

Socialism After Communism

The New Market Socialism

Christopher Pierson

Socialism After Communism

Robert Kilroy-Silk

Socialism After Communism:

Socialism After Communism Christopher Pierson, 1995 Christopher Pierson assesses the evidence of terminal decline but finds rather a whole series of deep seated challenges to traditional forms of socialist and social democratic thinking Above all these problems are to be found in the political economy of social democracy and its commitment to incremental change in the context of an increasingly globalized market economy The latter chapters of the book are devoted to an assessment of market socialism one of the most vigorous and innovative attempts to seek to recast socialist aspirations under these quite changed circumstances In essence market socialism represents an attempt to reconcile new forms of social ownership with the seeming ubiquity of the market Having outlined this position Pierson carefully and systematically critiques it and in the process develops a set of distinctive arguments about the nature of social ownership the potential of the labor managed economy and the appropriate forms for an extension of economic democracy The Capitalist Transformation of State

Socialism David Lane, 2013-11-20 David Lane outlines succinctly yet comprehensively the development and transformation of state socialism While focussing on Russia and the countries of Eastern Europe he also engages in a discussion of the Chinese path In response to the changing social structure and external demands he outlines different scenarios of reform He contends that European state socialism did not collapse but was consciously dismantled He brings out the West's decisive support of the reform process and Gorbachev's significant role in tipping the balance of political forces in favour of an emergent ascendant class In the post socialist period he details developments in the economy and politics He distinguishes different political and economic trajectories of countries of the former USSR the New Member States of the European Union and China and he notes the attempts to promote further change through coloured revolutions The book provides a detailed account not only of the unequal impact of transformation on social inequality which has given rise to a privileged business and political class but also how far the changes have fulfilled the promise of democracy promotion wealth creation and human development Finally in the context of globalisation the author considers possible future political and economic developments for Russia and China Throughout the author a leading expert in the field brings to bear his deep knowledge of socialist countries draws on his research on the former Soviet Union and visits to nearly all the former state socialist countries including China

Global Geographies of Post-Socialist Transition Tassilo Herrschel, 2006-09-27 Since the formal raising of the Iron Curtain there has been much interest in post socialism and the process of post socialist transition This timely book provides a systematic review and analysis of the process of transition Herrschel explores recent theories concepts and debates on post socialism and the notion of transition provides a systematic topical account of post socialist transitions around the world as evidence by social economic and political processes examines case studies of post socialist transition in east and Central Europe the former Soviet Union Asia and South East Asia and Africa and Latin America brings together theoretical and practical aspects by examining what lessons can be learned from recent experiences Global

Geographies of Post Socialist Transition provides a truly global comparative account of the meaning and processes of post socialist transition and will be an invaluable resource for all those interested in this area

The Economics of Socialism After World War Two J. Wilczynski, 2017-07-28 The most comprehensive and contemporary source available on socialist economic systems this book employs economic data from eight East European countries and Russia to provide readers with a thorough accurate picture of formerly Communist economies J Wilczynski carefully analyzes the major focal points of socialistic economics planning and market profit production and growth accumulation consumption labor land pricing money and banking fiscal policy and control domestic and foreign trade and international economics The treatment of the subject is objective and constructive when comparisons are made with capitalist economies both the strengths and weaknesses of socialism are brought out This is not however a book on comparative economic systems but rather a complete discourse on the actual principles of socialist economics Controversial issues such as the role of planning and the market profit rates of growth the consumer's place labor incentives pricing and controls are particularly well done This book can be used as a guide to the economics of formerly communist regimes and as text for courses in developmental economics and comparative economic systems It is well written by a scholar intimate with the plans policies and failures of communist economies from the close of The Second World War to the demise of Communist rule in Eastern Europe

Socialism Since Marx Robert Kilroy-Silk, 1973

Socialism and Modernity Peter Beilharz, 2009 This first collection of Peter Beilharz's highly influential thought traces the themes and problems manifestations and trajectories of socialism and modernity as they connect and shift over a twenty year period Woven throughout Beilharz's analysis is the urgent question of modern utopia how do we imagine freedom and equality in modernity The essays in this volume explore the relationship between socialism and modernity across the United States Europe and Australia from the mid 1980s to the turn of the twenty first century a time that witnessed the global triumph of capitalism and the dramatic turn away from Marxism and socialism to modernity as the dominant perspective According to Beilharz we have seen the expansion of a kind of Weberian Marxism with the concept of revolution giving way to the idea of pluralized forms of power and the idea of rupture giving way to the postmodern sense of difference These changes come together with the discourse of modernism both aesthetic and technological Socialism and modernity Beilharz argues are fundamentally interrelated In correcting the conflation of Marxism Bolshevism and socialism that occludes contemporary political thinking he reopens a space for discussion of what socialist politics might look like now in the postcommunist postcolonial postmodern moment

