Mühlbach,2015-10-12 Mrs M hlbach evidently does not aim to teach history through the medium of fiction She simply uses the material that it places ready to her hand because it is available and also for the reason that to some readers tales ostensibly founded upon fact are more entertaining than those which are purely fictitious There is however quite enough of accuracy in her delineations to give her works decided value as pictures of the periods in which their scenes are respectively laid and she moreover writes with a vigor so decidedly masculine that numerous critics have made the very natural mistake of supposing the writer to be a man a delusion which she apparently aims to foster by announcing herself simply as L M hlbach upon the title page of her works The New York Daily Times As soon as the contents of this book are known its circulation will far exceed that of the most popular novel of the season London Reader There is not a dull chapter in it The interest of the reader is well maintained from the beginning to the close and we know of no book of similar characters which would while away an afternoon more pleasantly Utica Herald The Merchant of Berlin L.
