## **Social Welfare In The Soviet Union:**

**Socialism, Social Welfare and the Soviet Union** Vic George, Nicholas Manning, 2021-12-24 First published in 1980  
Socialism Social Welfare and the Soviet Union examines the views of Marx Engels and Lenin on what constitutes a socialist form of provision of social security income education health and housing The authors discuss the implementation of these ideas in the Soviet Union since the 1917 Revolution in the context of economic and political development and describe the social services in the Soviet Union assessing the extent to which the original ideas have been matched by reality They also briefly survey the views of several East European academic writers on social policy outlining some distinctive features of social policy in the Eastern bloc The authors general conclusion is that the Soviet Union has made great progress in social policy provision from their research and from their visits in the course of writing this book they show that the social services of the Soviet Union are as good as and in some ways more comprehensive than those of Western Europe Equally important is their conclusion that a society in which the means of production and distribution are nationalised and which makes a full provision of social services is not necessarily a socialist society This book will appeal to students of sociology political science and area studies      *Social Welfare in the Soviet Union* Bernice Q. Madison, 1968      **Socialism** Victor George, Nick Manning, 1980      *Social Welfare in Socialist Countries* John Dixon, David Macarov, 2016-03-17 First published in 1992 this book analyses social welfare in eight socialist countries at that time Czechoslovakia China Cuba Hungary Poland Yugoslavia North Korea and the Soviet Union For each country it considers the ideological framework underlying the social welfare system and describes the historical development of both the system and the political and socio economic context Each chapter looks at the structure and administration of the systems in place and how these are financed This is followed by a consideration of the nature of different parts of the welfare system a survey of social security personal social services and the treatment of the following key target groups the aged those with disabilities and handicaps children and youth disadvantaged families the unemployed and the sick and injured Each chapter concludes with an assessment of the effectiveness of the system considered      **Soviet Communism in Theory and Practice** United States Information Service, 1957      **Economic Welfare in the Soviet Union** Alastair McAuley, 1979 Monograph on income distribution standard of living and other trends regarding economic disparity in the USSR discusses measurement and evaluation of poverty and wealth and considers public expenditure with respect to welfare aspects of wage determination and wage policy in a planned economy regional disparities in incomes inequality and social stratification etc Bibliography pp 373 to 382 glossary graphs and statistical tables      *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989      *The Disabled in the Soviet Union* William O. McCagg, Lewis Siegelbaum, 2017-03-13 In topics ranging from industrial accident prevention before and during Stalin s industrialization drive to the long and complex history of the Soviet science called defectology the essays in this collection chronicle the responses of the state and society to a variety of disabled groups and disabilities Also included in addition to
