The Library Of Eusebius Of Caesarea Supplements To Vigiliae Christianae V 67:

The Library of Eusebius of Caesarea Andrew James Carriker, 2003-11-01 This volume reconstructs the contents of the library in Roman Palestine of Eusebius of Caesarea ca 265 339 by examining Eusebius major works the Ecclesiastical History Chronicon Preparation for the Gospel and Life of Constantine After surveying the history of the library from its origins as an ecclesiastical archive and its true foundation by Origen of Alexandria to its disappearance in the seventh century it discusses how Eusebius used his sources and then examines what specific works were available in the library in chapters devoted to philosophical works poetry and rhetoric histories Jewish and Christian works and contemporary documents The book ends with a useful list of the contents of the library *More Than a Memory* Johan Leemans, 2005 Throughout its history persecutions and martyrdom have been Christianity s faithful companions Remarkably enough Christians have always valued martyrdom in a positive way This positive evaluation of martyrdom most certainly has to do with the absolute uncompromising nature of it The martyrs lives and deaths represent the most uncompromising of answers to the divine call The focus of the contributions in this volume is not in the first place on reconstructing the historical events of the martyr s life and death wie es eigentlich gewesen ist but on the discourse generated by this event as mediated in texts More than a Memory aims to explore the reciprocal relationship between this discourse of martyrdom and the construction of Christian identity It will do so by presenting a number of test cases in which this dynamic can be seen at work They will lead the reader through the entire history of Christianity starting with the Martyrdom of Lyons and Vienne in the second century and ending in the Latin America of the 1960 s Each article will present a test case of discourse analysis attempting to explore the issue of how a document or coherent group of documents contributed to create a distinct Christian identity Taken together the essays provide an array of examples of how martyrdom impinged on the way Christian identity has been negotiated in the Christian past In doing this the volume at the same time illustrates the sheer importance of martyrdom and the reflection and writing about it throughout the history of Christianity until today **American Book Publishing Record** ,2003 **Naming and Mapping the Gods in the Ancient Mediterranean** Thomas Galoppin, Elodie Guillon, Max Luaces, Asuman Lätzer-Lasar, Sylvain Lebreton, Fabio Porzia, Jörg Rüpke, Emiliano Rubens Urciuoli, Corinne Bonnet, 2022-12-31 Ancient religions are definitely complex systems of gods which resist our understanding Divine names provide fundamental keys to gain access to the multiples ways gods were conceived characterized and organized Among the names given to the gods many of them refer to spaces cities landscapes sanctuaries houses cosmic elements They reflect mental maps which need to be explored in order to gain new knowledge on both the structure of the pantheons and the human agency in the cultic dimension By considering the intersection between naming and mapping this book opens up new perspectives on how tradition and innovation appropriation and creation play a role in the making of polytheistic and monotheistic religions Far from being confined to sanctuaries in fact gods dwell in human environments in multiple ways They move into imaginary

spaces and explore the cosmos By proposing a new and interdisciplinary angle of approach which involves texts images spatial and archaeological data this book sheds light on ritual practices and representations of gods in the whole Mediterranean from Italy to Mesopotamia from Greece to North Africa and Egypt Names and spaces enable to better define differentiate and connect gods

Eusebius von Cäsarea als Häreseograph Meike Willing, 2008-08-27 In seiner Kirchengeschichte vom Beginn des 4. Jhs skizziert Eusebius von Cäsarea ca. 260 ca. 340 erstmals umfassend die Geschichte der Christenheit von ihren Anfängen bis in seine eigene Zeit Breiten Raum nimmt dabei die Darstellung des Kampfes gegen aufkeimende Hresien ein Für sein Werk greift Eusebius auf älteste Quellen zurück die uns heute z.T. nur noch aus seiner *historia ecclesiastica* bekannt sind Die vorliegende Untersuchung analysiert in ihrem ersten Teil minutiös die 26 Hresiedarstellungen in Eusebius Kirchengeschichte Großer Wert wird dabei auf die formalen und inhaltlichen Rezeptionskriterien Eusebius sowie seinen redaktionellen Umgang mit Quellentexten und Traditionen gelegt Es wird gezeigt wie Eusebius seine Quellen auswählt abgrenzt und für seine Konzeption nutzbar macht Der zweite Teil der Arbeit stellt die eusebianische Häreseographie systematisch dar und beschreibt deren Funktion innerhalb seiner Kirchengeschichtsschreibung Vor dem Hintergrund der antiken Historiographie sowie der altkirchlichen Häreseologie werden die Besonderheiten der eusebianischen Vorgehensweise betrachtet und abschließend in ihrer Eigenständigkeit gewürdigt

Divining Gospel Jeff W. Childers, 2020-03-23 Ancient manuscripts of John's Gospel containing hermeneiai have long puzzled scholars provoking debate about their origins purpose and use The fragmentary nature of the early evidence has impeded progress towards a better understanding of these specialized books The present study shows that these books are Divining Gospels editions of John's Gospel incorporating lot divination materials for use in fortune telling The study centers on material presented here for the first time the text and translation of a unique sixth century Syriac manuscript the earliest and most complete example of a hermeneia Gospel An analysis of the Syriac along with evidence from Greek Coptic Latin and Armenian versions show they all preserve vestiges of the same apparatus disseminated widely at an early time throughout many different Christian communities These books must be situated squarely within the development of divinatory practices in early and late antique Christianity However they represent a true hermeneutic a method by which interpreters brought the potency of the Bible to bear on the everyday concerns of people who consulted them for help Furthermore the Divining Gospel draws on the special aura that John's Gospel held in the Christian imagination both as text and as textual object An analysis of the interplay between the biblical text and sacred codex the oracles the ritual practitioner and the client enrich our appreciation of this distinctive hermeneutic Contextualizing these materials in popular use illuminates the fraught relationships between the ecclesial establishment ritual experts operating on the margins of orthodox respectability and lay clients seeking knowledge and help
