Spectrum A Of Verse:

Qur'an Nicolai Sinai,2018-09-30 Overturns orthodox thinking about morality in Shakespeare s plays by updating our understanding of the human mind **Free Verse** Charles O. Hartman,2014-07-14 To make sense of free verse in theory or in practice the whole study of prosody the function of rhythm in poetry must be revised and rethought Stating this as the issue that poets and critics have faced in the past century Charles Hartman takes up the challenge and develops a theory of prosody that includes the most characteristic forms of twentieth century poetry Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Ezra Pound's Early Verse and Lyric Tradition** Robert Stark,2012-10-15 Traces the lyricism and musicality in Pound s early verse through to his radical Modernist style Robert Stark argues that Pound learned how to write poetry more or less as if it was a foreign tongue or poetic jargon with a unique lexicon grammar and even morphology and that his most innovative poetry is the result of his ambivalent orientation towards different European literary traditions Stark contextualizes Pound s poetic craft by examining his relationship to the Mediaeval and Classical originators of the methods he employs and by considering the practice and criticism of his immediate Victorian and Romantic predecessors He explores the influence of poets such as Francois Villon Guido Cavalcanti Robert Burns Robert Browning Algernon Charles Swinburne and Walt Whitman on Pound s lyrical style For Stark Pound s multi vocalism arises out of his interest in dialect and the acoustic qualities of speech which leads to a modern barbarous language marked by polysemy and heterogeneity

Anthology of Magazine Verse and Anthology of Poems from the Seventeen Previously Published Braithwaite

Anthologies ,1917 *A Prosody of Free Verse* Richard Andrews,2016-07-15 There is to date no comprehensive account of the rhythms of free verse The main purpose of A Prosody of Free Verse explorations in rhythm is to fill that gap and begin to provide a systematic approach to describing and analyzing free verse rhythms Most studies have declared the attempt to write such a prosody as impossible they prefer to see free verse as an aberrant version of regular metrical verse They also believe that behind free verse is the ghost of metre Running against that current A Prosody of Free Verse bases its new system on additive rhythms that do not fit conventional time signatures Inspiration is taken from jazz contemporary music and dance not only in their systems of notation but in performance The book argues that twentieth and twenty first century rhythms in poetry as based on the line rather than the metrical foot as the unit of rhythm and that larger rhythmic structures fall into verse paragraphs rather than stanzas **Anthology of Magazine Verse for ...** ,1917 *Anthology of Magazine Verse for 1913-29 and Yearbook of American Poetry* William Stanley Braithwaite,1917
