Cushing, 1940 Medicine in Quotations Edward J. Huth, T. J. Murray, 2006 Who was the first to write about a certain disease diagnose it and treat it This book answers those questions for a wide range of diseases from Abetalipoproteinemia to Zollinger Ellison syndrome What were the medical practitioners of previous generations hoping to achieve What were their patients expecting of them The answers are found in these quotations Containing over 3 000 entries

and now updated with more than 450 new quotations this new edition of *Medicine in Quotations* is the most comprehensive collection of its type published in over 30 years It is much more than a random collection of famous sayings relating to sickness and health disease and treatment it is a portrait of medicine throughout recorded history You will discover how medical concepts and practices have developed and shifted through the millennia and how many illnesses recognized today were first identified a thousand or more years ago Quotations are organized by topic and each is fully referenced allowing curious readers to return to the original source Subject and author indices make it easy to find quotations of interest *Medicine in Quotations* is an invaluable resource for writers speakers and all those interested in the history of medicine

Guardians of Medical Knowledge Jennifer Connor, 2000 Jennifer Connor explores the worldview of leaders in American medicine with respect to medical literature history libraries and librarianship Tracing the first fifty years of the Medical Library Association MLA from its conception as a resource for libraries to its post World War II role as a national professional organization this thorough study portrays the genesis of the MLA through analysis of its origins its dominant medical culture and its intricate network of physician leaders

Profession of Conscience Robert H. Sprinkle, 1994-10-31 What happens to a profession that loses the memory of its moral independence And what happens then to those reliant on its honor its advocacy its initiative In an era of biotechnological adventure medical audacity ecological disruption fiscal strain and financial temptation these are urgent questions for all life scientists and for all they serve *Profession of Conscience* is an exposition analysis and application of a political ethical tradition in of and for the life sciences from molecular genetics to clinical medicine to environmental biology The goal is avoidance of the fate of physics the previous super science whose technological transformations several generations ago so enhanced its political and economic value to governments societies and corporations that it lost control of its own conduct *Profession of Conscience* discovers within the life sciences a long evolving profession specific standard for political action and activism tracing it from conception in Hellenic and Roman imperial times through birth and baptism in the Scientific Revolution then through a na vely optimistic adolescence in the nineteenth and early twentieth centuries and finally into a self conscious maturity solemnized at the Nuremberg Trials but tested ever more subtly since even down to the present day The protagonist is a set of ideas The product is life sciences liberalism

Literatim Howard Markel, 2020 In 1959 shortly before his death and while reflecting over his roller coaster career as a Hollywood film director Preston Sturges who I write about more fully later in this book remarked the only amazing thing about my career is that I ever had one at all 1 The same might be said about my career as a physician and historian of medicine As a young boy some of my best companions were the characters I met on the pages of novels stories theatrical scripts and screenplays Fascinated by human stories contradictions both moral and physical and worlds so vastly different from my middle class suburban Detroit upbringing I was inspired to I try my hand at writing some of my own tales In my teens I was an active participant in my high school s theatre program thankfully in an era when taxpayers still

supported the arts as a critical part of the public school curriculum and wrote a series of incredibly bad plays Soon enough I was confronted by the decidedly difficult time I had in coming up with believable plots a serious handicap for any budding fabulist **The Apollonian** ,1928 *The Great Physician. A Short Life of Sir William Osler. [With Plates, Including Portraits.]*. Edith Gittings REID,1931 The Life of Sir William Osler Harvey Cushing,1925 **Urolithiasis** Michael E.
