Inseparable Emma Donoghue,2010-05-25 From a writer of astonishing versatility and erudition the much admired literary critic novelist short story writer and scholar Dazzling The Washington Post One of those rare writers who seems to be able to work on any register any time any atmosphere and make it her own The Observer a book that explores the little known literary tradition of love between women in Western literature from Chaucer and Shakespeare to Charlotte Bront Dickens Agatha Christie and many more Emma Donoghue brings to bear all her knowledge and grasp to examine how desire between women in English literature has been portrayed from schoolgirls and vampires to runaway wives from cross dressing knights to contemporary murder stories Donoghue looks at the work of those writers who have addressed the unspeakable subject examining whether such desire between women is freakish or omnipresent holy or evil heartwarming or ridiculous as she excavates a long obscured tradition of inseparable friendship between women one that is surprisingly central to our cultural history Donoghue writes about the half dozen contrasting girl girl plots that have been told and retold over the centuries metamorphosing from generation to generation What interests the author are the twists and turns of the plots themselves and how these stories have changed or haven t over the centuries rather than how they reflect their time and society Donoghue explores the writing of Sade Diderot Balzac Thomas Hardy H Rider Haggard Elizabeth Bowen and others and the ways in which the woman who desires women has been cast as not quite human as ghost or vampire She writes about the ever present triangle found in novels and plays from the last three centuries in which a woman and man compete for the heroine s love about how and why same sex attraction is surprisingly ubiquitous in crime fiction from the work of Wilkie Collins and Dorothy L Sayers to P D James Finally Donoghue looks at the plotline that has dominated writings about desire between women since the late nineteenth century how a woman s life is turned upside down by the realization that she desires another woman whether she comes to terms with this discovery privately comes out of the closet or is publicly outed She shows how this narrative pattern has remained popular and how it has taken many forms in the works of George Moore Radclyffe Hall Patricia Highsmith and Rita Mae Brown from case history style stories and dramas in and out of the courtroom to schoolgirl love stories and rebellious picaresques A revelation of a centuries old literary tradition brilliant amusing and until now deliberately overlooked

A History of Feminist Literary Criticism Gill Plain,Susan Sellers,2007-08-30 Feminism has transformed the academic study of literature fundamentally altering the canon of what is taught and setting new agendas for literary analysis In this authoritative history of feminist literary criticism leading scholars chart the development of the practice from the Middle Ages to the present The first section of the book explores

protofeminist thought from the Middle Ages onwards and analyses the work of pioneers such as Wollstonecraft and Woolf
 The second section examines the rise of second wave feminism and maps its interventions across the twentieth century A
 final section examines the impact of postmodernism on feminist thought and practice This book offers a comprehensive guide
 to the history and development of feminist literary criticism and a lively reassessment of the main issues and authors in the
 field It is essential reading for all students and scholars of feminist writing and literary criticism *Inscrutable Belongings*
 Stephen Hong Sohn, 2018-07-17 *Inscrutable Belongings* brings together formalist and contextual modes of critique to
 consider narrative strategies that emerge in queer Asian North American literature Stephen Hong Sohn provides extended
 readings of fictions involving queer Asian North American storytellers looking to texts including Russell Leong's *Camouflage*
 Lydia Kwa's *Pulse* Alexander Chee's *Edinburgh* Nina Revoyr's *Wingshooters* and Noelle Alumi's *Letters to Montgomery Clift*
 Despite many antagonistic forces these works protagonists achieve a revolutionary form of narrative centrality through the
 defiant act of speaking out recounting their survival plots and enduring to the very last page These feats are made possible
 through their construction of alternative social structures Sohn calls *inscrutable belongings* Collectively the texts that Sohn
 examines bring to mind foundational struggles for queer Asian North Americans and other socially marginalized groups and
 confront a broad range of issues including interracial desire the AIDS HIV epidemic transnational mobility and postcolonial
 trauma In these texts Asian North American queer people are often excluded from normative family structures and must
 contend with multiple histories of oppression erasure and physical violence involving homophobia racism and social death
 Sohn's work makes clear that for such writers and their imagined communities questions of survival kinship and narrative
 development are more than representational they are directly tied to lived experience **Palatable Poison** Laura L.
 Doan, Jay Prosser, 2001 *The Well of Loneliness* was released in Britain in 1928 and was immediately controversial This text
 gathers together classic essays on the book to provide an understanding of how views have changed *Encyclopedia of*
Contemporary LGBTQ Literature of the United States Emmanuel S. Nelson, 2009-07-14 In this two volume work hundreds of
 alphabetically arranged entries survey contemporary lesbian gay bisexual transgendered and queer American literature and
 its social contexts Comprehensive in scope and accessible to students and general readers *Encyclopedia of Contemporary*
LGBTQ Literature of the United States explores contemporary American LGBTQ literature and its social political cultural and
 historical contexts Included are several hundred alphabetically arranged entries written by expert contributors Students of
 literature and popular culture will appreciate the encyclopedia's insightful survey and discussion of LGBTQ authors and their
 works while students of history and social issues will value the encyclopedia's use of literature to explore LGBTQ American
 society Each entry is written by an expert contributor and lists additional sources of information To further enhance study
 and understanding the encyclopedia closes with a selected general bibliography of print and electronic resources for student
 research **Theory of the Image** Ann Kibbey, 2005 A refreshing critique that offers a new paradigm for film studies

