**Socialization and Values in Canadian Society** Elia Zureik,1985-01-15 Socialization and Values in Canadian Society [sound Recording] Pike, Robert M,Zureik, Elia,1978 *Cross-National Perspectives: United States and Canada* (=IJCS XVIII, 1-2) Presthus,2022-07-04 *Socialization and Values in Canadian Society: Political socialization* Elia Zureik,Robert M. Pike,1975 *Socialization and Values in Canadian Society* Elia Zureik,1975-01-15 *Political Support in Canada* Richard A. Preston,E. Donald Briggs,1983 All governments require popular support and in democracies this support must be maintained by noncoercive means This book analyzes the question of political support in Canada a country in which the maintenance of the integrity of the political community has been and continues to be in the words of the editors the single most salient aspect of the country s political life The nature of popular support is first considered in broad theoretical terms then from the standpoint of those agents most responsible for maintaining support in Canadian democracy then as influenced by particular issues and policies and finally as it affects and is affected by the separatist movement in Quebec

Armitage,1977-02 *Yearbook - Canadian Society for the Study of Education* Canadian Society for the Study of Education,1977 Tracing Ted Tetsuo Aoki's Intellectual Formation Patricia Baergen,2020-07-08 Through careful examination of Ted Aoki s life and work within its historical societal and intellectual context this text advances a new appreciation of the national distinctiveness of Canadian curriculum studies The book draws unique comparison between Aoki s writings and Heidegger s concept of being in the world In exploring Aoki s narratives on momentous life events the author attends to the interwoven dynamic and poetic essence of the scholar s intellectual formation and identifies a critically reflective style of theorizing By contextualizing Aoki s narrations on his momentous life events the text engages with Aoki s critical reflective and unique style of theorizing and foregrounds the prominent influence of Heidegger s phenomenology and writings on Aoki s thinking A major contribution to understanding Aoki s curriculum scholarship this book is an important resource for researchers and post graduate students working across curriculum studies discourse

*Conflict and Consensus in Switzerland* Carol L. Schmid,2024-03-29 Switzerland has long been an enigma in this age of cultural nationalism Its people speak four different languages and practice two major religions yet have managed to live in relative harmony At a time when the internal solidity of many countries is being shattered by discordant ethnic groups the situation in Switzerland lends credibility to the refreshing perspective that peaceful co existence of heterogeneous people is indeed possible Schmid analyzes the development of Switzerland s harmonious ethnic diversity arguing that this country has been able to establish a common civic culture that transcends cultural and ethnic boundaries and provides the foundation for the toleration among the various linguistic and religions groups that is generally evident today Regional autonomy linguistic equality a coalition of the political leaders of all

the major communities and proportionality for parliamentary election and allocation of civil service appointment has helped the diverse groups achieve a stable and relatively amicable confederation of cantons. Though surrounded by countries that define nationalism linguistically, Switzerland defies this norm and is instead united by a self-conscious political definition of nationhood. Schmid also examines the delicate problems this vital country now faces. How will it deal with the political status of the Jura, a region repeatedly threatened by intense linguistic and religious conflict, and what will be the fate of that voiceless non-national political minority, the foreign workers who threaten to disrupt Switzerland's complex balance of ethnic forces? Switzerland has long been an enigma in this age of cultural nationalism. Its people speak four different languages and practice two major religions yet have managed to live in relative harmony. At a time when the internal solidity of many countries is being challenged, this book is a welcome contribution.
