Fenn, 2001-06-21 This book attempts to articulate the nature of a secular society describe its benefits and suggests the conditions under which such a society could emerge To become secular argues Fenn is to open oneself and one's society to a wide range of possibilities some interesting and exciting some burdensome and dreadful While some sociologists have argued that a Civil Religion is necessary to hold together our newly religionless society Fenn urges that there is nothing to fear and everything to gain from living in a society that is not bound together by sacred memories and beliefs or by sacred institutions and practices **Dynamics of Desacralization** Paola Partenza, 2015-01-28 The idea of desacralization has become almost commonplace attributing to the word the rejection of what is sacred One might think that it is strictly connected to theology and its system or suppose that it implies the relationship human beings have with anything that can express a denial of the spiritual part of life The concept of desacralization has numerous meanings either from a philosophical or a literary viewpoint The scholars investigation of

Dynamics of Desacralization has made this collection of essays rich and varied revealing new worlds the different authors have created What they do is to narrate various types of desacralization interrogating the nature of novels poems or works of art certain aspects of being are revealed through various expressions engaging the multiple levels and the meaning of desacralization providing an articulation and interpretation of it **Contemplative Literature** Louis Komjathy,2015-08-31
