Speaking Out The Reagan Presidency From Inside The White House

Richard Reeves

Speaking Out The Reagan Presidency From Inside The White House:

Speaking Out Larry Speakes, Robert Pack, 1988 An account of the major events of the first six years of the Reagan administration Speechwriting in the Institutionalized Presidency Kenneth Collier, 2018-04-18 This book traces the evolution of the speechwriting process for presidents in the White House from the administration of Franklin Roosevelt to the present While institutionalization of the speechwriting process has often been blamed for bland presidential rhetoric this book draws out the many varied consequences of institutionalization on the speechwriting process Ultimately it concludes that the institutionalization of the process has actually served the presidency well by helping presidents avoid the adverse effects of poorly chosen words *President Reagan* Richard Reeves, 2005-12-23 Twenty five years after Ronald Reagan became president Richard Reeves has written a surprising and revealing portrait of one of the most important leaders of the twentieth century As he did in his bestselling books *President Kennedy Profile of Power* and *President Nixon Alone in the White House* Reeves has used newly declassified documents and hundreds of interviews to show a president at work day by day sometimes minute by minute *President Reagan The Triumph of Imagination* is the story of an accomplished politician a bold even reckless leader a gambler a man who imagined an American past and an American future and made them real He is a man of ideas who changed the world for better or worse a man who understands that words are often more important than deeds Reeves shows a man who understands how to be President who knows that the job is not to manage the government but to lead the nation In many ways a quarter of a century later he is still leading As his vice president George H W Bush said after Reagan was shot and hospitalized in 1981 We will act as if he were here He is a heroic figure if not always a hero He did not destroy communism as his champions claim but he knew it would self destruct and hastened the collapse No small thing He believed the Soviet Union was evil and he had contempt for the established American policies of containment and détente Asked about his own Cold War strategy he answered We win They lose Like one of his heroes Franklin D Roosevelt he has become larger than life As Roosevelt became an icon central to American liberalism Reagan became the nucleus holding together American conservatism He is the only president whose name became a political creed a noun not an adjective Reaganism Reagan's ideas were so old they seemed new He preached an individualism inspiring and cruel that isolated and shamed the halt and the lame He dumbed down America brilliantly blending fact and fiction transforming political debate into emotion driven entertainment He recklessly mortgaged America with uncontrolled military spending less taxation and more debt In focusing on the key moments of the Reagan presidency Reeves recounts the amazing resiliency of Ronald Reagan the real comeback kid Here is a seventy year old man coming back from a near fatal gunshot wound from cancer from the worst recession in American history Then in personal despair as his administration was shredded by the lying and secrets of hidden wars and double dealing he was able to forge one of history's amazing relationships with the leader of the Evil Empire That story is told for the first time using the transcripts of the Reagan

Gorbachev meetings the climax of an epic story as if he were here *Vice Presidents* L. Edward Purcell, 2010 The majority of our vice presidents have been people of extraordinarily high aspiration ability and achievement For some the vice presidency was the deflating end of a political career for others the office was a stepping stone to the presidency **History of the Mass Media in the United States** Margaret A. Blanchard, 2013-12-19 The influence of the mass media on American history has been overwhelming History of the Mass Media in the United States examines the ways in which the media both affects and is affected by U S society From 1690 when the first American newspaper was founded to 1995 this encyclopedia covers more than 300 years of mass media history History of Mass Media in the United States contains more than 475 alphabetically arranged entries covering subjects ranging from key areas of newspaper history to broader topics such as media coverage of wars major conflicts over press freedom court cases and legislation and the concerns and representation of ethnic and special interest groups The editor and the 200 scholarly contributors to this work have taken particular care to examine the technological legal legislative economic and political developments that have affected the American media

Casanova Was A Book Lover John Maxwell Hamilton, 2000-04 Everyone knows which books people buy they can just look at the best seller lists But who knows which books people steal Who for that matter knows that authors ruin the book market by writing too much Or why book critics are not critical Or why librarians need to throw out more books Who indeed knows the answer to that all important question in our democracy should presidents and presidential candidates write books The answer is no In this irreverent analysis of the book industry John Maxwell Hamilton a longtime journalist and public radio commentator answers these questions and many more proving that the best way to study books is not to take them too seriously He provides a rich history of the book from the days when monks laboriously hand copied texts to the tidal wave of Titanic tie ins and gives a succinct overview of the state of the industry today including writing marketing promoting reviewing ghostwriting and collecting Throughout Hamilton peppers his prose with spicy tidbits of information that will fascinate bibliophiles everywhere For instance did you know that Walt Whitman was fired from a government job because his boss found *Leaves of Grass* and its author immoral Or that the most stolen book in the United States is the Bible followed by *The Joy of Sex* How about that Dan Quayle s 1989 Christmas card read May our nation continue to be a beacon of hope to the world Or that Casanova was an ardent lover of books as well as women Hamilton offers an inside look at the history and business of book reviewing explaining why more often than not reviewers resemble counselors at a self esteem camp and examining the enormous impact of the Oprah effect on the market As the self appointed Emily Post of the book world he advises publishers authors and readers on proper etiquette for everything from book parties Feel free to build a party around a theme in a book no matter how tacky and jacket photos You should not show off your new baby unless your book is about raising kids to book signings Just because an author has given you an autograph does not mean they want to become your pen pal and promotion by friends and relatives They should carry the book at all times on public transportation with the

cover showing Both edifying and enjoyable Casanova Was a Book Lover fills a Grand Canyon sized void in the literature on literature It is indispensable for book enthusiasts who want to know the naked truth about reading writing and publishing

Conservatism, Consumer Choice, and the Food and Drug Administration during the Reagan Era Lucas

Richert,2014-05-16 In the last quarter of the 20th century politicians in Washington as well as interest groups regulatory policy makers and drug industry leaders were forced to confront the hot button issue of pharmaceutical regulation The struggle always centered on product innovation consumer protection and choice in the free market As the American economy stuttered in the late 1970s the stakes were extremely high for the powerful drug industry and the American public At the center of this drama was the Food and Drug Administration which was censured from both the left and right of the political spectrum for being too strict and too lenient in the application of its regulatory powers Lucas Richert explores the FDA drugs and politics in the context of the watershed Reagan era a period when the rhetoric of limited government reduced regulation and enhanced cooperation between businesses and U S regulatory agencies was on the ascent As he investigates the controversies surrounding Laetrile Reye s Syndrome Oraflex patient package inserts diet pills and HIV AIDS drugs Richert argues that the practical application of conservative economic principles to the American drug industry was A Prescription for Scandal

FDR and Reagan John W. Sloan,2008 A sharp analysis of the similarities differences and impact of the presidencies of Franklin Roosevelt and Ronald Reagan two iconic figures representing polar opposites of twentieth century American politics

Guide to the Presidency and the Executive Branch Michael Nelson,2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President

supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

The Faces of Power Seyom Brown, 1994 In the new edition of this major work Seyom Brown brings his authoritative account of United States foreign policy completely up to date with analyses of the Truman administration to the Clinton administration Most notably Brown provides an insightful overview of the last three presidencies beginning with an expanded treatment of the Reagan years to the first major scholarly assessment of Bush's foreign policies to Clinton's early ambivalence toward grappling with the dilemmas of the post Cold War world
