Devastation Mark Levene, 2013-12-13 From the years leading up to the First World War to the aftermath of the Second Europe experienced an era of genocide As well as the Holocaust this period also witnessed the Armenian genocide in 1915 mass killings in Bolshevik and Stalinist Russia and a host of further ethnic cleansings in Anatolia the Balkans and Eastern Europe *Crisis of Genocide* seeks to integrate these genocidal events into a single coherent history Over two volumes Mark Levene demonstrates how the relationship between geography nation and power came to play a key role in the emergence of genocide in a collapsed or collapsing European imperial zone the Rimlands and how the continuing geopolitical contest for control of these Eastern European or near European regions destabilised relationships between diverse and multifaceted ethnic communities who traditionally had lived side by side An emergent pattern of toxicity can also be seen in the struggles for regional dominance as pursued by post imperial states nation states and would be states Volume I *Devastation* covers the

Bolshevism and the British Left: The Webbs and Soviet communism Kevin Morgan, 2006 This is the second book in Kevin Morgan's series Bolshevism and the British Left It explores how the veteran Fabian socialists Beatrice and Sidney Webb came to regard Stalin's Russia as a new civilisation and the hope of the world Through a meticulous reconstruction of the Webbs' thinking Morgan offers a challenging reassessment of accepted stereotypes Drawing on their diaries, papers and published writings he assesses the couple's complex political evolution over some four decades and shows how much more significant were their individual responses than the cliché of two typewriters beating as one would suggest While Sidney upheld the statist and technocratic perspectives synonymous with Webbism Beatrice also contributed concerns with associationism and the search for a higher social morality Their love affair with Soviet communism which seemed to represent both synthesis and transcendence of these different strands of their thought was far less idiosyncratic than is sometimes thought Here it is discussed in a broader context and the paradox that emerges is that across the European left it was often precisely those who had previously been most suspicious of state socialism who subsequently proved most susceptible to its Soviet apotheosis Kevin Morgan is Professor of Politics and Contemporary History at the University of Manchester He is the author of Harry Pollitt Manchester University Press 1993 and co-author of Communists in British Society 1920-1991 Rivers Oram Press 2005 The Webbs and Soviet Communism is the Part 2 in a three-volume series Bolshevism and the British Left which examines attitudes to Soviet Russia as a way of opening up broader questions about the character of the British left between the 1890s and the 1940s Part 1 is Labour Legends Russian Gold Part 3 is due to be published in 2012