A Short History Of Soviet Socialism Mark Sandle, 2003-09-16 Mark Sandle is Lecturer in Russian and East European History at De Montfort University This book is intended for undergraduate courses on 20th century Soviet history the Cold War European history Soviet studies History of political thought Marxism Leninism The Left

Ideology and Soviet Politics Alex Pravda, Stephen White, 1988-07-26 The official ideology of Marxism Leninism is central to Soviet politics and yet its development in recent years has received very little

scholarly attention In this book a group of leading specialists drawn from both sides of the Atlantic advance decisively upon all earlier discussions of this subject to provide both an authoritative and detailed picture of the development of official ideology from the early years up to Gorbachev's 1986 Party Programme as well as a consideration of the changing role of ideology in Soviet foreign and domestic policy making The book will be required reading for all students of Soviet and communist politics it should also be of interest to a wider non specialist audience

Political Ideologies Vincent Geoghegan, 2003-09-02 This informative and widely used text is now available in a third edition Building on the success of previous editions it continues to provide a clear and accessible introduction to the complexities of political ideologies The latest edition of Political Ideologies introduces and considers the future of all the most widely studied ideologies liberalism conservatism socialism democracy nationalism fascism ecologism and feminism sets each ideology clearly within its historical and political context includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty first century has been fully revised and up dated and provides an annotated guide for further reading

Political Ideologies Robert Eccleshall, Vincent Geoghegan, Richard Jay, Michael Keeny, Ian MacKenzie, Richard Wilford, 2014-03-21 Now in its fourth edition Political Ideologies An Introduction continues to be the best introductory textbook for students of political ideologies Completely revised and updated throughout this edition features A comprehensive introduction to all of the most important ideologies Brand new chapters on multiculturalism anarchism and the growing influence of religion on politics More contemporary examples of twenty first century iterations of liberalism socialism conservatism fascism green political theory nationalism and feminism Enhanced discussion of the end of ideology debates and emerging theories of ideological formation Six new contributors Accessible and packed with both historical and contemporary examples this is the most useful textbooks for scholars and students of political ideologies The contributors to this volume have all taught or carried out research at the School of Politics International Studies and Philosophy of Queen's University Belfast or have close research connections with the School

The End of the Communist Revolution Robert V. Daniels, 2002-11 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company

Engaging Enemies Simon Griffiths, 2014-10-09 Friedrich Hayek was a founding figure of the neo liberalism that flourished in the 1980s Yet despite his antagonistic relationship with socialism his work became a surprising source of inspiration for several influential thinkers on the left This book explains the left's unusual engagement with Hayek and reflects on its significance Engaging Enemies uses the left's late discovery of Hayek to examine the contemporary fate of socialism and social democracy Did socialism survive the twentieth century Did it collapse with the fall of the Berlin Wall as Hayek claimed Or did it transform into something else and if so what In turn this allows an examination of ideological and historical continuity Was the left's engagement with Hayek part of a wider break with a period of ideological continuity that marked the twentieth century but which did not survive its ending As such the book is also a study of how ideologies change

with the times incorporating new elements and jettisoning others The left's engagement with Hayek was also influential on party politics particularly on the modernization of the Labour Party and the development of New Labour Engaging Enemies concludes with a discussion of the wider role of the market for the left today and the contemporary significance of the engagement with Hayek for Labour in the wake of the 2008 economic crisis

Cultural Landscapes of Post-Socialist Cities Mariusz Czepczynski, 2016-04-22 The cultural landscapes of Central European cities reflect over half a century of socialism and are marked by the Marxists vision of a utopian landscape Architecture urban planning and the visual arts were considered to be powerful means of expressing the people's power However since the velvet revolutions of 1989 this urban scenery has been radically transformed by new forces and trends infused by the free market democracy and liberalization This has led to landscape cleansing and recycling as these former communist nations used new architectural functional and social forms to transform their urbanscapes their meanings and uses Comparing case studies from different post socialist cities this book examines the culturally conditional variations between local powers and structures despite the similarities in the general processes and systems It considers the contemporary cultural landscapes of these post socialist cities as a dynamic fusion of the old communist forms and new free market meanings features and democratic practices of global influences and local icons The book assesses whether these urbanscapes clearly reflect the social cultural and political conditions and aspirations of these transitional countries and so a critical analysis of them provides important insights

Political Ideologies and the Democratic Ideal Terence Ball, Richard Dagger, Daniel I. O'Neill, 2016-08-31 Political Ideologies and the Democratic Ideal analyzes and compares political ideologies to help readers understand individual ideologies and the concept of ideology from a political science perspective This best selling title promotes open mindedness and develops critical thinking skills It covers a wide variety of political ideologies from the traditional liberalism and conservatism to recent developments in identity politics green politics and radical Islamism NEW TO THIS EDITION An expanded account of the right to vote and the U S Supreme Court's Citizens United decision A new section on fusionist conservatism that attempts to ally different kinds of conservatives A discussion of Putin's post Soviet expansion of Russia's territory and influence the apparent rebirth of Mao Zedong thought in China and the ideology of Juche in North Korea Coverage of democratic socialism in the context of Bernie Sanders presidential campaign Updates on fascism past and present A more in depth account of the origins of black liberation and a discussion of the new Black Lives Matter movement New directions in feminist theory and the impact of the Supreme Court's decision on same sex marriage An account of Pope Francis's 2015 encyclical on the environment and humans duty to protect it An expanded discussion of radical Islamism especially with regard to the varieties of Islamism the rise of the Islamic State ISIS and the effects of recent terrorist attacks on national and international politics Discussion questions added to the end of each chapter Additional graphs and photos throughout An updated author written Instructor's Manual and Test Bank

