The Lieder Of Schumann

Beate Julia Perrey

The Lieder Of Schumann:

The Lieder of Schumann Stephen Walsh, 1971 Robert Schumann is one of the supreme composers of Lieder As Stephen Walsh points out perhaps no composer has had such an ability to sense the underlying qualities of a poem and reproduce them in music The Lieder of Robert Schumann traces the development of all the great Schumann songs with particular emphasis on the composer's unique contribution to the German Lied The opening chapter discusses Schumann's literary inclinations his early attempts to compose for the voice and the circumstances that turned him to song writing after a decade of composing almost solely for the piano The major portion of the book centers on Schumann's burst of creative energy in 1840 when he composed at least 126 songs After a detailed discussion of Myrten the collection of songs based on poems by Goethe Burns Heine and Moore and the Heine Liederkreis both representative of Schumann's first phase of song writing the Eichendorff Liederkreis the Dichterliebe the Chamisso cycle and other works composed up to 1840 are examined The book then turns to the Wilhelm Meister songs and the others of 1849-50 and Schumann's last songs from the Elisabeth Kulmann cycle to the Gedichte Knigin Maria Stuart To conclude Schumann's achievements as a song writer are evaluated in terms of his choice of poets use of form melodic and harmonic idiom and word treatments The author notes that although the quality of Schumann's songs is uneven there remains a substantial area of often inspired music which holds out real rewards to the singer and listener Dust jacket Robert Schumann Jon W. Finson, 2007 Arguably no other 19th century German composer was as literate or as finely attuned to setting verse as Robert Schumann Finson challenges assumptions about Schumann's Lieder engaging traditionally held interpretations Arranged in part thematically rather than by strict compositional chronology this book speaks to the heart of Schumann's music

The Songs of Robert Schumann Eric Sams, 2011-10-06 Eric Sams study of Schumann's 246 songs Faber 1961 revised 1993 a companion volume to his The Songs of Hugo Wolf also available in Faber Finds remains a classic text By providing a translation commentary and notes for each of the songs tracing original sources and relating recurring themes vividly to Schumann's life Sams provides a unique documentary of Schumann's song writing art The book includes a foreword to the First Edition by the legendary accompanist Gerald Moore who writes So felicitous is the writing that one is hardly conscious of the erudition and profound thought that have gone into the making of it Eric Sams has produced a work that will be read and read again as long as Robert Schumann's songs are loved

Singing Schumann Richard Miller, 2005-04-28 To restrict performance of the Schumann Lieder to the familiar forty is to deprive the singer and pianist of a major reservoir of superior song Thus Singing Schumann not only takes an in depth look at the widely performed middle and late Lieder it also fully reconsiders the early songs Offering the same readability and informed insights in this volume that distinguished his acclaimed On the Art of Singing OUP 1996 Miller presents a practical manual to help singers and pianists bring Robert Schumann's Lieder to life in performance He also provides cogent suggestions for interpretation of all of Schumann's solo and duet songs useful pointers that are grounded in a thorough

understanding of Schumann's compositional style and its full historical background Narrative and Robert Schumann's Songs Andrew H. Weaver, 2024 Featuring 28 music examples this book takes an innovative approach to analyzing and interpreting nineteenth century German song offering new perspectives on Robert Schumann's Lieder and song cycles Robert Schumann's Lieder are among the richest and most complex songs in the repertoire and have long raised questions and stimulated discussion among scholars performers and listeners Among the wide range of methodologies that have been used to understand and interpret his songs one that has been conspicuously absent is an approach based on narratology the theory and study of narrative texts Proceeding from the premise that the performance of a Lied is a narrative act in which the singer and pianist together function as a narrator Andrew Weaver's groundbreaking study proposes a comprehensive theory of narratology for the German Romantic Lied and song cycle using Schumann's complete song oeuvre as the test case The theory grounded in the work of narratologist Mieke Bal but also drawing upon recent work in literary theory and musicology illuminates how music can open up new meanings for the poem as well as how a narratological analysis of the poem can help us understand the music Weaver's book offers new insights into Schumann's Lieder and the poetry he set while simultaneously proposing a methodology applicable to the analysis and interpretation of a wide range of works including not only the rich treasury of German Lieder but also potentially any genre of accompanied song in any language from the Middle Ages to the present day *German Lieder in the Nineteenth Century* Rufus Hallmark, 2009-09-10 German Lieder in the Nineteenth Century provides a detailed introduction to the German lied Beginning with its origin in the literary and musical culture of Germany in the nineteenth century the book covers individual composers including Schubert Schumann Brahms Strauss Mahler and Wolf the literary sources of lieder the historical and conceptual issues of song cycles and issues of musical technique and style in performance practice Written by eminent music scholars in the field each chapter includes detailed musical examples and analysis The second edition has been revised and updated to include the most recent research of each composer and additional musical examples *Schumann's Eichendorff Liederkreis and the Genre of the Romantic Cycle* David Ferris, 2000-11-30 This new study draws on analysis literary criticism and source studies to propose a new conception of the nineteenth century romantic cycle Rather than a unified whole the cycle is seen as a fragmentary and open ended form which enables Schumann to express the romantic themes of transcendence and ineffability in musical terms

