Social Services Administration In Hong Kong: Theoretical Issues And Case Studies Kam-tong Chan, 2003-05-03

This book collates a number of case studies by former students from the Master of Arts Social Work programme whose stream of study was Social Services Administration. Many of these studies involved the action learning projects conducted by them. Academic colleagues and experienced administrators in the welfare and health sector also contribute their insights and experience regarding the major theoretical and practical issues in social services administration. **Social Services**

Administration in Hong Kong Kam Tong Chan, Diana Mak, 2003. Annotation: Presents a collection of case studies examining some of the prominent issues affecting social service organizations in Hong Kong. Many of the cases were the action learning projects of students in Social Service Administration of China. Focuses on applying theories to real life situations. *The A to Z of the Hong Kong SAR and the Macao SAR* Ming K. Chan, Sonny Shiu-hing Lo, 2010. The Hong Kong Special Administrative Region of the People's Republic of China is located on the southeastern coast of China and the Macao SAR can be found off of China's southern coast. Both regions have recently been released from European colonial rule: Hong Kong from British control in 1997 and Macao from Portugal in 1999. As SARs, Hong Kong and Macao retain a high degree of autonomy and they control all issues except those of state, e.g. diplomatic relations and national defense. *The A to Z of the Hong Kong SAR and the Macao SAR* includes maps, photographs, a list of acronyms, a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on important persons, places, and events, as well as political, economic, and social background. However, unlike the rest of the series, all these sections are presented in duplicate: one for Hong Kong and one for Macao. The authoritative analysis and informative data presented clearly elucidate the unique situation of these two territories.

Political Development in Hong Kong Ngok Ma, 2007-01-01. This book reviews the political development of Hong Kong before and after 1997, in particular the evolution of state-society relations in the last two decades, to analyze the slow development of democracy and governance in Hong Kong after 1997. This book is a most comprehensive analysis of the multifaceted changes in Hong Kong in the last 20 years. The scope of changes analyzed included state functions and institutions, political changes such as party development and development of the Legislative Council, and social changes such as social movements, civil liberties, etc. It helps the reader understand the crisis of governance of Hong Kong after 1997 and the difficulty of democratic development in Hong Kong over the years. The book covers changing state institutions in Hong Kong in the last few decades, party development in Hong Kong, the changing role and function of the legislature in Hong Kong, the evolution of social movement and movement organizational forms, media freedom, civil liberties, and the role of civil society, and theoretical discussions concerning governance problems and state-society relations in Hong Kong. Special emphasis is placed on how these changes brought about a new state-society relation which in turn brought governance difficulties after 1997. *Historical Dictionary of the Hong Kong SAR and the Macao SAR* Ming K. Goodstadt,2014-12-01 Hong Kong is among the richest cities in the world Yet over the past 15 years living conditions for the average family have deteriorated despite a robust economy ample budget surpluses and record labour productivity Successive governments have been reluctant to invest in services for the elderly the disabled the long term sick and the poor while education has become more elitist The political system has helped to entrench a mistaken consensus that social spending is a threat to financial stability and economic prosperity In this trenchant attack on government mismanagement Leo Goodstadt traces how officials have created a new poverty in Hong Kong and argues that their misguided policies are both a legacy of the colonial era and a deliberate choice by modern governments and not the result of economic crises This provocative book will be essential reading for anyone wishing to understand why poverty returned to Hong Kong in this century The book has been thoroughly revised and updated for this new paperback edition Leo Goodstadt has identified the New Poor as those made vulnerable through diminishing access to essential services and opportunities The culprits are misguided policies and the callous and uncaring decisions of those in power This compelling critique carries weight and demands a response Christine Fang Former Chief Executive of The Hong Kong Council of Social Service This is a critical reflection on Hong Kong s path of social development and a most discerning analysis of the Third World mentality espoused by the government and the business community in the area of social welfare Lui Tai lok Chair Professor of Hong Kong Studies The Hong Kong Institute of Education Welfare spending was like pouring sand into the sea to reclaim land thought one Chief Executive Governments restrained social spending based on that skewed view This book is meticulously researched and painfully insightful It is a masterly chronicle of Hong Kong s social welfare policy Anna Wu Non Official Member of the Executive Council HKSAR *Social*
