The Letters Of Mrs Gaskell:

The Letters of Mrs. Gaskell Elizabeth Cleghorn Gaskell, 1997 These letters covering such subjects as scarlet fever the Lancashire cotton famine and the American Civil War bring history alive They also throw light on Gaskell's own writings especially her biography of Charlotte Brontë **Further Letters of Mrs. Gaskell** John Chapple, Alan Shelston, 2003 The reputation of Elizabeth Gaskell is undergoing a renaissance as we enter the new millennium The variety of her work and the range of her acquaintance makes her one of the most interesting literary figures of her century This new collection of her letters illustrates the richness and diversity of her involvement in a remarkable range of social and literary activities Out of the 270 letters included in this volume only 40 have been previously published **Letters of Mrs Gaskell's Daughters** Irene Wiltshire, 2012-01-01 The letters of the four Gaskell daughters open a door into the social and cultural lives of a well connected middle class Victorian family Events that impinged on the lives and the letters of these women include the Indian Mutiny the assassination of Lincoln the Franco Prussian War the Boer Wars and Fenian agitation They witnessed the effects in England of the American Civil War and engaged in the religious controversies of the day They take a close interest in the impact of Darwin's discoveries discuss the latest news Ruskin's lectures on Venice the Pre Raphaelites and what it is like to play Beethoven's piano pieces under Sir Charles Halle's tuition They also shed light on the network of Unitarian friends and scholars who undertook the stewardship of Elizabeth Gaskell's writing This richly annotated edition will appeal to anyone interested in Transatlantic relations in Mrs Gaskell in women's networking in Victorian ideas and social life and in the intellectual culture of dissenting circles **Letters to Mrs Gaskell** John Alfred Victor Chapple, 1992 **Letters of Mrs. Gaskell and Charles Eliot Norton, 1855-1865** Elizabeth Cleghorn Gaskell, Charles Eliot Norton, 1973 *Letters of Mrs. Gaskell and Charles Eliot Norton, 1855-1865* Elizabeth Cleghorn Gaskell, Charles Eliot Norton, 1932 *The Letters of Mrs. Gaskell, Edited by J. A. V. Chapple and Arthur Pollard* Elizabeth Gaskell, 1966 **3 letters from Elizabeth Gaskell** Elizabeth Cleghorn Gaskell, 1850 *Letters of Mrs. Gaskell and Charles Eliot Norton, 1855-1865, Edited with an Introd. by Jane Whitehill (1932).* Elizabeth Cleghorn Gaskell, 1973 **Letters from Elizabeth Gaskell, Mostly to Mrs Schwabe** Elizabeth Cleghorn Gaskell, 1852 *The Letters of Charlotte Brontë* Margaret Smith, 2004-01-22 This final volume of Charlotte Brontë's letters covers the period from 1852 when she eventually completed *Villette* to March 1855 when she died at the early age of 38 Published in January 1853 *Villette* reflects experiences and moods conveyed with sharp immediacy in the correspondence of the preceding years In December 1852 one of her most dramatic letters described the crucial event in her private life Arthur Nicholls's proposal of marriage when shaking from head to foot he made her feel what it costs a man to declare affection where he doubts response Mr Brontë's furious opposition to the match was not overcome until 1854 the year of Charlotte's marriage on 29 June In the all too few months before her death she came to love and trust Nicholls her dear boy and her tenderest nurse during her final illness The letters in this volume include on the one hand Charlotte's brief

curt note to George Smith on his engagement to Elizabeth Blakeway and on the other a newly discovered letter describing with cheerful briskness Charlotte's purchase of her own wedding trousseau Complete texts of letters previously published inaccurately or in part provide valuable insight into her other friendships Those to Elizabeth Gaskell in particular have an important bearing on our interpretation and assessment of her Life of Charlotte published early in 1857 and the inclusion of Harriet Martineau's angry comments on the Life Hallucination Friendship was never attained enhances our understanding of Charlotte's break with Martineau after her review of Villette The redating of a letter has shown that the long estrangement between Charlotte and her oldest friend Ellen Nussey caused by Ellen's hostility to the idea of Charlotte's marriage with Nicholls lasted without a break from July 1853 until late February 1854 The volume includes some of the touching notes from Charlotte's bereaved husband and father written in response to condolences on her death Mrs Gaskell's graphic account of her visit to Haworth in 1853 forms one of the appendices others provide the texts of fragmentary letters identify known forgeries and list addenda and corrigenda for volumes 1 and 2

Elizabeth Gaskell Elizabeth Cleghorn Gaskell, J. A. V. Chapple, John Geoffrey Sharps, 1980 John Chapple links the passages of Mrs Gaskell's letters with a commentary to form a biography largely in her own words The story is told chronologically including some newly discovered letters are also devoted to various themes These include her travels her involvement with charities and her life as an author who was also a wife and mother in a period when Victorian society and culture were undergoing major changes

The Location of Experience Adela Pinch, 2024-10-15 We tend to feel that works of fiction give us special access to lived experience But how do novels cultivate that feeling Where exactly does experience reside The Location of Experience argues that paradoxically novels create experience for us not by bringing reality up close but by engineering environments in which we feel constrained from acting By excavating the history of the rise of experience as an important category of Victorian intellectual life this book reveals how experience was surprisingly tied to emotions of remorse and regret for some of the era's great women novelists the Brontës George Eliot Margaret Oliphant and Elizabeth Gaskell It shows how these writers passed ideas about experience and experiences themselves among each other Drawing on intellectual history psychology and moral philosophy The Location of Experience shows that through manipulating the psychological dimensions of fiction's formal features Victorian women novelists produced a philosophical account of experience that rivaled and complemented that of the male philosophers of the period

The Letters of Charlotte Brontë: 1829-1847 Charlotte Brontë, 1995 Despite Charlotte Brontë's entreaty to her lifelong friend Ellen Nussey to burn her correspondence very little seems to have been destroyed and in this fully annotated edition based as far as possible on original manuscripts many confidential and outspoken letters are published in full for the first time As well as Charlotte's own letters from 1829 to 1847 a handful of important letters and diary extracts by her friends and family illuminate the writer's correspondence This volume covers the period from her childhood up to the publication and review of Jane Eyre
