Rethinking Northern Ireland David Miller, 2014-09-25 Rethinking Northern Ireland provides a coherent and critical account of the Northern Ireland conflict Most writing on Northern Ireland is informed by British propaganda unionist ideology or currently popular ethnic conflict paradigm which allows analysts to wallow in a fascination with tribal loyalty Rethinking Northern Ireland sets the record straight by reembedding the conflict in Ireland in the history of an literature on imperialism and colonialism Written by Irish Scottish and English women and men it includes material on neglected topics such as the role of Britain gender culture and sectarianism It presents a formidable challenge to the shibboleths of contemporary debate on Northern Ireland A just and lasting peace necessitates thorough re evaluation and Rethinking Northern Ireland provides a stimulus to that urgent task **Breathing the Same Air** Abigail Stahl McNamee Ed.D. Ph.D., 2014-08-05 The common goal of integrated education in Northern Ireland is to bring Protestant and Catholic children together in schools in an attempt to foster an atmosphere of mutual understanding and respect These integrated schools stress what the divided communities have in common rather than what divides them They remain however a small percentage of Northern Ireland's schools There are many stories of the long discord in Northern Ireland between the Protestant and Catholic communities Breathing the Same Air Children Schools and Politics in Northern Ireland focuses on the stories of the integrated education movement the context in which it began and continues to develop and an American researcher's experience as she learned of these stories Dr Abigail Stahl McNamee is an American educator who went to Northern Ireland for many years to write about the stories of the integrated education movement She asks What families and school personnel have participated in the movement What risks have they taken to do so What church personnel and politicians have supported it What do the children who attend an integrated school and those who attend the State Protestant and Catholic schools in the same community understand about the uniqueness of the school that they attend Do their

friendship patterns extend beyond their own school to the other schools in their community How has the integrated education movement changed over the years How can this movement resonate with Americans *Interpreting Northern Ireland* John Whyte,1991-10-03 Relative to its size Northern Ireland is possibly the most heavily researched area on earth hundreds of books and thousands of articles have been published since the current troubles began in the mid 1960s John Whyte had been studying Northern Ireland since the mid 1960s In *Interpreting Northern Ireland* he provides a badly needed guide to the mass of literature and comment In Part I he surveys the research on the nature and extent of the community divide examining in turn the religious economic political and psychological aspects of the issue In Part II he discusses ideological interpretations of the Northern Ireland problem from unionist and nationalist to Marxist In the final section of the book he surveys the various solutions that have been proposed and looks critically at what the mass of research has achieved He suggests that if it has not achieved more it may be because it has sometimes asked the wrong questions *Northern Ireland and the Politics of Reconciliation* Dermot Keogh,Michael H. Haltzel,1993 This collection adds to the extensive literature on Northern Ireland and Ireland by bringing together the leading academic and political figures working in the field and offering a comprehensive multidisciplinary overview of the historical process The topics discussed include the remote and proximate causes of the conflict fresh developments within the two states on the island the role of the Roman Catholic Church the rise of the ecumenical movement and the impact of the 1985 Anglo Irish Agreement on the triangular relationship between Dublin Belfast and London The volume concludes with an evaluation of likely impact of membership of the European Community on the conflict in Northern Ireland The contributors to this book do not offer any easy solutions but provide a context in which the problem may be better understood by the international scholarly community and by the interested general reader **Adolescents, Cultures, and Conflicts** Jari-Erik Nurmi,2020-03-12 First published in 1998 Adolescent development and well being are both affected by socio political change political violence immigrant status and various types of cultural social and institutional diversity These are realities faced by many adolescents in Europe today This book examines these circumstances and also the impact of recent socio political changes in Eastern Europe and conflicts in Northern Ireland Adolescent identities are looked at as well as the effects of prejudice towards immigrant youths from their host societies **Social Conflicts and Collective Identities** Patrick G. rhetoric **The Psychology of Genocide and Violent Oppression** Richard Morrock,2014-01-10 The twentieth century was one of the most violent in all of human history with more than 100 million people killed in acts of war and persecution ranging from the Herero and Namaqua genocide in present day Namibia during the early 1900s to the ongoing conflict in Darfur This book explores the root causes of genocide looking into the underlying psychology of violence and oppression Genocide does not simply occur at the hands of tyrannical despots but rather at the hands of ordinary citizens whose unresolved pain and oppression forces them to follow a leader whose demagoguery best expresses their own long developed prejudices and fears The book explains how birth trauma childhood trauma and authoritarian education can be seen as the true causes of genocidal periods in recent history Post-Traumatic Therapy And Victims Of Violence Frank
