The Imaginary Caribbean And The Caribbean Imaginary:

The Imaginary Caribbean and Caribbean Imaginary Michèle Praeger, 2003-01-01 Michele Praeger seeks an answer by bringing the Caribbean discourses of French traditional criticism and American social sciences particularly history and psychoanalysis into conversation with the imaginings of the Caribbean in the form of fiction by Édouard Glissant Patrick Chamoiseau Raphaël Confiant Maryse Condé Michele Lacrosil and Suzanne Césaire **L'écrivain Caribéen, Guerrier de L'imaginaire** Kathleen Gyssels, Bénédicte Ledent, 2008 This bilingual collection illustrates the concept of the Warrior of the Imaginary as defined by Patrick Chamoiseau in a multi faceted corpus of texts Francophone contributions explore the role of the Caribbean writer in works by Chamoiseau Édouard Glissant Daniel Maximin and Joseph Zobel Essays in English focus not only on familiar writers Dionne Brand Edwidge Danticat Wilson Harris Jamaica Kincaid Caryl Phillips Derek Walcott but also on less widely studied voices Robert Antoni Albert Helman Other contributions deal with such fighting areas as Afro Brazilian music film and Mutabaruka's militant poetry The whole testifies to a surprisingly coherent imaginary one that goes beyond the balkanization of the Caribbean archipelago Dans ce collectif bilingue le concept de Guerrier de l'imaginaire tel que défini par Patrick Chamoiseau est illustré par un corpus de textes variés Plusieurs des articles en français engagent directement le cycle romanesque de l'auteur martiniquais d'autres tendent à l'interrogation de la fonction de l'auteur caribéen la critique glissantienne maximinienne et zobelienne toutes en anglais portent sur des écrivains dont le renom n'est plus à faire Dionne Brand Edwidge Danticat Wilson Harris Jamaica Kincaid Caryl Phillips Derek Walcott mais donnent aussi la parole des auteurs jusqu'à présent moins étudiés Robert Antoni Albert Helman Enfin quelques unes des contributions portent sur d'autres terrains de lutte comme la musique afro brésilienne le cinéma ou la poésie militante de Mutabaruka L'ensemble témoigne d'un imaginaire tonnamment confluant au-delà de la balkanisation de l'archipel caribéen **Freedom as Marronage** Neil Roberts, 2015-02-11 What is the opposite of freedom In Freedom as Marronage Neil Roberts answers this question with definitive force slavery and from there he unveils powerful new insights on the human condition as it has been understood between these poles Crucial to his investigation is the concept of marronage a form of slave escape that was an important aspect of Caribbean and Latin American slave systems Examining this overlooked phenomenon one of action from slavery and toward freedom he deepens our understanding of freedom itself and the origin of our political ideals Roberts examines the liminal and transitional space of slave escape in order to develop a theory of freedom as marronage which contends that freedom is fundamentally located within this space that it is a form of perpetual flight He engages a stunning variety of writers including Hannah Arendt W E B Du Bois Angela Davis Frederick Douglass Samuel Taylor Coleridge and the Rastafari among others to develop a compelling lens through which to interpret the quandaries of slavery freedom and politics that still confront us today The result is a sophisticated interdisciplinary work that unsettles the ways we think about freedom by always casting it in the light of its critical opposite **Patrick Chamoiseau** Maeve McCusker, 2007-04-01 Now available in

paperback this acclaimed book skilfully examines the work of the award winning writer Patrick Chamoiseau. Considered by many as one of the most innovative writers to hit the French literary scene in over 40 years, Chamoiseau made his name with his book *Texaco* published in 1992 and winner of the highest literary prize in France, the Prix Goncourt. His books have gone on to sell millions and his work has been translated by a number of academic presses. McCusker sets the author in context, providing a valuable contribution to memory studies by looking at literary representation of memory in Martinique, a society founded on slavery but now politically assimilated to the metropolitan centre, France.

Calypso Magnolia John Wharton Lowe, 2016-02-08 In this far reaching literary history, John Wharton Lowe remakes the map of American culture by revealing the deep, persistent connections between the ideas and works produced by writers of the American South and the Caribbean. Lowe demonstrates that a tendency to separate literary canons by national and regional boundaries has led critics to ignore deep ties across highly permeable borders. Focusing on writers and literatures from the Deep South and Gulf states in relation to places including Mexico, Haiti and Cuba, Lowe reconfigures the geography of southern literature as encompassing the circumCaribbean, a dynamic framework within which to reconsider literary history, genre and aesthetics. Considering thematic concerns such as race, migration, forced exile and colonial and postcolonial identity, Lowe contends that southern literature and culture have always transcended the physical and political boundaries of the American South. Lowe uses cross cultural readings of nineteenth and twentieth century writers including William Faulkner, Martin Delany, Zora Neale Hurston, George Lamming, Cristina Garc a, douard Glissant and Madison Smartt Bell among many others to make his argument. These literary figures, Lowe argues, help us uncover new ways of thinking about the shared culture of the South and Caribbean while demonstrating that southern literature has roots even farther south than we realize.

Living Black Theology Anthony G. Reddie, 2025-05-22 *Living Black Theology* provides a challenging and radical critique of the present world order. It argues that the world as we experience it presently has its roots in the era of slavery and European colonialism, especially the British empire, the largest example of imperialism in human history. Written by the first Professor of Black Theology in the history of the University of Oxford, *Living Black Theology* offers a bold reassessment of how we can rethink the past that will challenge our contemporary ways of living. Ultimately, this text seeks to help us reimagine and remake the future one that is more equitable and just for all peoples. This is a landmark book.

Performing Television Elizabeth Klaver, 2000 Klaver applies post structuralist theories of subjectivity to drama while ranging through Beckett's plays, National Hockey League games, *The Tonight Show*, gay and lesbian drama, minority drama, avant garde performance and the topics of theatrical paranoia, the mediatized Imaginary and the spectatorial gaze. By navigating the political minefield of television, sex and violence, Klaver shows how drama can subvert those ideologies that would discipline the performance arts.

BOOK JACKET ***"Visualizing Haiti in U.S. Culture, 1910-1950"*** Lindsay J. Twa, 2017-07-05 From the late 1910s through the 1950s, particularly the Caribbean nation of Haiti, drew the attention and imaginations of many key U.S.

artists yet curiously while significant studies have been published on Haiti's history and inter American exchanges none analyze visual representations with any depth The author calls not only on the methodologies of art history but also on the interdisciplinary eye of visual culture studies anthropology literary theory and tourism studies to examine the fine arts in relation to popular arts media social beliefs and institutional structures Twa emphasizes close visual readings of photographs illustrations paintings and theatre Extensive textual and archival research also supports her visual analysis such as scrutinizing the personal papers of this study's artists writers and intellectuals Among the literary and artistic luminaries of the twentieth century that Twa includes in her discussion are Richmond Barth Eldzier Cortor Aaron Douglas Katherine Dunham Langston Hughes Zora Neale Hurston Alexander King Jacob Lawrence James Weldon Johnson Lo Mailou Jones Eugene O'Neill and William Edouard Scott Twa argues that their choice of Haiti as subject matter was a highly charged decision by these American artists to use their artwork to engage racial social and political issues
