Prophets + Mental Health D'Andrea Bolden, 2017-11 **Prophets + Mental Health** D'Andrea Bolden, 2017-11 Most of the time it is hard for people to recognize mentally ill prophets Prophets by nature are odd loners spontaneous and can be inspired by their environment Because they are extremely different and unique by nature many prophets go unquestioned regardless of bizarre and erratic behavior Many prophets have learned how to mask and even conceal the signs of mental health issues by magnifying their spiritual gifts and validating themselves through prophetic accuracy The culture of the modern church has created an environment where bound unstable and broken prophets can flourish But the Lord desires to bring clarity integrity and intimacy back to the ministry of the prophet This can only be accomplished by recognizing the issues common bondage pitfalls and areas of ambiguity as it relates to prophetic ministry Readers Will Learn About How demons operate Mental Illness God s purpose for the prophetic God s process for His prophets The dangers of wounded prophets And much more Six Major Prophets Edwin E. Slosson, 2019-12-11 In Six Major Prophets Edwin E Slosson intricately examines the lives and teachings of six seminal figures in prophetic literature including Isaiah Jeremiah Ezekiel and others weaving their historical contexts into a comprehensive narrative Slosson s accessible yet erudite prose combines a scholarly examination of biblical texts with engaging interpretations promoting a deeper understanding of the socio political landscapes that shaped these prophets messages This work fits into the broader canon of religious literature that seeks to bridge the ancient and the modern inviting reflection on the ethical implications of prophetic calls to action Edwin E Slosson an acclaimed American author and public intellectual of the early 20th century brought his rich background in literature and philosophy to the study of religion An advocate for progressive thought Slosson s approach to the prophetic tradition reflects his commitment to social justice and the transformative power of faith in contemporary society His insightful analysis often stems from his experiences in the rapidly changing landscape of early 20th century America where spiritual and moral dilemmas were frequent Six Major Prophets is a vital read for scholars students and anyone interested in the intersection of literature religion and history Slosson s thoughtful reflections encourage readers to not only comprehend the biblical text but also consider its relevance to contemporary moral issues making it an indispensable addition to any theological library **Old Testament Prophets** W. A. C. Allen, 1919 **Enemies and Friends of the State** Chris A. Rollston, 2017 **Prophecy and the Prophets of the Old Testament** John F. A. Sawyer, John Frederick Adam Sawyer, 1987

Taking a refreshingly original approach to a familiar topic this authoritative study examines the Biblical prophets and Jewish and Christian interpretations of prophecy Beginning with a broad discussion of the phenomena of prophecy and the prophetic literature Sawyer explores the work of Old Testament prophets ranging from Moses to Huldah and Daniel to Malachi In marked contrast to other studies he pays particular attention to legends about the prophets both canonical and apocryphal many of which have been considerably more influential in the history of Western civilization than the prophets original words He concludes with a chapter on Jewish Christian and Muslim interpretation and the matter of the fulfillment of prophecy
