is found dead in her apartment Along with her two sisters and other Lane residents she had been seeing red over a real estate developer s plan to gentrify their neighborhood Six months after Meredith s death a second sister is murdered Are they victims of money hungry developers or were they killed for the politics of another age And why would David Brock a notorious curmudgeon assign himself to help Kathy on a relatively small case As Kathy and Brock delve into the Lane s eccentric melting pot they find unknown letters from Marx to Engels a possible fourth volume of Das Kapital a long list of suspects ranging from Meredith s shady son to a Princeton professor and a Polish veteran of World War II and a plot to make Kathy s first case her last Skyhorse Publishing as well as our Arcade Yucca and Good Books imprints are proud to publish a broad range of books for readers interested in fiction novels novellas political and medical thrillers comedy satire historical fiction romance erotic and love stories mystery classic literature folklore and mythology literary classics including Shakespeare Dumas Wilde Cather and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

Mystery Women, Volume Three (Revised) Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and

escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 **Babel** Barry Maitland,2003 Scotland Yard s brilliant crime solving duo Kathy Kolla and David Brock take on an unsettling new case that touches on the timeliest of issues Arab Fundamentalism genetic engineering and murder *Bowker's Guide to Characters in Fiction 2007* ,2008-02