Heritage under Socialism Eszter

Gantner, Corinne Geering, Paul Vickers, 2021-10-15 How was heritage understood and implemented in European socialist states after World War II By exploring national and regional specificities within the broader context of internationalization this volume enriches the conceptual methodological and empirical scope of heritage studies through a series of fascinating case studies Its transnational approach highlights the socialist world's diverse interpretations of heritage and the ways in which they have shaped the trajectories of present day preservation practices **The Idea of the Good Society**

, 2025-05-15 This volume provides a comprehensive analysis of the political thought and practice of Raymond Plant Professor Lord Plant of Highfield and celebrates the three aspects of his public life which speak to his idea of the good society scholarship politics and civil society Firstly Plant's scholarship was remarkable in its breadth including philosophy social work political studies social policy theology and jurisprudence In particular Plant's work on Hegel the New Liberals social democracy Hayek and Rawls has had significant impact Secondly Plant's long association with the Labour Party which began in Grimsby in his youth through his friendship with the local MP Tony Crosland He later chaired the Party's commission into electoral reform took a seat on the Labour benches in the House of Lords and chaired the Fabian Society commission into taxation and citizenship Thirdly his work with civil society including time as President of the NCVO as chair of Centrepoint as a member of the Nuffield Council on Bioethics and appointment as a lay canon of Winchester Cathedral This collection brings together distinguished scholars and contemporaries on all of the main aspects of Plant's thought and practical work and honours the remarkable scope and influence of his life **The Promise of the Third Way** O. Newman, R. De Zoysa, Richard

De Zoysa, 2001-05-16 Aiming to transcend the outdated conflict between Left and Right the Third Way was welcomed by leading figures on the world stage Its programme of modernisation flexibility and community regeneration indicated a way forward for the New Age Within a firm market emphasis equality of opportunity and social inclusion were given a prominent place However its lack of direction and disinclination to face hard decisions have left its promise unfulfilled This book puts forward a rigorous rethinking towards making the Third Way an effective instrument of progress for Britain as well as abroad

Using Political Ideas Barbara Goodwin, 2007-05-07 This book offers a critique of contemporary political ideologies and an analysis of the ideas and concepts which we use in political arguments By revealing the interplay between ideas and ideologies it shows us why political opponents so often seem to argue at cross purposes *Postcolonial Perspectives on Postcommunism in Central and Eastern Europe* Dorota Kołodziejczyk, Cristina Șandru, 2017-10-02 A quarter of a century after the fall of the Berlin Wall and from the vantage point of a post Cold War globalised world there is a need to address the relative neglect of postcommunism in analysis of postcolonial and neo colonial configurations of power and influence This book proposes new critical perspectives on several themes and concepts that have emerged within or been propagated by postcolonial studies These themes include structures of exclusion inclusion formations of nationalism structures of othering and representations of difference forms and historical realisations of anti colonial anti imperial struggle the experience of

trauma involving issues of collective memory amnesia and the re writing of history resistance as a complex of cultural practices and concepts such as alterity ambivalence self colonisation dislocation hegemonic discourse minority and subaltern cultures Taken together this volume suggests that some of the methodological instruments of postcolonial criticism can be fruitfully applied to the study of postcommunist cultures and conversely that the experience of the Soviet brand of imperialist rule in the form of communism in East Central Europe can function as an ideological moderator in Third World oriented Marxist inspired postcolonial discourses This book was originally published as a special issue of the Journal of Postcolonial Writing

Conversations with Anthony Giddens Anthony Giddens, Christopher Pierson, 2013-05-02 Anthony Giddens has been described as the most important English social philosopher of our time Over twenty five years and even more books he has established himself as the most widely read and widely cited social theorist of his generation His ideas have profoundly influenced the writing and teaching of sociology and social theory throughout the English speaking world In recent years his writing has become much more explicitly political and in 1996 he took up his high profile appointment as Director of the London School of Economics and Political Science It is in this new position and with these new political ideas that he has been described as the key intellectual figure of New Labour in Britain Following the astonishing success of Labour in the 1997 General Election his ideas have been the focus of intense interest In this series of extended interviews with Chris Pierson Giddens lays out with customary clarity and directness the principal themes in the development of his social theory and the distinctive political agenda which he recommends This volume will be of great interest to second and third year students in sociology and social theory politics and political theory as well as to the general reader