Transnational Ties Desley Deacon, Penny Russell, Angela Woollacott, 2008-12-01 Australian lives are intricately enmeshed with the world bound by ties of allegiance and affinity intellect and imagination In *Transnational Ties Australian Lives in the World* an eclectic mix of scholars historians literary critics and museologists trace the flow of people that helped shape Australia's distinctive character and the flow of ideas that connected Australians to a global community of thought It shows how biography and the study of life stories can contribute greatly to our understanding of such patterns of connection and explores how transnationalism can test biography's limits as an intellectual professional and commercial practice

Queer Retrosexualities Nishant Shahani, 2012 *Queer Retrosexuality The Politics of Reparative Return* analyzes the cultural theoretical and political value of thinking about retrospection in conjunction with queerness It historically grounds and exemplifies the call for a more reparatively informed queer theory in its contextualization of reparation through the return to the 1950s The book thus contributes and furthers some of the dynamic conversations around the politics of queer temporality and historiography

Academic Labour, Unemployment and Global Higher Education Suman Gupta, Jernej Habjan, Hrvoje Tutek, 2016-05-27 This book explores how the kinds of world wide restructurings of higher education and research work that are underway today have not only increased employment insecurity in academia but may actually be producing unemployment both for those within academia and for graduate job seekers in other sectors Recent and current reorganisations of higher education and research work and reorientations of academic life as students researchers teachers generally which are taking place around the world achieve exactly the opposite of what they claim though ostensibly undertaken to facilitate employment these moves actually produce unemployment both for those within academia and for graduate job seekers in other sectors

Gendering Bodies Sara L. Crawley, Lara J. Foley, Constance L. Shehan, 2008 Crawley Foley and Shehan demonstrate how gendered messages about bodies and the social world shape our physical bodies and social selves At work in sports and during sex gendered messages constantly organize our common everyday settings through a feedback loop of confirmations and disruptions in everyday talk and interaction

Handbook of Constructionist Research James A. Holstein, Jaber F. Gubrium, 2008-01-01 Constructionism has become one of the most popular research approaches in the social sciences But until now little attention has been given to the conceptual and methodological underpinnings of the constructionist stance and the remarkable diversity within the field This cutting edge handbook brings together a dazzling array of scholars to review the foundations of constructionist research how it is put into practice in multiple disciplines and where it may be headed in the future The volume critically examines the analytic frameworks strategies of inquiry and methodological choices that together form the mosaic of contemporary constructionism making it an authoritative reference for anyone interested in conducting research in a constructionist vein

Living a Feminist Life Sara Ahmed, 2016-12-22 In *Living a Feminist Life* Sara Ahmed shows how feminist theory is generated from everyday life and the ordinary experiences of being a feminist at home and at work Building on legacies of feminist of color scholarship in

particular Ahmed offers a poetic and personal meditation on how feminists become estranged from worlds they critique often by naming and calling attention to problems and how feminists learn about worlds from their efforts to transform them Ahmed also provides her most sustained commentary on the figure of the feminist killjoy introduced in her earlier work while showing how feminists create inventive solutions such as forming support systems to survive the shattering experiences of facing the walls of racism and sexism The killjoy survival kit and killjoy manifesto with which the book concludes supply practical tools for how to live a feminist life thereby strengthening the ties between the inventive creation of feminist theory and living a life that sustains it

Undoing Monogamy Angela Willey, 2016-04-28 In *Undoing Monogamy* Angela Willey offers a radically interdisciplinary exploration of the concept of monogamy in U S science and culture propelled by queer feminist desires for new modes of conceptualization and new forms of belonging She approaches the politics and materiality of monogamy as intertwined with one another such that disciplinary ways of knowing themselves become an object of critical inquiry Refusing to answer the naturalization of monogamy with a naturalization of nonmonogamy Willey demands a critical reorientation toward the monogamy question in the natural sciences social sciences and humanities The book examines colonial sexual science monogamous voles polyamory and the work of Alison Bechdel and Audre Lorde to show how challenging the lens through which human nature is seen as monogamous or nonmonogamous forces us to reconsider our investments in coupling and in disciplinary notions of biological bodies
