## **The Later Middle Ages From The Norman Conquest To The Eve Of The Reformation:**

*The Later Middle Ages* John Compton Dickinson, 1979      **The Convent and the Community in Late Medieval England** Marilyn Oliva, 1998 Detailed study of female monasticism in the later middle ages with particular emphasis on the nuns importance to the local community      **The Abbot and the Rule** Michelle Still, 2017-03-02 St Albans was one of the greatest Benedictine abbeys of medieval England and the early 14th century was a period during which the concerns of the community and the role of the abbot emerge particularly clearly Yet the history of the abbey during this period has received little attention since general surveys undertaken over eighty years ago and the manorial history by Levett in 1938 Basing herself on the unique and relatively unexploited *Gesta Abbatum Monasterii Sancti Albani* Michelle Still examines the position of St Albans in both the secular and monastic worlds with a focus on the period 1290-1349 The study includes discussion of the role of the abbot as a feudal landlord a provider of education at the abbey's grammar school and a dispenser of charity In conclusion she notes the pivotal importance of the personality and influence of the abbot of St Albans in ensuring the strict observance of the Rule of St Benedict in an age when traditional monasticism was increasingly challenged Through the detailed study of this one abbey this book makes an important contribution to the overall picture of monastic life in medieval England      **Routledge Revivals: Medieval England (1998)** Paul E. Szarmach, M. Teresa Tavormina, Joel T. Rosenthal, 2017-07-05 First published in 1998 this valuable reference work offers concise expert answers to questions on all aspects of life and culture in Medieval England including art architecture law literature kings women music commerce technology warfare and religion This wide ranging text encompasses English social cultural and political life from the Anglo Saxon invasions in the fifth century to the turn of the sixteenth century as well as its ties to the Celtic world of Wales Scotland and Ireland the French and Anglo Norman world of the Continent and the Viking and Scandinavian world of the North Sea A range of topics are discussed from Sedulius to Skelton from Wulfstan of York to Reginald Pecock from Pictish art to Gothic sculpture and from the Vikings to the Black Death A subject and name index makes it easy to locate information and bibliographies direct users to essential primary and secondary sources as well as key scholarship With more than 700 entries by over 300 international scholars this work provides a detailed portrait of the English Middle Ages and will be of great value to students and scholars studying Medieval history in England and Europe as well as non specialist readers

The Medieval Church Joseph Lynch, 2013-12-16 The Church was the central institution of the European Middle Ages and the foundation of medieval life Professor Lynch's admirable survey concentrating on the western church and emphasising ideas and trends over personalities meets a long felt need for a single volume comprehensive history designed for students and non specialists      **Reformation in Britain and Ireland** Felicity Heal, 2003-03-20 The study of the Reformation in England and Wales Ireland and Scotland has usually been treated by historians as a series of discrete national stories Reformation in Britain and Ireland draws upon the growing genre of writing about British History to construct an innovative

narrative of religious change in the four countries three kingdoms The text uses a broadly chronological framework to consider the strengths and weaknesses of the pre Reformation churches the political crises of the break with Rome the development of Protestantism and changes in popular religious culture The tools of conversion the Bible preaching and catechising are accorded specific attention as is doctrinal change It is argued that political calculations did most to determine the success or failure of reformation though the ideological commitment of a clerical elite was also of central significance

**The Church in Western Europe from the Tenth to the Early Twelfth Century** Gerd Tellenbach,1993-03-25 This comprehensive survey of the history of the Church in Western Europe as institution and spiritual body

*Plympton Priory* Allison D. Fizzard,2008 A case study examining the history of a house of English Augustinian canons this book reveals the ways in which Plympton Priory formed connections with the laity the episcopacy the secular clergy and the Crown in the late Middle Ages

**Secular Martyrdom in Britain and Ireland** Quentin Outram,Keith Laybourn,2018-01-30 This edited collection examines the concept and nature of the people s martyrology raising issues of class community religion and authority It examines modern martyrdom through studies of Peterloo Tolpuddle Featherstone Tonypandy Emily Davison fatally injured by the King s horse on Derby Day 1913 the 1916 Easter Rising Jarrow the town that was murdered and martyred in the 1930s David Oluwale a Nigerian killed in Leeds in 1965 and Bobby Sands the IRA hunger striker who died in 1981 It engages with the burgeoning historiography of memory to try to understand why some events such as Peterloo Tonypandy and the Easter Rising have become household names whilst others most notably Featherstone and Oluwale are barely known It will appeal to those interested in British and Irish labour history as well as the study of memory and memorialization

