The Retreat from Moscow Adrien-Jean-Baptiste-François Bourgogne,1985 *Memoirs of Sergeant Bourgogne: 1812-1813* Adrien Bourgogne,2016-12-06 In June 1812 Napoleon s 680 000 strong Grande Arm e crossed the Neman River and invaded Russia When the remnants of Napoleon s army returned over the Berezina River in November only 27 000 effective soldiers remained Adrien Bourgogne s Memoirs is one of the most vivid and moving accounts of this dramatic turning point in the Napoleonic Wars Bourgogne had been in the Napoleonic Army since the campaign of 1806 in Poland He had taken part in the Battle of Essling and had fought in Germany Austria Spain and Portugal But none of this could prepare him for the campaign of 1812 The memoir begins with the long travel from Portugal to Moscow where the French were able to defeat the Russian armies in small battles and take the city But this victory soon became a nightmare as supplies ran short and winter descended onto the Grande Arm e Without being able strike a decisive blow against the Russians Napoleon was forced to retreat across the barren snow covered lands of western Russia Bourgogne s account of this agonising journey back towards France truly captures the horrific experience of the troops As their rearguard was constantly harassed by Cossacks the French stumbled across the landscape Some died from hunger others from merely sleeping on the ground and freezing to death Bourgogne s Memoir is an extremely personal account of this time as he details how he and his comrades did absolutely anything to survive These proud troops of France who had defeated every army they faced were reduced to killing their horses stealing pillaging and begging But throughout they never lost faith in their leader Napoleon The Memoirs of Sergeant Bourgogne are essential reading for anyone interested in the Napoleonic Wars and Napoleon s failed invasion of Russia These memoirs were written during his months of captivity After his life in the army he worked as a draper before re enlisting in the army in 1830 and receiving the Legion of Honor in 1831 In 1853 Adrien Bourgogne retired and completed his memoirs entitled Memoirs of Sergeant Bourgogne appearing in the New Retrospective Review He died in 1867 This edition was compiled and translated by Paul Cottin in 1899 Cottin died in 1932 **Memoirs of Sergeant Bourgogne**

(1812-1813) John Fortescue,2007-03 PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the

readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is depend ent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing
