Weisbrod, Joel F. Handler, Neil K. Komesar, 2021 What is public interest law How effective is it What are the limits to litigation as a mechanism for conflict resolution In this study economists lawyers and sociologists evaluate an institutional form that is new to American society and indeed to the world the public interest law PIL organization The book introduces the reader to the structure resources and activities of this nonprofit industry and also to the factors that affect PIL firms in their choices of cases and methods of handling them The authors examine PIL s vast range of contemporary public policy concerns These include such general topics as the environment consumerism housing employment discrimination medical care occupational health and safety education finance and taxation A number of base studies are presented and a method for economic analysis and evaluation is

introduced and applied The study points to PIL s success in advocating under represented interests in winning courtroom decisions and in translating legal victories into reallocations of resources At the same time it notes the bias of PIL towards test case litigation a propensity to focus on judicial victories rather than on real social change and a tendency to use lawyers even when other types of professionals might be more effective Many of these problems stem from uncertainty of funding and legal restrictions on nonprofit organizations The result is a set of hurdles that distracts PIL firms from their principal goals The authors do not limit themselves to PIL but comment on the effectiveness of legal instruments as devices for social change and on the behavior of the voluntary nonprofit sector a little studied portion of the economy The book presents a fresh approach to the study of both collective type economic problems and institutional setting in which public interest law works This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 **Comparative Research across Cultures and Nations** Stein Rokkan,2021-03-22 No detailed description available for Comparative Research across Cultures and Nations **Minutes of the Meeting** Association of Research Libraries,1962 V 52 includes the proceedings of the conference on the Farmington Plan 1959