English Spirituality Gordon Mursell,2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two thousand years

**Communities of Discourse** Robert Wuthnow,2009-06-30 Sociologist Robert Wuthnow notes remarkable similarities in the social conditions surrounding three of the greatest challenges to the status quo in the development of modern society the Protestant Reformation the Enlightenment and the rise of Marxist socialism

**England in the Reign of Edward III** Scott L. Waugh,1991-02-22 Waugh examines the strains on English life in the remarkable era of Edward III

**The Reign of Henry VIII** Diarmaid MacCulloch,1995-10-15 This collection of essays by leading scholars and researchers in early Tudor studies provides an up to date discussion of the politics policy and piety of Henry VIII s reign It explores such areas as the reform of central and local government foreign policy relations between leading politicians life at Court Henry s first divorce and the break with Rome literature and the government s exploitation of it and the growth of

evangelical religion in Henry's England Particular consideration is given to the controversies which have arisen about the reign among modern historians and there is an effort to assess the personality of Henry himself *The Morality of Everyday Life* Thomas Fleming, 2004 Fleming offers an alternative to enlightened liberalism where moral and political problems are looked at from an objective point of view and a decision made from a distant perspective that is both rational and universally applied to all comparable cases He instead places importance on the particular the local and moral complexity advocating a return to premodern traditions for a solution to ethical predicaments In his view liberalism and postmodernism ignore the fact that human beings by their very nature refuse to live in a world of abstractions where the attachments of friends neighbors family and country make no difference Fleming believes that a modern type of casuistry should be applied to moral conflicts using examples from history literature and religion to explain this moral ecology that refuses to divorce organisms from their interactions with each other and with their environment Bishops, Clerks, and Diocesan Governance in Thirteenth-Century England Michael Burger, 2012-10-22 This book investigates how bishops deployed reward and punishment to control their administrative subordinates in thirteenth century England Bishops had few effective avenues available to them for disciplining their clerks and rarely pursued them preferring to secure their service and loyalty through rewards The chief reward was the benefice often granted for life Episcopal administrators security of tenure in these benefices however made them free agents allowing them to transfer from diocese to diocese or even leave administration altogether they did not constitute a standing episcopal civil service This tenuous bureaucratic relationship made the personal relationship between bishop and clerk more important Ultimately many bishops communicated in terms of friendship with their administrators who responded with expressions of devotion Michael Burger's study brings together ecclesiastical social legal and cultural history producing the first synoptic study of thirteenth century English diocesan administration in decades His research provides an ecclesiastical counterpoint to numerous studies of bastard feudalism in secular contexts

Meaning and Moral Order Robert Wuthnow, 1989-04-27 Meaning and Moral Order goes beyond classical neoclassical and poststructural theories of culture in its attempt to move away from problems of meaning to a more objective concept of culture Innovative controversial challenging it will compel scholars to rethink many of the assumptions on which the study of ideology ritual religion science and culture have been based

**Evolutionary Thinking Across Disciplines** Agathe du Crest, Martina Valković, André Ariew, Hugh Desmond, Philippe Huneman, Thomas A. C. Reydon, 2023-06-26 This volume aims to clarify the epistemic potential of applying evolutionary thinking outside biology and provides a survey of the current state of the art in research on relevant topics in the life sciences the philosophy of science and the various areas of evolutionary research outside the life sciences By bringing together chapters by evolutionary biologists systematic biologists philosophers of biology philosophers of social science complex systems modelers psychologists anthropologists economists linguists historians and educators the volume examines evolutionary thinking within and outside the life sciences from a

multidisciplinary perspective While the chapters written by biologists and philosophers of science address theoretical aspects of the guiding questions and aims of the volume the chapters written by researchers from the other areas approach them from the perspective of applying evolutionary thinking to non biological phenomena Taken together the chapters in this volume do not only show how evolutionary thinking can be fruitfully applied in various areas of investigation but also highlight numerous open problems unanswered questions and issues on which more clarity is needed As such the volume can serve as a starting point for future research on the application of evolutionary thinking across disciplines **Bishops**

