EXPLORING THE SOCIO-CULTURAL PERSPECTIVE OF LITERACY

Create Connections

Create connections between school and home:

Involve families in literacy activities (e.g. inviting them into school for literacy activities)

Encouraging parents to read with their children (e.g. choosing materials which their children enjoy, even things like scripts or computer games)

Recognising the value of **home language & culture** in supporting literacy development.

Value the Diversity

Recognise and value the diverse backgrounds in the classroom:

What might this look like?

Acknowledge, learn, and appreciate that students come from different cultural, linguistic, and socio-economic backgrounds.

Create a classroom environment that **respects and values each student's identity** and align learning of literacy with this (e.g., incorporate different learning styles).

Classroom Culture

Foster a positive classroom culture:

What might this look like?

Create a classroom culture that **values and encourages literacy**, and where all students feel safe and supported.

Set high expectations for literacy achievement, provide opportunities for students to share their ideas and perspectives, and create a **supportive and inclusive learning environment**.

Collaboration

Provide opportunities for student collaboration:

What might this look like?

Allow students the opportunity to **learn from each other's** perspectives and experiences.

Create opportunities for students to work together in groups, share their ideas, and learn from one another (for example, using drama, role play, or information exchange activities)

Improving socio-cultural perspectives towards literacy requires a commitment to creating a culturally responsive & inclusive learning environment that values & respects diversity.
