THE INNER Ocean

The Inner Ocean Individualism And Democratic Culture

Alan M. Levine, Daniel S. Malachuk

The Inner Ocean Individualism And Democratic Culture:

The Inner Ocean George Kateb, 2019-06-30 What is the meaning of individualism in a modern democracy In this rich and penetrating book a major political theorist examines the nature of individualism the concept of self it implies the ethic it sustains the personal connectedness it supports and the politics it requires and provides a challenging answer George Kateb argues that democracy is founded on respect for the dignity of individuals as individuals and that this respect transforms all human relations Democratic individuality in his view is a way in which individuals whose rights are protected may dare to live their private lives and to conceive their roles as citizens Kateb employs the concept of individuality not only to criticize communitarianism and to define the limits of the role of the state but also to approach global concerns involving our relation to nature The ten essays of this book explore democratic individuality in light of such topics as the power of political institutions to accommodate and express different values the moral distinctiveness of representative democracy the implications of the liberal social contract and the possibility of human extinction Eloquently addressing issues at the heart of democratic life *The Inner Ocean* will be of vital interest to scholars and students in American studies political theory and moral philosophy

The Jamesian Mind Sarin Marchetti, 2021-12-28 William James 1842 1910 is widely regarded as the founding figure of modern psychology and one of the most important philosophers of the nineteenth and twentieth centuries Renowned for his philosophical theory of pragmatism and memorable turns of phrase such as stream of consciousness and the will to believe he made enormous contributions to a rich array of philosophical subjects from the emotions and free will to religion ethics and the meaning of life *The Jamesian Mind* covers the major aspects of James's thought from his early influences to his legacy with over forty chapters by an outstanding roster of international contributors It is organized into seven parts Intellectual Biography Psychology Mind and Self Ethics Religion and Politics Method Truth and Knowledge Philosophical Encounters Legacy In these sections fundamental topics are examined including James's conceptions of philosophical and scientific inquiry habit self free will and determinism pragmatism truth and pluralism Considerable attention is also devoted to James in relation to the intellectual traditions of empiricism and Romanticism as well as to such other philosophical schools as utilitarianism British idealism Logical Empiricism and existentialism James's thought is also situated in an interdisciplinary context including modernism sociology and politics showcasing his legacy in psychology and ethics An indispensable resource for anyone studying and researching James's philosophy *The Jamesian Mind* will also interest those in related disciplines such as psychology religion and sociology

George Kateb John Seery, 2014-10-24 George Kateb's writings have been innovatory in exploring the fundamental quandary of how modern democracy sovereignty vested in the many might nevertheless protect respect promote even celebrate the singular albeit ordinary individual His essays often leading to unexpected results have focused on many inter related topics rights representation constitutionalism war evil extinction punishment privacy patriotism and more This book focuses in particular on his thought in three key areas

Dignity These essays exhibit the breadth and complexity of Kateb's notion of dignity and outline some implications for political theory Rather than a solely moral approach to the theory of human rights he elaborates a human dignity rationale for the very worth of the human species Morality Here Kateb challenges the position that moral considerations are often too demanding to have a place in the rough and tumble of modern politics and political analysis Rejecting common justifications for the propriety of punishment he insists that state based punishment is a perplexing moral problem that cannot be allayed by repairing to theories of state legitimacy Individuality These essays gather some of Kateb's rejoinders and correctives to common conceptions and customary critiques of the theory of democratic individuality He explains that Locke's hesitations and religious backtracking are instructive perhaps as precursors for the ways in which vestigial beliefs can still cloud moral reasoning The Growth of the Liberal Soul David Walsh, 1997 The widespread abandonment of the search for foundations by John Rawls Richard Rorty Michael Oakeshott and the deconstructionists has been interpreted as signifying the absence of any sustaining inner resources The result has been the confusion of contemporary liberal democratic self understanding which cannot make sense of its own extraordinary historical success nor apparently prevent the evident unraveling of its own moral code The Political Thought of Henry David Thoreau Jonathan McKenzie, 2016-01-22 In The Political Thought of Henry David Thoreau Jonathan McKenzie analyzes not only Thoreau's well known works but also his journals and correspondence to provide a fresh portrait of the Sage of Walden as a radical individualist Provided by publisher

Contemporary Korean Political Thought in Search of a Post-Eurocentric Approach Jung In Kang, 2014-11-20 This book is a collection of essays written by Korean political theorists addressing the study of contemporary Korean political thought on the premise that such study should be carried out with a post Eurocentric approach The negative effects brought about by the domination of Western centrism are pervasive in academic disciplines as well as in everyday life of South Korea This book outlines three strategic approaches to combating Western centrism 1 theorizing contemporary Korean politics from a Korean perspective 2 the Koreanization of Western political thought and 3 modernizing traditional East Asian political thought These essays examine and explore the validity of the three strategic approaches with the objective of coping with Western centrism in Korean political theory These contributing authors share a concern about Western centrism but approach it from different directions and at different layers **Reason and Horror** Morton Schoolman, 2004-11-23 Morton Schoolman develops a fascinating and entirely new interpretation of the work of Horkheimer and Adorno *A Political Companion to Ralph Waldo Emerson* Alan M. Levine, Daniel S. Malachuk, 2011-09-16 From before the Civil War until his death in 1882 Ralph Waldo Emerson was renowned and renounced as one of the United States most prominent abolitionists and as a leading visionary of the nation's liberal democratic future Following his death however both Emerson's political activism and his political thought faded from public memory replaced by the myth of the genteel man of letters and the detached sage of individualism In the 1990s scholars rediscovered Emerson's antislavery writings and began reviving his legacy as a political

activist A Political Companion to Ralph Waldo Emerson is the first collection to evaluate Emerson's political thought in light of his recently rediscovered political activism What were Emerson's politics A Political Companion to Ralph Waldo Emerson authoritatively answers this question with seminal essays by some of the most prominent thinkers ever to write about Emerson Stanley Cavell George Kateb Judith N Shklar and Wilson Carey McWilliams as well as many of today's leading Emerson scholars With an introduction that effectively destroys the pernicious myth about Emerson's apolitical individualism by editors Alan M Levine and Daniel S Malachuk this volume reassesses Emerson's famous theory of self reliance in light of his antislavery politics demonstrates the importance of transcendentalism to his politics and explores the enduring significance of his thought for liberal democracy Including a substantial bibliography of work on Emerson's politics over the last century A Political Companion to Ralph Waldo Emerson is an indispensable resource for students of Emerson American literature and American political thought as well as for those who wrestle with the fundamental challenges of democracy and liberalism

Skepticism, Individuality, and Freedom, 2002 **Emerson, Thoreau, and the Role of the Cultural Critic** Sam McGuire Worley, 2001-01-01 Reinterprets important works of the social criticism of Emerson and Thoreau as being based in defense of community