Topical Index to the Lieder of Robert Schumann Nathan Wight, 2003 **The Songs of Clara Schumann** Stephen Rodgers, 2023-04-06 Explores the distinctive musical and poetic features of Clara Schumann's songwriting and her central contribution to the art song genre **The Cambridge Companion to the Lied** James Parsons, 2004-07 Beginning several generations before Schubert the Lied first appears as domestic entertainment In the century that follows it becomes one of the primary modes of music making By the time German song comes to its presumed conclusion with Richard Strauss's 1948 *Vier letzte Lieder* this rich repertoire has moved beyond the home and keyboard accompaniment to the symphony hall This is

a 2004 introductory chronicle of this fascinating genre In essays by eminent scholars this Companion places the Lied in its full context at once musical literary and cultural with chapters devoted to focal composers as well as important issues such as the way in which the Lied influenced other musical genres its use as a musical commodity and issues of performance The volume is framed by a detailed chronology of German music and poetry from the late 1730s to the present and also contains a comprehensive bibliography

The Transformation of Folk Elements in the Lieder of Robert Schumann Mary Catherine Bellamy, 1969

The Nineteenth-Century German Lied Lorraine Gorrell, 2005-11-01 The development of the piano together with changes in culture and society led to the transformation of song into a major musical genre This study of the great lieder of 19th century composers Schubert Schumann Brahms and Hugo Wolf also includes lesser known composers such as Louis Spohr and Robert Franz plus significant contributions from women composers and performers

German Lieder in the Nineteenth Century Rufus Hallmark, 2009-09-10 German Lieder in the Nineteenth Century provides a detailed introduction to the German lied Beginning with its origin in the literary and musical culture of Germany in the nineteenth century the book covers individual composers including Schubert Schumann Brahms Strauss Mahler and Wolf the literary sources of lieder the historical and conceptual issues of song cycles and issues of musical technique and style in performance practice Written by eminent music scholars in the field each chapter includes detailed musical examples and analysis The second edition has been revised and updated to include the most recent research of each composer and additional musical examples

Schumann's Late Style Laura Tunbridge, 2007-10-18 A study of Schumann's little known music from the 1850s and its relationship to his biography

Art Song Carol Kimball, 2013-05-01 Book Art Song Linking Poetry and Music is a follow up to author Carol Kimball's bestselling *Song A Guide to Art Song Style and Literature* Rather than a general survey of art song literature the new book clearly and insightfully defines the fundamental characteristics of art song and the integral relationship between lyric poetry and its musical settings Topics covered include poetry basics for singers exercises for singers in working with poetry insights into composers musical settings of poetry building recital programs performance suggestions and recommended literature for college and university classical voice majors The three appendices address further aspects of poetry guidelines for creating a recital program and representative classical voice recitals of various descriptions Art Song Linking Poetry and Music is extremely useful as an unofficial text for college university vocal literature classes as an excellent resource for singers and voice teachers and of interest to all those who are fascinated by the rich legacy of the art song genre

