## History and Organization

The American Society of Human Genetics (ASHG) was founded in 1892 as the American Society of Human Genetics. It was the first organization of its kind, and it has since become the leading international organization in the field of human genetics. The society's primary concern is the advancement of knowledge in the field of human genetics, and it has been instrumental in the development of many of the most important advances in the field. The society's membership is open to all who are interested in the field, and it has a long history of fostering international cooperation and collaboration. The society's activities include the publication of the *Journal of Human Genetics*, the organization of annual meetings, and the sponsorship of research grants and fellowships. The society's headquarters are located in the United States, and it has a large number of branches and chapters around the world.
