Foundation: The Sociological Imagination

First, a story from Malcolm Gladwell's book *Outliers*
Roseto Valfortore, Italy

- What Wolf slowly realized was that the secret of Roseto wasn't diet or exercise or genes or the region where Roseto was situated. It had to be the Roseto itself. As Bruhn (sociologist!!) and Wolf walked around the town, they began to realize why. They looked at how the Rosetans visited each other, stopping to chat with each other in Italian on the street, or cooking for each other in their backyards. They learned about the extended family clans that underlay the town's social structure. They saw how many homes had three generations living under one roof, and how much respect grandparents commanded. They went to Mass at Our Lady of Mt. Carmel Church and saw the unifying and calming effect of the church. They counted twenty-two separate civic organizations in a town of just under 2000 people. They picked up on the particular egalitarian ethos of the town, that

Burgess, 2016-11-03 This edition of Park and Burgess s introduction to sociology is unabridged and illustrated with the original tables allowing the reader comprehension of the sociological

principles explained by the authors This textbook's mission is to detail every fundamental tenet of the sociology as a discipline This is an all encompassing guidebook which both introduces and demystifies the science of sociology for the curious reader or student The entire first chapter is devoted to explaining the relationship of sociology with various other disciplines and the theories of society which give rise to its most distinctive traits and approaches This model of explanation is sustained throughout the entire text each chapter focuses on a particular field of sociological interest beginning with questions about humans and their nature How people behave and interact with one another in everyday society and whether such behaviors are altruistic or individualistic law abiding or otherwise is discussed Park and Burgess are informed by theories such as Darwin's theory of evolution and utilise these to supplement their explanations The notions of how humans work together compete or act alone and in groups of various sizes be it on the scale of a partnership a family an ethnic or local grouping or on a nationwide basis is also covered How people build their societies and to what degree their endeavors result in an accepting attitude and assimilation of outsiders is investigated Later in the book the notion of centralized control over the wider society comes to the fore By what means such control is exerted and the historical responses of various methods are looked at in detail Finally there is an examination of how humans may behave collectively as in a crowd or united in a purpose or ideal and the various machinations through which human society progresses and prospers In the manner of a good textbook there are a selection of questions and problems situated at the conclusion of every chapter These enable the reader to keenly review their own understanding of the explained principles Furthermore the unabridged chapters each have a bibliography appended so that the reader may if desired independently research the myriad sources drawn upon by Park and Burgess
