The Letters Of Rudyard Kipling 1920 30 Letters Of Rudyard Kipling:

The Letters of Rudyard Kipling: 1920-30 Rudyard Kipling, 1990 **The Letters of Rudyard Kipling** Rudyard Kipling, 1990 **The Letters of Rudyard Kipling: 1920-30** Rudyard Kipling, 1990 **The Letters of Rudyard Kipling** Rudyard Kipling, 1990 The most popular author of his day and a paradox who was both an assertive British imperialist and a man of sensitivity and wide reading Rudyard Kipling is best remembered now as the author of *The Jungle Book* the *Just So Stories* and *Kim* Fully annotated volumes 5 and 6 conclude the publication of Kipling's letters a heroic effort that began with the publication of volume 1 in 1990 **The Cambridge Companion to Rudyard Kipling** Howard J. Booth, 2011-09 An overview of Kipling's work his career and postcolonial views on his often controversial position on imperialism *In Time's eye* Jan Montefiore, 2016-05-16 Challenging received opinion and breaking new ground in Kipling scholarship these essays on Kipling's attitudes to the First World War to the culture of Edwardian England to homosexuality and to Jewishness bring historical literary critical and postcolonial approaches to this perennially controversial writer The Introduction situates the book in the context of Kipling's changing reputation and of recent Kipling scholarship After the perspectives of Chesterton 1905 Orwell 1942 and Jarrell 1960 newer contributions address Kipling's approach to the Boer war his involvement with World War One his Englishness and the politics of literary quotation Different aspects of Kipling's relation to India are explored including the Mutiny Eastern religions his Indian travel writings and his knowledge of the vernacular This collection whose contributors include Hugh Brogan Dan Jacobson Daniel Karlin and Bryan Cheyette is essential reading for academics and students of Kipling Victorian and Edwardian English literature and cultural history Politics and Awe in Rudyard Kipling's Fiction Peter Havholm, 2016-12-05 There has been a resurgence of interest in Kipling among critics who struggle to reconcile the multiple pleasures offered by his fiction with the controversial political ideas that inform it Peter Havholm takes up the challenge piecing together Kipling's understanding of empire and humanity from evidence in Anglo Indian and Indian newspapers of the 1870s and 1880s and offering a new explanation for Kipling's post 1891 turn to fantasy and stories written to be enjoyed by children By dovetailing detailed contextual knowledge of British India with informed and sensitive close readings of well known works like *The Man Who Would Be King* *Kim* *The Light That Failed* and *They* Havholm offers a fresh reading of Kipling's early and late stories that acknowledges Kipling's achievement as a writer and illuminates the seductive allure of the imperialist fantasy Commemorative Modernisms Alice Kelly, 2020-07-06 One of the key questions of modern literature was the problem of what to do with the war dead Through a series of case studies focusing on nurse narratives Edith Wharton Katherine Mansfield H D and Virginia Woolf as well as visual and material culture this book provides the first sustained study of women's literary representations of death and the culture of war commemoration that underlie British and American literary modernism **Fashioning the Canadian Landscape** John Irvine Little, 2018-04-13 Interpretations of Canada's emerging identity have been largely based on a relatively small corpus of literary writing and landscape paintings

overlooking the influence of the British and American travel writers who published hundreds of books and articles that did much to fix the image of Canada in the popular imagination In *Fashioning the Canadian Landscape* J I Little examines how Canada much like the United States came to be identified with its natural landscape Little argues that in contrast to the American identification with the wilderness sublime however Canada's image was strongly influenced by the picturesque convention favoured by British travel writers This amply illustrated volume includes chapters ranging from Labrador to British Columbia some of which focus on such notable British authors as Rupert Brooke and Rudyard Kipling and others on talented American writers such as Charles Dudley Warner Based not only on the views of the landscape but on the racist descriptions of the Indigenous peoples and the romanticization of the Canadian folk Little argues that the national image that emerged was colonialist as well as colonial in nature

Churchill's Empire Richard Toye, 2010-08-03 This superb unsettling new history examines how the man who stood for freedom in WWII staunchly promoted Imperialism across the globe Johan Hari The New York Times Book Review A charmer and a bully Winston Churchill was driven by a belief that the English were a superior race whose goals went beyond individual interests to offer an enduring good to the entire world No better example exists than Churchill's resolve to stand alone against a more powerful Hitler in 1940 while the world's democracies fell to their knees But there is also the Churchill who frequently inveighed against human rights nationalism and constitutional progress the imperialist who could celebrate racism and believed India was unsuited to democracy Drawing on newly released documents and an uncanny ability to separate the facts from the overblown reputation by mid career Churchill had become a global brand Richard Toye provides the first comprehensive analysis of Churchill's relationship with the empire Instead of branding Churchill as a simple hero or villain of history Toye demonstrates how the statesman evolved over time He challenges the reader to understand Churchill's need to reconcile the demands of conscience with those of political conformity