Schumann's Piano Cycles and the Novels of Jean Paul Erika Reiman, 2004 A study on the influence which the German novelist Jean Paul Friedrich Richter had upon Robert Schumann's music Robert Schumann frequently expressed his deep admiration for the novels of Jean Paul Friedrich Richter the late eighteenth century German novelist essayist and satirist Schumann imitated Jean Paul's prose style in his own fiction and music criticism and said once that he learned more counterpoint from Jean Paul than from my music teacher Drawing on the

recent groundbreaking work in musicological literary analysis of scholars such as Anthony Newcomb John Daverio and Lawrence Kramer Erika Reiman embarks on a comparative study of Jean Paul's five major novels and Schumann's piano cycles of the 1830s many of which are staples in the repertoire of concert pianists today The present study begins with a thorough review of Jean Paul's literary style emphasizing the digressions intertextuality self reflexivity and otherworldliness that distinguish it The similarly digressive style that Schumann developed is then examined in his earliest works including the enduring and highly original *Carnaval* 1835 and in cycles of the later 1830s notably *David's Birthday* and *Faschingsschwank aus Wien* Finally an analysis of three one movement works from 1838-39 reveals links with Jean Paul's exploration of the idyll an ancient genre that had experienced an eighteenth century revival Throughout the author attempts to keep in mind the actual sound and performed experience of the works and suggests ways in which an awareness of Jean Paul's style might change the performance and hearing of the cycles Erika Reiman received her Ph.D. in Musicology from the University of Toronto 1999 and has taught at Brock University Wilfrid Laurier University the University of Guelph and the University of Toronto she is also active as a pianist and chamber musician

The Lied at the Crossroads of Performance and Musicology

Benjamin Binder, Jennifer Ronyak, 2024-02-15 Making productive connections between musicology and Lied performance this ground breaking volume offers new routes of interpretative artistry and intellectual discovery

Schumann's

Dichterliebe and Early Romantic Poetics Beate Julia Perrey, 2002 This book offers a theory of Romantic song by re-evaluating Schumann's *Dichterliebe* of 1840 one of the most enigmatic works of the repertoire It investigates the poetics of Early Romanticism in order to understand the mysterious magnetism and singular imaginative energy that imbues Schumann's musical language The Romantics rejected the ideal of a coherent and organic whole and cherished the suggestive openness of the Romantic fragment the disconcerting tone of Romantic irony and the endlessness of Romantic reflection thereby realizing an aesthetic of fragmentation Close readings of many songs from *Dichterliebe* show the singer's intense involvement with the piano's voice suggesting a split Self and the presence of the Other Seeing Schumann as the second poet of the poem here of Heine's famous *Lyrisches Intermezzo* this book considers essential issues of musicological poetic intertextuality introducing into musicology a hermeneutic that seeks to synthesize philosophical literary critical music analytical and psychoanalytical modes of thought

All Music Guide to Classical Music

Chris Woodstra, Gerald Brennan, Allen Schrott, 2005-09 Offering comprehensive coverage of classical music this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers as well as twenty three essays on forms eras and genres of classical music Original

Of Poetry and Song Ann Clark Fehn, 2010 This is an anthology of interdisciplinary studies of text music relations in the German Lied The chapters were written by two musicologists and two literature specialists An extensive introduction also considers the fruitful ways in which the four authors meet the challenge of combining literary and musical analysis

When somebody should go to the book stores, search establishment by shop, shelf by shelf, it is in reality problematic. This is why we present the ebook compilations in this website. It will utterly ease you to look guide **The Lieder Of Schumann** as you such as.

The Lieder Of Schumann Introduction

In today's digital age, the availability of The Lieder Of Schumann books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Lieder Of Schumann books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Lieder Of Schumann books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Lieder Of Schumann versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Lieder Of Schumann books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Lieder Of Schumann books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Lieder Of Schumann books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Lieder Of Schumann books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Lieder Of Schumann books and manuals for download and embark on your journey of knowledge?

FAQs About The Lieder Of Schumann Books

What is a The Lieder Of Schumann PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Lieder Of Schumann PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Lieder Of Schumann PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Lieder Of Schumann PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Lieder Of Schumann PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers

PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
