Koreans I can only say that my object is not to make out a case either for or against the Japanese I have simply tried to set forth the facts without conscious effort to manipulate them for any partisan end Arthur Judson Brown About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Public Theology in Korea? Minseok Kim, 2021 Public Theology is one of the most important topics in the field of theology across the world but not in Korea There are several historical and theological reasons for this indifference of Korean Reformed Christianity as the mainstream in Korea In order to dispel doubts of Korean Reformed Christianity to the public theological approaches it is necessary to demonstrate a coherence between some characteristics of public theology and Reformed theology This study analyses and utilises the six characteristics of public theology presented by Heinrich Bedford-Strohm as a lens to engage aspects of John Calvin's theology and the period of the Reformation in Geneva Based on this work the author re-examines the history of Korean Christianity with a public theological point of view and asserts the justification for Korean Reformed Christianity to actively embrace public theological approaches **A Theology of Hope** Sang Yun Lee, 2019-01-03 Lee advocates a theology of hope essentially different from the Moltmann version on which the idea is developed Lee shows how Cho's message particularly in its promise of a saved healthy happy and prosperous life the Threefold Blessing was the antidote to the events that had ravaged the Korean peninsula in the 1950s At the same time Asian Pentecostal scholars might also need a greater appreciation for both the diversity and richness of their cultural and religious past They have found both culturally and biblically acceptable alternatives to and adaptations from the practices of their ancient religions and are seeking to provide answers to the needs of their own context Allan H Anderson University of Birmingham England From the Foreword
