The Immortal Atatürk A Psychobiography:

The Immortal Atatürk Vamik D. Volkan, Norman Itzkowitz, 1986-08-01 The Immortal Atatürk Vamik D.

Volkan, Norman Itzkowitz, 1984 Leven en werk van de Turkse staatsman Kemal Atatürk is Mustafa Kemal 1881 1932

Atatürk George W. Gawrych, 2023-10-19 Mustafa Kemal Atatürk was one of the most significant political leaders of the twentieth century He rose from obscure origins to become the founder of the new Republic of Turkey out of the ashes of the Ottoman Empire and go on to radically transform Turkish society How should one understand Atatürk and his legacy In this book George Gawrych studies Atatürk's career in detail showing how Atatürk married the traits of the classic military man of action with those of the intellectual theorist and pragmatist as a statesman Gawrych places Atatürk in the context of his times to reveal how he harnessed wider forces to set Turkey on a path of secular nationalism and comprehensive modernization His legacy can be seen everywhere in Turkey today from the role and rights of women in society to the struggle for developing a democracy in the Republic Gawrych addresses the costs of Atatürk's policies including the suppression of minorities and the imposition of a cult of personality and authoritarian rule in the name of Turkification The book presents a nuanced analysis of a complex figure who consciously created a living legacy that still casts a shadow over Turkey's political and intellectual discourse

Psychobiographical Illustrations on Meaning and Identity in Sociocultural Contexts Claude-Hélène Mayer, Paul, J.P. Fouché, Roelf Van Niekerk, 2022-01-01 This book explores psychobiography with focus on meaning making and identity development in the life and works of extraordinary individuals Meaning making and identity development are existential constructs influencing psychological development mental health and wellbeing across the lifecourse The chapters illustrate through the eyes of 25 international psychobiographers various theoretical and methodological approaches to psychobiography They explore how individuals such as Angela Merkel Karl Lagerfeld Henri Nouwen Vivian Maier Charles Baudelaire W E B du Bois Lor nt Heged s Kim Philby Zoltan Paul Dienes Albertina Sisulu Ruth First Sokrates and Jesus construct their lives to make meaning develop their identities and grow as individuals within their sociocultural contexts The texts provide deep insight into life's development

The Young Atatürk George W. Gawrych, 2013-04-16 Winner of a 2014 Distinguished Book Award from The Society of Military History and Shortlisted for the 2014 Longman History Today Book Prize Mustafa Kemal latterly and better known as Atatürk is without doubt the most famous figure in modern Turkish history But what was his path to power And how did his early career as a soldier in the Ottoman army affect his later decisions as President The Young Atatürk tracks the lesser covered period of Kemal's life from the War of Independence to the founding of the Republic George W Gawrych shows that it is only by understanding Kemal's military career that one can fully comprehend how he evolved as one of the twentieth century's most extraordinary statesmen Gawrych also contributes to the understanding of Kemal by presenting a systematic and critical analysis of his military writings orders actions and letters as well as his political decisions speeches proclamations and private correspondences Soldiering helped shape Kemal's critical

reasoning personal values and emotional intelligence His experiences as an officer and commander forced him to adjust theories to practices in order to solve problems and make decisions But Kemal was a natural political leader and his broad intellectual interests and personal studies helped prepare him for political leadership Gawrych demonstrates that in the last year of the War of Independence Kemal excelled as both Commander in Chief of the Armed Forces and President of the Grand National Assembly of Turkey Gawrych incorporates previously unstudied Ottoman archival documents and is the first Western scholar to conduct extensive research on Kemal in the military archives of the Turkish General Staff This book is essential reading for those seeking to understand the establishment of the Republic of Turkey and the part that Kemal played in that process

State Violence and Legal Accountability Ceylan Begüm Yıldız, 2025-02-18 This book pursues a critical perspective on the phenomenon of state violence and its legal unaccountability Focusing on the role of myths assumptions and ghosts that surround the meaning of the state and performance of state violence this book details a fresh perspective on that violence and its legal unaccountability It asks How does our understanding of the state reflect on the political demands and legal processes of accountability To pursue this question the book traces the political and legal aftermath of the police killing of a 14 year old boy Berkin Elvan during the nationwide Gezi protests of the summer of 2013 in Turkey Countering imaginaries of the state clash between the state officer s attempt to attribute personal responsibility to Elvan for his own death and public demands for state accountability Meanwhile the prolonged legal process ensures that subjects who seek accountability find themselves in a long and exhausting legal battle which dominates their lives and transforms their subjectivity As the Elvan family continues to wait for accountability and justice this book suggests that waiting and suspense are key elements of legal performance in trials concerning state violence As such and unlike the usual reading of legal violence which focuses on judgement the book explores how this violence and its implications for an understanding of justice and accountability is bound to the very act of waiting This critical interdisciplinary study of state violence and its legal handling will appeal to scholars and students from a wider range of disciplines including law criminology politics sociology and political and legal philosophy

