Socialism The National Revolution:

Socialism and the National Revolution Narendra Deva, 1987 *Socialism National or International* Routledge
Library Editions: Political Science Volume 48 Franz Borkenau, 2013-06-17 Dr Borkenau discusses the ideals of international socialism in the light of the realities of a world of strife and struggle. He maintains that socialist internationalism of the old type has little relation to the problems of the present. The world has become much more nationalist and the labour movements of all countries have had to give in to the forces of nationalism. He is sceptical of the revival of liberal democratic internationalism in the League and the attempt to revive the League in the shape of a Federal Union. He believes however that powerful forces are working in the direction of the growth of supernational units and points to symptoms of an impending sudden collapse of nationalism which would enable Labour to put itself at the head of an Anglo American peace similar to the Roman piece which for centuries gave quiet and prosperity to the world Leftism in India, 1917-1947
Satyabrata Rai Chowdhuri, 2025-05-30 This book provides a comprehensive account of the Leftist movements in India during the most decisive phase of its struggle for freedom. It also describes how the Leftist movements interacted with the mainstream Indian freedom movement led by the Indian National Congress guided by Mohandas Karamchand Gandhi and his ideology of non violence. This ideology directly opposed those who believed in Marxism Leninism and naturally their policies clashed at almost every stage of the freedom movement. These clashes gave rise to dramatic developments which have been described in this book in their proper context and analysed with scholarly objectivity. The book traces the early twentieth century socio political awakening of the bourgeois democratic class of Indian society the rise of Left wing nationalists following the Swadeshi Movement the activities of the early revolutionaries and the formation of the Communist Party of India abroad the growth of communism in India the growth of the Left wing within the Indian National Congress known as the Congress socialists and other Left parties and various labour and peasant movements. The book will be useful to the students researchers and teachers of Political Science History and South Asian Studies. Readers with an interest in South Asian politics and anyone wishing to gain a thorough understanding of the origin of the Left in India will also find the book interesting **(vol. I-II) Revolutionary and subversive movements abroad and at home** New York (State). Legislature. Joint Legislative Committee to Investigate Seditious Activities, 1921 Revolutionary Radicalism: (vol. I-II) Revolutionary and subversive movements abroad and at home New York (State). Legislature. Joint Committee Investigating Seditious Activities, New York (State). Legislature. Joint Legislative Committee to Investigate Seditious Activities, 1920 **Indigenous Struggle and the Bolivian National Revolution** James Kohl, 2020-11-26 Indigenous Struggle and the Bolivian National Revolution Land and Liberty reinterprets the genesis and contours of the Bolivian National Revolution from an indigenous perspective. In a critical revision of conventional works the author reappraises and reconfigures the tortuous history of insurrection and revolution counterrevolution and resurrection and overthrow and aftermath in Bolivia. Underlying the

history of creole conflict between dictatorship and democracy lies another conflict the unrelenting 500 year struggle of the conquered indigenous peoples to reclaim usurped lands resist white supremacist dominion and seize autonomous political agency The book utilizes a wide array of sources including interviews and documents to illuminate the thoughts beliefs and objectives of an extraordinary cast of indigenous revolutionaries giving readers a firsthand look at the struggles of the subaltern majority against creole elites and Anglo American hegemony in South America's most impoverished nation This book will be of interest to students and scholars of modern Latin American history peasant movements the history of U S foreign relations revolutions counterrevolutions and revolutionary warfare

Before the Holocaust Hermann Beck, 2022-07-28 As the Nazis staged their takeover in 1933 instances of antisemitic violence began to soar While previous historical research assumed that this violence happened much later Hermann Beck counteracts this drawing on sources from twenty German archives and focussing on this early violence and on the reaction of German institutions and the elites who led them Before the Holocaust examines the antisemitic violence experienced in this period from boycotts violent attacks robbery extortion abductions and humiliating pillory marches to grievous bodily harm and murder which has hitherto not been adequately recognized Beck then analyses the reactions of those institutions that still had the capacity to protest against Nazi attacks and legislative measures the Protestant Church the Catholic Church the bureaucracies and Hitler's conservative coalition partner the DNVP and the mindset of the elites who led them to determine their various responses to flagrant antisemitic abuses Individual protests against violent attacks the April boycott and Nazi legislative measures were already hazardous in March and April 1933 but established institutions in the German State and society were still able to voice their concerns and raise objections By doing so they might have stopped or at least postponed a radicalization that eventually led to the pogrom of 1938 Kristallnacht and the Holocaust

Socialism and the National Revolution Narendra Deva (Acharya.), 1987 **Bolshevism** Pavel Nikolaevich Miliukov, 1920 **A Transnational History of Right-Wing Terrorism** Johannes Dalfinger, Moritz Florin, 2022-03-30 A Transnational History of Right Wing Terrorism offers new insights into the history of right wing extremism and violence in Europe East and West from 1900 until the present day It is the first book to take such a broad historical approach to the topic The book explores the transnational dimension of right wing terrorism networks of right wing extremists across borders including in exile the trading of arms the connection between right wing terrorism and other forms of far right political violence as well as the role of supportive elements among fellow travelers the state security apparatus and political elites It also examines various forms of organizational and ideological interconnectedness and what inspires right wing terrorism In addition to several empirical chapters on prewar extreme right political violence the book features extensive coverage of postwar right wing terrorism including the recent resurgence in attacks This book will be of great interest to students and scholars of right wing extremism fascism Nazism terrorism and political violence
