Lee, 2006-12-13 This fourth edition of the indispensable guide to the laws that bear on the conduct of higher education provides a revised and up to date reference research source and guide for administrators attorneys and researchers The book is also widely used as a text for graduate courses on higher education law in programs

preparing higher education administrators for leadership roles This new edition includes new and expanded sections on laws related to religious issues alternative dispute resolution the college and its employees collective bargaining at religious and private colleges whistleblower and other employee protections personal liability of employees nondiscrimination and affirmative action in employment campus technology and computer networks disabilities student academic freedom freedom of speech and hate speech student organizations rights responsibilities and activities fees athletes rights USA patriot act and immigration status public institutions and zoning regulations regulation of research coverage of retaliatory and extraterritorial acts federal civil rights statutes Assessment in Higher Education John Heywood, 2000 This book examines not only the assessment of student learning but the assessment of institutions the programmes they offer and the teaching they provide It describes in detail the significant developments that have taken place over the last decade in the field and clarifies the different meanings of the term assessment that are now in use **The Journal of the College & University Personnel Association** College and University Personnel Association, 1982 *Spirituality, Community, and Race Consciousness in Adult Higher Education* Timothy Westbrook, 2016-12-08 Drawing on the lived experiences of Black students in adult degree completion programs at predominantly White Christian institutions in the southern United States this book presents a model for reimagining adult higher education Westbrook explores the reasons students enrolled in degree programs how they experience their predominantly white institutions and how their experiences affect their lives Employing Critical Race Theory and Christian theology as frameworks for evaluating the students experiences the author sheds light on the ways African American experiences to inform critique and shape Christian adult learning in higher education The Amateur Hour Jonathan Zimmerman, 2020-10-27 The first full length history of college teaching in the United States from the nineteenth century to the present this book sheds new light on the ongoing tension between the modern scholarly ideal scientific objective and dispassionate and the inevitably subjective nature of day to day instruction American college teaching is in crisis or so we are told But we've heard that complaint for the past 150 years as critics have denounced the poor quality of instruction in undergraduate classrooms Students daydream in gigantic lecture halls while a professor drones on or they meet with a teaching assistant for an hour of aimless discussion The modern university does not reward teaching so faculty members at every level neglect it in favor of research and publication In the first book length history of American college teaching Jonathan Zimmerman confirms but also contradicts these perennial complaints Drawing upon a wide range of previously unexamined sources The Amateur Hour shows how generations of undergraduates indicted the weak instruction they received But Zimmerman also chronicles institutional efforts to improve it especially by making teaching more personal As higher education grew into a gigantic industry he writes American colleges and universities introduced small group activities and other reforms designed to counter the anonymity of mass instruction They also experimented with new technologies like television and computers which promised to personalize teaching by tailoring it to the individual interests

and abilities of each student But Zimmerman reveals the emphasis on the personal inhibited the professionalization of college teaching which remains ultimately an amateur enterprise The more that Americans treated teaching as a highly personal endeavor dependent on the idiosyncrasies of the instructor the less they could develop shared standards for it Nor have they rigorously documented college instruction a highly public activity which has taken place mostly in private Pushing open the classroom door The Amateur Hour illuminates American college teaching and frames a fresh case for restoring intimate learning communities especially for America s least privileged students Anyone who wants to change college teaching will have to start here
