Special Edition, 1996 Lands and Peoples Special Edition, 1991 Spotlights political changes in Europe focusing on the fall on communism *Recommended Reference Books for Small and Medium Sized Libraries and Media Centers*, 1998 Bohdan S. Wynar, 1998-05 **The Changing Face of World Cities** Maurice Crul, John Mollenkopf, 2012-08-01 A seismic population shift is taking place as many formerly racially homogeneous cities in the West attract a diverse influx of newcomers seeking economic and social advancement In *The Changing Face of World Cities* a distinguished group of immigration experts presents the first systematic data based comparison of the lives of young adult children of immigrants growing up in seventeen big cities of Western Europe and the United States Drawing on a comprehensive set of surveys this important book brings together new evidence about the international immigrant experience and provides far reaching lessons for devising more effective public policies *The Changing Face of World Cities* pairs European and American researchers to explore how youths of immigrant origin negotiate educational systems labor markets gender neighborhoods citizenship and identity on both sides of the Atlantic Maurice Crul and his co authors compare the educational trajectories of second generation Mexicans in Los Angeles with second generation Turks in Western European cities In the United States uneven school quality in disadvantaged immigrant neighborhoods and the high cost of college are the main barriers to educational advancement while in some European countries rigid early selection sorts many students off the college track and into dead end jobs Liza Reisel Laurence Lessard Phillips and Phil Kasinitz find that while more young members of the second generation are employed in the United States than in Europe they are also likely to hold low paying jobs that barely life them out of poverty In Europe where immigrant youth suffer from higher unemployment the embattled European welfare system still yields them a higher standard of living than many of their American counterparts Turning to issues of identity and belonging Jens Schneider Leo Chavez Louis DeSipio and Mary Waters find that it is far easier for the children of Dominican or Mexican immigrants to identify as American in part because the United States takes hyphenated identities for granted In Europe religious bias against Islam makes it hard for young people of Turkish origin to identify strongly as German French or Swedish Editors Maurice Crul and John Mollenkopf conclude that despite the barriers these youngsters encounter on both continents they are making real progress relative to their parents and are beginning to close the gap with the native born *The Changing Face of World Cities* goes well beyond existing immigration literature focused on the United States experience to show that national policies on each side of the Atlantic can be enriched by lessons from the other *The Changing Face of World Cities* will be vital reading for anyone interested in the young people who will shape the future of our increasingly interconnected global economy Catalog of audiovisual productions United States. Assistant Secretary of Defense (Public Affairs), 1984 **Reference Books Bulletin**, 1997 **Book Review Digest**, 2001 Reference Books Bulletin, 1996 to 1997 Mary E.
