**Eva Kolinsky**

## **Society And Democracy In Germany:**

**Society and Democracy in Germany** Ralf Dahrendorf, 1967      **Society and Democracy in Germany** Ralf Dahrendorf, 1979      Fascist Italy and Nazi Germany Richard Bessel, 1996-03-28 A collection of essays comparing key aspects of Nazi Germany and Fascist Italy      Society, Culture, and the State in Germany, 1870-1930 Geoff Eley, 1996 Bold new essays on Germany's critical Kaiserreich period      **Germany's Second Reich** James Retallack, 2015-07-06 Despite recent studies of imperial Germany that emphasize the empire's modern and reformist qualities the question remains to what extent could democracy have flourished in Germany's stony soil In Germany's Second Reich James Retallack continues his career long inquiry into the era of Bismarck and Kaiser Wilhelm II with a wide ranging reassessment of the period and its connections with past traditions and future possibilities In this volume Retallack reveals the complex and contradictory nature of the Second Reich presenting Imperial Germany as it was seen by outsiders and insiders as well as by historians political scientists and sociologists ever since      **Parties, Opposition and Society in West Germany (RLE: German Politics)** Eva Kolinsky, 2018-10-24 In this volume originally published in 1984 the author examines the social composition of the electorate of membership and leadership of West German political parties as well as their representation and finances Kolinsky argues that while affiliation and electorates remained distinct the social composition of party organisations became narrower and more uniform The book examines how the parties became alienated from contemporary West German society and discusses the difficulties experienced by opposition parties in trying to develop alternative strategies in particular those of the Green Party      *Creating a Democratic Civil Society in Eastern Germany* C. Olivo, 2001-05-03 This book examines normative theories of civil society and deliberative democracy by using a case study of the East German citizen movements that led the democratic opposition against the communist regime These movements espoused political ideals and engaged in public activities with striking affinities to recent normative theoretical conceptions of civil society Tracing the history of the citizen movements from the 1970s through the 1990s this study analyzes their attempts to transform German politics through a politics of civil society This case reveals the democratic potential of civil society theories as well as the obstacles facing the realization of alternative visions of democracy in contemporary liberal democracies      *Society and Democracy in Germany by Ralf Dahrendorf, Thirty Years on* Leslie Juckel, 1996      *Civil Society and Memory in Postwar Germany* Jenny Wüstenberg, 2017-09-07 Blending history and social science this book tracks the role of social movements in shaping German public memory and values since 1945 Drawn from extensive original research it offers a fresh perspective on the evolution of German democracy through civic confrontation with the violence of its past Told through the stories of memory activists the study upends some of the conventional wisdom about modern German political history An analysis of the decades long struggle over memory and democracy shows how grassroots actors challenged and then took over public institutions of memorialization In the process confrontation of the Holocaust has been pushed to the centre of political culture In unified

Germany memory politics have shifted again as activists from East Germany have brought attention to the crimes of the East German state This book delivers a novel and important contribution to scholarship about postwar Germany and the wider study of memory politics      **Climate Action and Civil Society in Turkey and Germany** Hande Paker,2025-09-04 This

book explores the social and political dynamics that shape the impacts of climate change drawing upon Turkey and Germany to offer a comprehensive comparative analysis Civil society representatives the climate movement the youth and arts and culture actors from around the world unequivocally call for a deep transformation of political economic and social structures in order to avoid the devastating effects of climate change The transformation that is prescribed is perceived as insufficient technocratic and market based and does not involve challenging power relations at the heart of climate action This book addresses these concerns using a comparative analysis to explore the issues and efficiency of a meaningful sustainable transition The in depth comparison of two conventionally dissimilar cases Turkey and Germany demonstrates that civil society actors in different political settings can use similar strategies and frames for climate action against state actors In turn states use similar depoliticization strategies albeit via different mechanisms and economic growth narratives to reproduce hegemony The book untangles the different processes that create the contentious politicized common ground in which these stakeholders interact with each other The findings of this research have significant implications for many developing and developed countries alike where climate policymaking is painstakingly inadequate This book will be of interest to students researchers and academics interested in political ecology climate politics and politics of development

**United Society of Boilermakers & Iron Shipbuilders' Monthly Report** United Society of Boilermakers and Iron and Steel Shipbuilders,1916      *Society and Politics in Wilhelmine Germany (Routledge Revivals)* Richard J. Evans,2015-06-03 In the search for the causes of the First World War and the origins of Hitler s Third Reich the attention of historians has turned increasingly towards the development of German society under Kaiser Wilhelm II These ten essays first published in 1978 introduced interpretations of Wilhelmine Germany to an English speaking audience and contributed towards the discussion of these interpretations that were taking place amongst German historians This book is ideal for student of history particularly German history      **School & Society** James McKeen Cattell,Will Carson Ryan,Raymond Walters,1919

*Culture in the Federal Republic of Germany, 1945-1995* Reiner Pommerin,1996 Postwar German culture East and West and the political implications of various cultural developments are the focus of this provocative study by some of Germany s leading cultural and intellectual historians Many of the contributors Hermann Glaser and Kurt Sontheimer in particular have played important roles in the development of cultural activities in the Federal Republic and offer an insider s perspective on the literature architecture performing arts theatre and cinema of this tumultuous period Another insider distinguished biomathematical scholar Jens Reich renowned for his personal struggle for civil rights in the former German Democratic Republic and for his presidential candidacy in the last German elections analyzes the political culture of the former GDR and

the relationship between East and West Germans This book presents the first historical perspective on Germany's postwar cultural history and offers students and scholars a vivid picture of politics and culture during a unique period in German history

**School and Society**, 1917 *State, Society, and the Elementary School in Imperial Germany* Marjorie Lamberti, 1989-10-05 The much admired school system of 19th century Germany served as a model for the educational systems of many other countries including Britain and the United States In this illuminating study of German primary schools Lamberti examines an educational tradition that was the object of wide emulation but which was often misinterpreted by its admirers Lamberti also explores the political significance of German educational policies in the Kulturkampf in the suppression of Polish nationalism in the eastern provinces and more generally in the struggle between the competing strands of liberalism and authoritarianism in the German state

**Germany** Sabine Baring-Gould, 1898 **Germany** Baring-Gould, 1882 Education & Society in Modern Germany Samuel, R. H. and Thomas R. Hinton, 2013-08-21 First published in 1998 This is Volume VII of twenty eight in the Sociology of Education series Written in 1948 this book gives a concise and critical assessment of education in modern Germany The authors have concentrated on those most integrally bound up with the significant trends in German life with each chapter except the last dealing with the situation in post Hitler Germany extends to the close of the Nazi regime Considering this as a break potentially more radical than any that has occurred in German history they have written of the situation preceding it always in the past tense even when discussing features that have survived it

Germany, Present and Past Sabine Baring-Gould, 1881