Atatürk Andrew Mango, 2002-08-26 A superlative and exhaustively researched biography of one of the most complex and controversial figures in twentieth century world history Library Journal Mustafa Kemal Atatürk was virtually unknown until 1919 when he took the lead in thwarting the victorious Allies plan to partition the Turkish core of the Ottoman Empire He divided the Allies defeated the last Sultan and secured the territory of the Turkish national state becoming the first president of the new republic in 1923 fast creating his own legend This revealing portrait of Atatürk throws light on matters of great importance today resurgent nationalism religious fundamentalism and the reality of democracy One of the world s most respected specialists on Turkey The New York Times Mango gives this man one of the least known nation builders of the last century full treatment from his earliest days to his ascension to power and his death from cirrhosis at the age of 57 Few leaders have so modernized an ancient society instituting radical changes in dress

religion government education even the alphabet Mango's admiration for Atatürk doesn't keep him from displaying the dictator's arrogance ruthlessness and authoritarianism his Turkish expertise enables him to flesh out Atatürk's complex life via sources he translated himself a rounded finely detailed portrait Publishers Weekly Thanks to Andrew Mango's new biography the best in the English language a man both demonized and idolized appears to us in three dimensions The Washington Post A superb biography Dallas Morning News The best concise account I have ever seen of the decline of the Ottoman Empire The narrative is gripping Geoffrey Lewis author of Modern Turkey **İsmet İnönü** Metin Heper, 2021-10-11 This highly original study of a Turkish statesman can be read as an introduction into Turkish politics In his very clearly written and stimulating political biography of İsmet İnönü Metin Heper presents to the reader a highly motivated self reflecting and self conscious political leader İsmet İnönü played a critical role in the founding of the Turkish Republic further promoting Westernization and the transition to and the consolidation of democracy in Turkey This volume is the first treatise on this remarkable statesman in any Western language It challenges such orthodox views on İnönü as his having played second fiddle vis à vis Atatürk and his having been a power hungry politician with an authoritarian bend of mind It is suggested that İnönü complemented Atatürk and that over time he adopted liberal political views while remaining a staunch guardian of the premises such as secularism upon which the Turkish Republic rested It is also argued that if his compatriots had paid closer attention to İnönü they would have a more liberal conception of democracy and at the same time in politics they would have acted more prudently **Eternal Dawn** Ryan Gingeras, 2019 Eternal Dawn is a readable narrative driven look into the development of the Turkish Republic under the reign of Mustafa Kemal Atatürk It challenges many existing myths associated with Atatürk's rule and provides insights into the legacies that still define and trouble Turkish politics **The Oxford Companion to Comparative Politics** Joel Krieger, 2013 The two volume Oxford Companion to Comparative Politics fills a gap in scholarship on an increasingly important field within Political Science Comparative Politics the discipline devoted to the politics of other countries or peoples has been steadily gaining prominence as a field of study allowing politics to be viewed from a wider foundation than a concentration on domestic affairs would permit Comparativists apply various theories and concepts to analyze the similarities and differences between political units using the results of their research to develop causalities and generalizations Each of these theories and outcomes are thoroughly defined in the Companion as are major resultant conclusions those comparativists who have influenced the field in significant ways and politicians whose administrations have shaped the evaluation of contrasting governments Approximately 200 revised and updated articles from the Oxford Companion to Politics of the World would serve as a foundation for the set while over 100 new entries would thoroughly examine the field in a lasting more theoretical than current event based way New entries cover such topics as failed states Grand Strategies and Soft Power important updates include such countries as China and Afghanistan and issues like Capital Punishment Gender and Politics and Totalitarianism Country entries include the most significant nations to

permit a focus on non time sensitive analysis In addition 25 1 000 word interpretive essays by notable figures analyze the discipline its issues and accomplishments Collectively entries promote deeper understanding of a field that is often elusive to non specialists
