Jennifer Vance,2015-02-03 King Solomon is considered one of the wealthiest kings in history as well as one of history's wisest rulers During his 40 year reign Solomon built Israel into a regional power and established diplomatic relationships that brought peace to the region However at the end of his life Solomon became corrupted by pride and power His moral decay led to the division of his kingdom and sowed the seeds for Israel's eventual destruction The story of Solomon demonstrates the impact that the actions and decisions of one person whether good or bad can have on others **Cartography of Faith**

Dr. Dixil Lisbeth Rodriguez,2024-02-05 Stories are the very fabric of life and ministry and they reiterate that God is present in our lives Dr Dixil Lisbeth Rodriguez has collected stories of her learning interactions with others and of her observations within the scope of academia and chaplaincy She was driven to do so by a desire to find lessons from Scripture in everyday life In this book she leads readers on a reflective journey of faith sharing moments where she's been inspired and engaged by the divine While such encounters are often brief they can bring significant meaning to life engaging questions the reader may be challenged and familiar with She shares her insights with the belief that we are not irrelevant to God and that each one of us should search for the obvious work of the Spirit in our lives and in that of others That can be a true challenge in a world that moves at a fast pace and where technology tends to deprive us of a meaningful direct and personal connection with others These stories are a testimony that human beings are not abandoned by God they provide evidence that God is active in our individual lives through the Holy Spirit **A Course of Lessons In the French Language On the Robertsonian**
