Narratives of Injury Rosalyn Buckland, 2024-11-29 *Narratives of Injury* redescribes the history of injury from the perspective of those most at risk rather than medical professionals and other outsiders Refocusing on the first hand perspectives found in literary texts and journalistic accounts it uncovers a self conscious tradition of mining stories running through nineteenth century writing The book examines both non canonical authors and famous novelists including Charles Dickens Joseph Skipsey G A Henty E H Burnett George Eliot Edward Tirebuck H G Wells and D H Lawrence Their narratives revise our understanding both of injury and of the radical potential of fiction Sudden physical injuries have often been configured as fundamentally unknowable by the victims themselves particularly in studies of nineteenth century literature and culture Likewise narratives of psychological trauma have been largely understood in Cathy Caruth's words as the attempt to master what was never fully grasped in the first place Such

readings privilege the reader as a necessary interpreter of physical or psychological injury By contrast *Narratives of Injury* reasserts the significance of patients own experiences choices and actions

Home in British Working-Class Fiction Nicola Wilson,2016-03-09 *Home in British Working Class Fiction* offers a fresh take on British working class writing that turns away from a masculinist work based understanding of class in favour of home gender domestic labour and the family kitchen As Nicola Wilson shows the history of the British working classes has often been written from the outside with observers looking into the world of the inhabitants Here Wilson engages with the long cultural history of this gaze and asks how home is represented in the writing of authors who come from a working class background Her book explores the depiction of home as a key emotional and material site in working class writing from the Edwardian period through to the early 1990s Wilson presents new readings of classic texts including *The Ragged Trousered Philanthropists* *Love on the Dole* and *Saturday Night and Sunday Morning* analyzing them alongside works by authors including James Hanley Walter Brierley Lewis Grassie Gibbon Buchi Emecheta Pat Barker James Kelman and the rediscovered ex mill girl novelist Ethel Carnie Holdsworth Wilson s broad understanding of working class writing allows her to incorporate figures typically ignored in this context as she demonstrates the importance of home s role in the making and expression of class feeling and identity

George Orwell and the Radical Eccentrics K. Bluemel,2016-04-30 *George Orwell and the Radical Eccentrics* celebrates the lives literature and politics of a group of four radical eccentrics the Tory anarchist poet Stevie Smith the Marxist Indian nationalist Mulk Raj Anand and the glamour girl turned socialist Inez Holden who formed a friendly circle around the famously radical and eccentric George Orwell Demonstrating that Smith Anand and Holden matter for literary history just as they mattered for Orwell *George Orwell and the Radical Eccentrics* gives name and shape to a neglected movement within interwar and wartime English writing It focuses on the lives and texts of Smith Anand and Holden in order to argue that these three writers throw into question limiting assumptions about art and politics about standard relations between literary form and sex gender race class and empire in ways that their group s most influential radical Orwell cannot Embarking upon a kind of biographical political cultural literary criticism this book brings the radical eccentrics vital potentially transformative conversation to the attention of scholars of English literature for the first time suggesting fascinating new approaches to the study of literary London during the thirties and forties

The Centenary Edition Raymond Williams Raymond Williams, 2021-05-01 In the words of the philosopher Cornel West Raymond Williams was the last of the great European male revolutionary socialist intellectuals A figure of international importance in the fields of cultural criticism and social theory Williams was also preoccupied throughout his life with the meaning and significance of his Welsh identity Who Speaks for Wales 2003 was the first collection of Raymond Williams's writings on Welsh culture literature history and politics It appeared in the early years of Welsh political devolution and offered a historical and theoretical basis for thinking across the divisions of nationalism and socialism in Welsh thought This new edition marking the centenary of Williams's birth appears at a very different moment After the Brexit referendum of 2016 it remains to be seen whether the writings collected in this volume document a vision of a Europe of the peoples and nations that was never to be realised or whether they become foundational texts in the rejuvenation and future fulfilment of that Welsh European vision Raymond Williams noted that Welsh history testifies to a quite extraordinary process of self generation and regeneration from what seemed impossible conditions This Centenary edition was compiled with these words in mind

Russomania Rebecca Beasley, 2020-03-31 Russomania Russian Culture and the Creation of British Modernism provides a new account of modernist literature's emergence in Britain British writers played a central role in the dissemination of Russian literature and culture during the early twentieth century and their writing was transformed by the encounter This study restores the thick history of that moment by analyzing networks of dissemination and reception to recover the role of neglected as well as canonical figures and institutions as well as individuals The dominant account of British modernism privileges a Francophile genealogy but the turn of the century debate about the future of British writing was a triangular debate a debate not only

between French and English models but between French English and Russian models Francophile modernists associated Russian literature especially the Tolstoyan novel with an uncritical immersion in life at the expense of a mastery of style and while individual works might be admired Russian literature as a whole was represented as a dangerous model for British writing This supposed danger was closely bound up with the politics of the period and this book investigates how Russian culture was deployed in the close relationships between writers editors and politicians who made up the early twentieth century intellectual class the British intelligentsia Russomania argues that the most significant impact of Russian culture is not to be found in stylistic borrowings between canonical authors but in the shaping of the major intellectual questions of the period the relation between language and action writer and audience and the work of art and lived experience The resulting account brings an occluded genealogy of early modernism to the fore with a different arrangement of protagonists different critical values and stronger lines of connection to the realist experiments of the Victorian past and the anti formalism and revived romanticism of the 1930s and 1940s future
