ICE Workplace Raids United States. Congress. House. Committee on Education and Labor. Subcommittee on Workforce Protections,2008 Immigration Raids United States. Congress. House. Committee on the Judiciary. Subcommittee on Immigration, Citizenship, Refugees, Border Security, and International Law,2009 **Carceral Logics** Lori Gruen,Justin Marceau,2022-04-14 Carceral logics permeate our thinking about humans and nonhumans We imagine that greater punishment will reduce crime and make society safer We hope that more convictions and policing for animal crimes will keep animals safe and elevate their social status The dominant approach to human animal relations is governed by an unjust imbalance of power that subordinates or ignores the interest nonhumans have in freedom In this volume Lori Gruen and Justin Marceau invite experts to provide insights into the complicated intersection of issues that arise in thinking about animal law violence mass incarceration and social change Advocates for enhancing the legal status of animals could learn a great deal from the history and successes and failures of other social movements Likewise social change lawyers as well as animal advocates might learn lessons from each other about the interconnections of oppression as they work to achieve liberation for all This title is also available as Open Access on Cambridge Core **The Cambridge Handbook of Labor and Democracy** Angela B. Cornell,Mark Barenberg,2022-01-20 We are currently witnessing some of the greatest challenges to democratic regimes since the 1930s with democratic institutions losing ground in numerous countries throughout the world At the same time organized labor has been under assault worldwide with steep declines in union density rates In this timely handbook scholars in law political science history and sociology explore the role of organized labor and the working class in the historical construction of democracy They analyze recent patterns of democratic erosion examining its relationship to the political weakening of organized labor and in several cases the political alliances forged by workers in contexts of nationalist or populist political mobilization The volume breaks new ground in providing cross regional perspectives on labor and democracy in the United States Europe Latin America Africa and Asia Beyond academia this volume is essential reading for policymakers and practitioners concerned with the relationship between labor and democracy

Just Immigration in the Americas Allison B. Wolf,2020-09-22 This book proposes a pioneering interdisciplinary feminist approach to immigration justice which defines immigration justice as being about identifying and resisting global oppression in immigration structures policies practices and norms In contrast to most philosophical work on immigration which begins with abstract ideas and philosophical debates and then makes claims based on them this book begins with concrete cases and immigration policies from throughout the United States Mexico Central America and Colombia to assess the nature of immigration injustice and set us up to address it Every chapter of the book begins with specific immigration policies practices or sets of immigrant experiences in the U S and Latin America and then explores them through the lens of global oppression to better identify what makes it unjust and to put us in a better position to respond to that injustice and improve

immigrants lives It is one of the first sustained studies of immigration justice that focuses on Central and South America in addition to the U S and Mexico *Ethical Borders* Bill Ong Hing,2010-04-16 In his topical new book *Ethical Borders* Bill Ong Hing asks why do undocumented immigrants from Mexico continue to enter the United States and what would discourage this surreptitious traffic An expert on immigration law and policy Hing examines the relationship between NAFTA globalization and undocumented migration and he considers the policy options for controlling immigration He develops an ethical rationale for opening up the U S Mexican border as well as improving conditions in Mexico so that its citizens would have little incentive to migrate In *Ethical Borders* Hing insists that reforming NAFTA is vital to ameliorating much of the poverty that drives undocumented immigration and he points to the European Union s immigration and economic development policies as a model for North America Hing considers the world wide economic crisis and the social problems that attend labor migration into homogenous countries arguing for a spectrum of changes including stricter border enforcement and more effective barriers a path to citizenship for undocumented migrants or a guest worker program Hing also situates NAFTA and its effects in the larger and rapidly shifting context of globalization particularly the recent rise of China as the world s economic giant Showing how NAFTA s unforeseen consequences have been detrimental to Mexico Hing passionately argues that the United States is ethically bound to address the problems in a way that puts prosperity within the grasp of all North Americans **US Immigration Reform and Its Global Impact** E. Camayd-Freixas,2013-08-20 An

insider s account of the Postville case this book gauges the raid s human social and economic impact based on interaction with the main participants and interviews with local citizens and arrestees in the US and Guatemala Immigration Lila Perl,2010 Helps readers use critical thinking to create informed opinions on where they stand on the issue of immigration

ICE Worksite Enforcement United States. Congress. House. Committee on the Judiciary. Subcommittee on Immigration Policy and Enforcement,2011 *Term Paper Resource Guide to Latino History* Michael P. Moreno,Kristin C. Brunnemer,2010-09-02 This resource guide to 100 key events in Latino history provides students librarians and scholars with hundreds of original and compelling term paper ideas and the key print and electronic sources needed for research Latinos are the largest fastest growing minority group in the United States and the ways they have positively impacted our nation are significant and undeniable This book examines the contributions of Latinos to U S history providing hundreds of possible topics for term papers and research projects along with primary secondary web and multimedia sources of topical information Subjects such as the Treaty of Guadalupe Hidalgo 1848 the Bracero Program 1942 the United Farm Workers of America Is Formed 1962 and The Great American Boycott A Day Without Immigrants of 2006 are just a few samples of the topics included Each historical event is described briefly followed by direction toward specific research and writing topics for the student historian At least two alternative term paper suggestions complement these ideas allowing creative original approaches to historical inquires

The Ice Raid Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Ice Raid has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Ice Raid has opened up a world of possibilities. Downloading The Ice Raid provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Ice Raid has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Ice Raid. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Ice Raid. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Ice Raid, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Ice Raid has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
