Society Security Sovereignty And The State In Somalia From Statelebbeh To Statelebbeh:

Society, Security, Sovereignty and the State in Somalia Maria Brons, 2001 An analysis of internal dynamics of the Somali conflict and the relation between state and society taking society and not the state as main reference point Includes a discussion of UN UNHCRs involvement in assistance to refugees in the special Somali situation of statelessness **State Collapse and Post-conflict Development in Africa** Abdullah A. Mohamoud, 2006 Mohamoud's work considers the underlying causes for the breakdown of the state across both time and space Time is considered across the triple history the pre colonial colonial and post colonial processes Space is used in the sense of taking the whole of Somalia as a unit of analysis This approach enables the discovery of different structural crises over a period of time and examines these cumulative effects on the current upheavals in Somalia Among the approaches State Collapse and Post Conflict Development in Africa covers the constraints in the harsh material environment the subsistence pastoral mode of existence the colonial intervention and the subsequent division of the land into five parts Cold War geopolitics decades of armed struggles and the post colonial crisis of governance Dr Abdulla Awil Mohamoud runs SAHAN an academic research and consultancy agency which conducts policy oriented research and fact finding missions abroad mainly in Africa undertakes evaluation and monitoring activities provides training and offers advisory services on integration and multi cultural issues He holds an MA degree from Jawaharlal Nehru University New Delhi and earned his PhD at the University of Amsterdam Mohamoud has served regularly as an election observer in UN EU Council of Europe and OSCE missions to conflict and war torn societies to East Timor Kosovo Nigeria Serbia and Zimbabwe **Critical Realism, Somalia and the Diaspora Community** Abdullahi Haji-Abdi, 2013-12-17 Critical Realism Somalia and the Diaspora Community equips new researchers with a simplified knowledge of critical realism suitable to the degree of their comprehension Moreover it offers a step by step example of research using all levels of critical realism This book resulted from the endeavour of a researcher new to critical realism who however sought to apply all parts and phases of critical realism to his subject matter The book is divided into three parts Part 1 provides an outline of the three phases of critical realism original basic critical realism dialectical critical realism and the philosophy of metaReality Part 2 presents a case study that applied critical realism as a research theory framework The case study explores the formation of the Somali Community Organisations in the UK and develops a retroductive model that outlines their role in engaging the Somali Diaspora Community with the issue of sustainability Part 3 presents reflections towards the geo historical study of Somalia and explains the origins of the civil war and the dispersal that resulted in the formation of Somali Diaspora Communities in different parts of the world This book will be of interest to Critical Realists researchers on and in Africa agencies interested in Somali affairs researchers on diaspora and refugees Somali Community Co ordinators and local council authorities in the UK and Europe **The Suicidal State in Somalia** Mohamed Haji Ingiriis, 2016-04-01 This book is a critical reposition of the study of military regimes in Africa Documenting and delving deep

into the reign and rule of General Mohamed Siad Barre regime in Somalia from 1969 up to 1991 the book puts emphasis on African agencies ostensibly shaped by external beneficiaries and patrons over what went wrong with Africa after the much awaited post colonial period It does so by critically engaging with the wider theoretical and conceptual frameworks in African Studies which more often than not tend to attribute the post colonial African State raptures to colonialism The main thesis of the book is that colonialism left Africa on its own space wherein African leaders could have made a difference By putting discrete perspectives into historical context the book circumnavigates through comparative and comprehensive holistic approach to the Siad Barre regime to reveal how colonialism did not produce less than what criminalisation of the State resulted in Somalia This empirical analysis is crucial to understanding the contemporary conundrum facing the Somali world today The argument is that the contemporary conflicts are not only attributable to but also because of the past plunders of the post colonial leaders trained by the departed colonial authorities Employing nuanced analytic concepts and categories the aim of the book is to refine the past to recapture the present and envision the future Framing new ways of analyzing military regimes in Africa begins with re assessment of how the Siad Barre regime was previously approached Marshalling extensive and extraordinary amount of sources the book unveils the intricacies and contradictions of the dictatorship and its impact on the Somali psyche The book locates the evolution of the regime within the wider context of the Cold War political contestation between the East and the West Unparalleled in depth and analysis this book is the first full length scholarly study of the Siad Barre regime systematically explaining the politics and process of the dictatorial rule The historicity of exploring Somali State trajectory entails employing a Braudelian *longue dur e* approach Thus three interrelated sets of contexts questions inform the study how Siad Barre himself came into power how he ruled and maintained his authoritarian reign over the Somalis and who had assisted him from inside and outside the Somali world

Sovereignty, State Failure and Human Rights Neil Englehart, 2017-05-08 This book argues that the effectiveness of the state apparatus is one of the crucial variables determining human rights conditions and that state weakness and failure is responsible for much of the human rights abuses we see today Weak states are unable to control their own agents or to police abuses by private actors resulting in less accountability and more abuse By contrast stronger states have greater capacities to protect human rights even strong authoritarian states tend to have better human rights conditions than weak ones The first two chapters of the book develop the theoretical connections between international law sovereignty states and rights and the consequences of state failure for these relationships The empirical chapters Chapters 3 6 test the validity of these theoretical claims employing a multi method approach that combines quantitative and qualitative methods Englehart uses case studies of Afghanistan Burma Myanmar and the Indian state of Bihar to analyze types and patterns of state failure based on analysis of NGO reports archival research primary and secondary texts and interviews and field research Examining what happens to human rights when states fail the book concludes with implications for scholars and activists concerned with human rights This book will

be of great use to scholars of international relations comparative politics human rights law and state sovereignty
