of social ethics from academics and self styled public intellectuals through to pastors and activists Set to become the definitive reference guide to the history and development of social ethics Recipient of a CHOICE Outstanding Academic Title for 2009 award The Oxford Handbook of the Bible in America Paul Gutjahr,2017-11-01 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation s politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible s role in American cultural formation *The Methodist Review* ,1914 Methodist Magazine and Quarterly Review ,1914 Challenging Colonial Discourse ,2005 This first comprehensive analysis of the relationship between Jewish Studies and Protestant theology in Wilhelmine Germany challenges accepted opinions and contributes to a differentiated image of Jewish intellectual history as well as Jewish Christian relations before the Holocaust *Profound Meditation Practices in Tibetan Buddhism* Prof. (Dr.) Jai Paul Dudeja,2023-03-14 There have been reports of the amazing capacity of some of the Tibetan Buddhist Monks practicing Tummo meditation in Tibetan Buddhism at temperatures of around 250 C in the Himalayas A team of scientists from USA and

Israel went to these spots by carrying some dry towels with them When these towels were made wet in the snow and spread on the naked bodies of the semi nude meditating monks practicing Tummo meditation to the surprise of these scientists these towels were getting dried up in no time Subsequently the analysts came to the conclusion that this meditation generated a lot of heat inner fire in the bodies of these meditators who were using it for the spiritual purpose This incident triggered me to go deep in not only about Tummo meditation but many other profound meditation practices in Tibetan Buddhism in this book

World Christianity Graham Joseph Hill,2024-10-08 World Christianity An Introduction provides an accessible introduction to the discipline methodology and field of world Christianity In this book Graham Joseph Hill engages with more than one hundred high profile Majority World and First Nations Christian leaders to learn what they can teach the West about mission leadership hospitality creation care education worship and more Hill challenges the Western church to move away from a Eurocentric and Americentric view of church and mission and he calls for the church to engage with crucial paradigm shifts in world Christianity The future of the global church including the churches in the West exists in these global exchanges World Christianity is an indispensable guide for the church as it navigates the unique global experiences of the twenty first century

Christian Witness Between Continuity and New Beginnings Martin Tamcke,Michael Marten,2006 Missions to from and within the Middle East have shaped the region in multitudinous ways since the 19th century This collection of essays from a range of international scholars explores this immensely significant subject using a range of disciplines including theology history and geography This interdisciplinary approach helps to provide a thorough overview of the often complex and multi layered topic of missions and the Middle East in contemporary research and will be of interest to all who seek to improve their understanding of the role of religion in the Middle East **Deep Cosmopolis** Adam K.

Webb,2015-05-15 Too often observers of globalization take for granted that the common ground across cultures is a thin layer of consumerism and perhaps human rights If so then anything deeper and more traditional would be placebound and probably destined for the dustbin of history But must this be so Must we assume as both liberals and traditionalists now tend to do that one cannot be a cosmopolitan and take traditions seriously at the same time This book offers a radically different argument about how traditions and global citizenship can meet and suggests some important lessons for the contours of globalization in our own time Adam K Webb argues that if we look back before modernity we find a very different line of thinking about what it means to take the whole world as one s horizon Digging into some fascinating currents of thought and practice in the ancient world the Middle Ages and the early modern period across all major civilizations Webb is able to reveal patterns of deep cosmopolitanism with its logic quite unlike that of liberal globalization today In their more cosmopolitan moments everyone from clerics to pilgrims to empire builders was inclined to look for deep ethical parallels points of contact among civilizations and traditions Once modernity swept aside the old civilizations however that promise was largely forgotten We now have an impoverished view of what it means to embrace a tradition and even what kinds of

conversations across traditions are possible In part two Webb draws out the lessons of deep cosmopolitanism for our own time If revived it has something to say about everything from the rise of new non Western powers like China and India and what they offer the world to religious tolerance to global civil society to cross border migration Deep Cosmopolis traces an alternative strand of cosmopolitan thinking that cuts across centuries and civilizations It advances a new perspective on world history and a distinctive vision of globalization for this century which has the real potential to resonate with us all