Michael Keulemans, 2011-12-19 There has been no serious study of Anglican bishops since Kenneth Kirk published *Apostolic Ministry* in 1946 This new book goes straight back to the New Testament and the Early Church to discover the little known origins of episcopal ministry and how it came to Britain through the efforts of first the Celtic and then the Roman Church Increasing politicisation by William the Conqueror and his successors is examined in depth as is Cranmer's rediscovery of its essentially teaching and pastoral functions of the episcopate at the Reformation Lancelot Andrewes's career is spotlighted to find the true qualities of the classic 17th century Anglican bishop before he declined into the political hack and social climber of the 18th century A chapter on the 19th century shows how Queen Victoria her entourage her Prime Ministers and her Archbishops of Canterbury all played lively parts in the appointment of new bishops with considerable tussles frequently occurring between them The history can be truly absorbing A statistical analysis reveals how the English episcopate has changed in the century between 1905 and 2005 noting that while the educational backgrounds of bishops have not altered greatly with Oxbridge still a major influence their social backgrounds and ecclesiastical careers now tend to follow a different path Has this produced a better episcopate The episcopal histories of the Church in Wales and the Scottish Episcopal Church get a chapter each which include a close up of their contrasting methods for appointing bishops and the resulting difference in atmosphere between these two bodies The Scottish chapter shows how the Episcopalians democratic electoral system travelled to the USA at the end of the 18th century and subsequently influenced the episcopal organisation of nearly all newer branches of the Anglican Communion A chapter on changing thinking about episcopacy in the Church of England and elsewhere reveals several trends including moves towards collegial decision making and a decline in emphasis upon the teaching and pastoral functions There is also a review of the growing phenomenon of extra mural Anglicanism brought into being in the aftermath of ordaining women priests and adopting a less rigorous attitude towards marriage and other sexual matters The results of a major statistical survey on the attitudes of clergy and laity and recently retired bishops towards the episcopate and its responsibilities are presented in detail The dioceses surveyed were Bradford Leicester Monmouth and Edinburgh These results highlight the huge pressures and varied calls upon a bishop's time including his relationship with his parishes attendance at the House of Lords diocesan administration and clergy discipline Are bishops on a hiding to nowhere The final chapter expands upon the lessons to be learnt from both the historical analysis and the results of the

statistical survey asking whether the existing episcopate is adequate to face the challenges of today and tomorrow Practical solutions are offered which will stimulate action to promote the faith of Christ in an increasingly difficult religious political social and economic environment A suggestion is also made to help create a Church where both those for and against women priests can co exist and flourish in their work without either side suffering offence or marginalisation Unfortunately bishops are an embarrassing subject for clergy and laity to discuss which is why they have been so little researched and so infrequently written about They are important people and wield great power For their own sakes and for the sake of the Church their role must be discussed sympathetically but realistically This important book should help start the process

**The Oxford Dictionary of the Christian Church** Frank Leslie Cross, Elizabeth A. Livingstone, 2005 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable one volume reference work on all aspects of the Christian Church It contains over 6 000 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject including theology churches and denominations patristic scholarship the bible the church calendar and its organization popes archbishops saints and mystics In this revision innumerable small changes have been made to take into account shifts in scholarly opinion recent developments such as the Church of England's new prayer book Common Worship RC canonizations ecumenical advances and mergers and where possible statistics A number of existing articles have been rewritten to reflect new evidence or understanding for example the Holy Sepulchre entry and there are a few new articles Perhaps most significantly a great number of the bibliographies have been updated Established since its first appearance in 1957 as an essential resource for ordinands clergy and members of religious orders ODCC is an invaluable tool for academics teachers and students of church history and theology as well as for the general reader

Versions of Virginity in Late Medieval England Sarah Salih, 2001 This study looks at the question of what it meant to be a virgin in the Middle Ages and the forms which female virginity took It begins with the assumptions that there is more to virginity than sexual inexperience and that virginity may be considered as a gendered identity
